

Dear Parent/Guardian:

Thank you for your interest in the Early Kindergarten Entrance Option for your child. Cologne Academy offers an early entrance option for children who will turn 5 years old between September 2 and October 31. According to School Board Policy 607, a student may be considered for early kindergarten entrance if the following can be clearly demonstrated:

- a high level of academic achievement in all areas of the curriculum,
- intellectual ability two standard deviations above average (IQ score at least 130),
- social and emotional maturity, and a
- high degree of persistence.

To meet these policy requirements, the district has established an Early Kindergarten Entrance Evaluation process for all early entrance candidates. On average, only one or two children are accepted per year for early entrance at Cologne Academy.

The evaluation consists of two stages of assessment.

1. In the first stage, the family contacts Cologne Academy's Principal, in writing, to request early admission for their child.
 - a. The parents must have completed an early childhood screening and provide documentation and results to the school in their written request.
2. Next, the child is interviewed by a Cologne Academy kindergarten teacher for academic and social emotional screening.

If children meet the screening criteria in the first stage, they are recommended to move to the second stage of the evaluation.

3. In the second stage, children are to be administered an individual intelligence test by an outside licensed school psychologist at no cost to Cologne Academy. After all the information is collected from both stages of the assessment, a decision on early kindergarten entrance is made by the district Early Kindergarten Entrance Evaluation Team (Kindergarten teacher, school psychologist, school's principal, and director).

To apply for the Early Kindergarten Entrance Option for the upcoming school year, please complete all three pages of the application form. In addition, applicants will be subject to all open enrollment policy and procedure. Please see open enrollment information. Note, the law requires charter schools to give certain students priority, before accepting others by lot. These include:

1. Siblings of an enrolled pupil and foster children of that pupil's parents.
2. Cologne Academy staff's children
3. All others

If you have questions regarding this evaluation process, please feel free to contact Mrs. Mase, Lower School Principal, at mmasecologneacademy.org or 952 466-2276.

Sincerely,

Dr. Lynn Peterson
Executive Director
