MONTGOMERY COUNTY BOARD OF EDUCATION MINUTES

November 4, 2024

The Montgomery County Board of Education convened in a regular monthly meeting on Monday, November 4, 2024, at 6:30 pm in the Montgomery County Schools Boardroom. Board members present were Steve W. DeBerry – Chair, Anne Evans - Vice Chair, Angela Smith, Lynn Epps, Tommy Blake, Bryan Dozier and Cindy Taylor.

Chairman Steve DeBerry called the meeting to order. Mr. DeBerry moved to adopt the agenda as submitted. Bryan Dozier made the motion with Lynn Epps seconding. The agenda was accepted with unanimous approval from the board.

Chairman Steve DeBerry shared an opening devotional with a reading from Romans 1:12, "When we get together, I want to encourage you in your faith, but I also want to be encouraged by yours." Most of the time we do not need many spoken words to push us in the right direction. It only takes a few positive sentiments to quickly shake us out of apathy or pessimism. Encouragement is necessary in daily living by both giving and receiving. What can you do to encourage someone today?

Troy Elementary School students Emma Blake and Avelardo Torres led the Pledge of Allegiance to the flag of the United States of America.

Chairman DeBerry then called upon an individual that signed up to speak during the public comments section. Ms. Judy Stevens, accompanied by Mr. James Spivey, wanted to thank Mr. DeBerry for his service on the Board of Education. Ms. Stevens stated that in the past they had all served together on the Board of Education. She stated that she was nominated by former board chair, Howard Dorsett, who served as the chairman for twenty-one years. She accepted the nomination and served as board chair from 1981-1988. Mr. DeBerry has served on the board for forty years, with thirty-six as chairman and that is a great accomplishment. I know that you have sacrificed a lot of your time and your family's time, and we do greatly appreciate it. Ms. Stevens stated that when she came off the school board in 1988, current board member Tommy Blake presented her with a plaque. She stated that she would like to present Mr. DeBerry with the same plaque which reads, "Don't ask me, I'm off the school board" Ex School Board Member, Steve DeBerry, Montgomery County Schools Board of Education 1984-2024. We truly appreciate your time and service to this county and the Montgomery County Schools, it is remarkable. Mr. DeBerry stated that he would never forget when he first started on the school board, Ms. Stevens and Mr. Dorsett being so instrumental in mentoring and showing him what the qualities of a good school board member should be. Thank you so much.

Chairman DeBerry called upon Dr. Ellis and Jessalyn Spell for Certified and Classified Employees of the Month for Troy Elementary. Sara Sasser, Teacher Assistant, was the classified winner. Megan Epps, Kindergarten Teacher, was the certified winner and was unable to be present tonight.

Dr. Dale Ellis then recognized Mr. DeBerry with a plaque for his 40 years of service with the Montgomery County Schools Board of Education. His many years of service are just remarkable. Dr. Ellis stated that Mr. DeBerry's leadership has been a steady calming force

through a lot of change as well as the many amazing things our district has been able to accomplish during the years he has served. We thank him for his many years of unconditional commitment to the Montgomery County Schools. We appreciate everything you have done for our schools. Mr. DeBerry stated that is has been a real honor to serve the children of Montgomery County for the last forty years. He stated that he has worked with many good board members, superintendents, and administrators who each worked toward the same goal of providing opportunities and doing what was best for our children. He shared with the current board members that when tough decisions need to be made, keep that same goal in mind and do what is best for our children and you cannot go wrong.

Chairman DeBerry stated that the next item is the consent agenda and requested to hold the consent agenda until after closed session. The board approved unanimously.

Chairman DeBerry called upon Jessalyn Spell, principal for Troy Elementary for the school's presentation on Raising Readers at Troy Elementary. Ms. Spell stated that their vision for Troy Elementary is to create whole child success together. Our mission is to build relationships to help the whole child succeed while providing a safe and positive environment to engage students academically and creatively in order to promote and explore the possibilities of the world. Our SIP K-2 overall reading goal will be to grow in composite reading proficiency to 72% in mClass. We chose SIP indicators to help achieve our goals. The two we focused on in our presentation was (1) the school regularly communicates with parents/guardians about expectations and the importance of curriculum in the home and (2) instructional teams develop standards-aligned units of instruction for each subject and grade level. We encourage early parental involvement through our Letterland parade. Once our kindergarten students finish learning their letters, we encourage them to dress up like their favorite Letterland character and we have a parade down the hallways of the school. Also, March is National Reading month, so we selected a book for the whole school to read. We put out a calendar and list a chapter to read together each night (or listen to the staff recording online) along with a question to answer on our Facebook page. This also included a writing assignment to describe and illustrate what they read about. We have also started using the new CKLA Curriculum to help build background knowledge which helps develop our students into well rounded readers. We also offer dedicated intervention time everyday as well as strategic selection of students for support programs like Future Forward and NC Ed Corp. With all these strategies we hope to see growth in our reading and in achieving our school improvement goals. We feel like our students must learn to read so they can read to learn in the upper grades.

Chairman DeBerry called upon Wade Auman for the Testing Data Presentation. Mr. Auman, Dr. Joanna Perkins, and Mr. Matthew Swain presented the 2023-2024 accountability and testing results. The presentation covered data from the 2021-2022 school year through the 2023-2024 school year. The overview for the discussion includes Every Student Succeeds Act (ESSA), Comparison Sample, Analysis, Implications with Principles and District Leaders, and Test Results. Mr. Auman stated that at our End of Year review, Mr. Dozier requested that we compare our schools with school districts who share the same economic disadvantages and demographic data. We were able to identify Harnett County, Lee County, Newton-Conover City, and Sampson County as districts that closely match our districts poverty level and demographics. We used the data from these four counties along with the data from North Carolina and the Sandhills Region for our comparison sample. Mr. Auman discussed the school report cards and what they look at from the district level and the data on the Internal Ready Report that we receive from the State at the completion of testing. In 2023-2024, one of our schools earned a grade of A, three of our schools earned a grade of C, five of our schools earned a grade of D, and one of our schools earned a grade of F. Mr. Auman stated that they have identified several key

issues that led to the grade of F but they were a closed session matter. Dr. Perkins and Mr. Swain then presented the data for Reading and Math. The data indicated that in grades three through five that our percentages are below the other counties in our affinity group, however, by grades six through eight our percentages are more aligned with our cohorts. In Math I and Biology we are above the State level and in line with or above several of our cohorts. Mr. Auman stated that they are planning to reach out and schedule a time to meet with Sampson County to discuss their programs and learn what we could do to improve. Mr. Dozier also suggested that we also reach out to Newton-Conover. Our graduation rate dipped slightly to 92.3%. Mr. Auman stated that the key point is to look at the growth model because it shows where the child is at and then it shows where you have taken them. This growth is reflected in the school grade improvement as the students reach high school and early college. Overall, our students enter with varying levels of readiness, but we grow them by providing the resources and strategies to be globally competitive.

Chairman DeBerry called upon Dr. Dale Ellis for the Superintendent's Comments. Tonight, we changed our focus a little bit to only focus on numbers. It seems like numbers is all that we get to talk about these days. Unfortunately, students are not just numbers. The numbers they get on a test as an 8-year old do not define them or their future. That is why I am so proud of our principals, teachers, and other highly qualified staff. They look beyond the numbers and focus on the child. When a student graduates high school with an Associate's Degree, no one cares what their third grade math score was. Education is a process, not a test. It is defined by the 2,340 instructional days that we have them between kindergarten and graduation. Thankfully, it is not defined by the 20 or so days they spend in testing or that single data point that so many want to focus on. Our schools are more than that and our students are more than that.

I have more numbers. 5,172 (or thereabouts) is the number of days I have been the Superintendent of Montgomery County Schools, since September 1, 2010. During that time our graduation rate went from 70% to over 95%, resulting in hundreds of more students graduating high school and having a chance at a brighter future. In conjunction with MCC, 100's of our students have received associate's degrees and high quality industry credentials, saving Montgomery County families millions of dollars. We started an Early College and built a state of-the-art education complex at Montgomery Central that continues to be the envy of the state and nation. We secured those facilities for roughly \$80,000,000 and it would cost well over \$150,000,000 if we had to do it today, saving tens of millions of dollars for our taxpayers and providing an educational opportunity that is second to none. We have leveraged over \$54,000,000 in grants to add programs and serve students in ways never dreamed about before. And we did all of that while adding \$1,600,000 to the district's fund balance to curb against inflation and rising costs.

5,172 days is the length of time I have had the honor to serve as the Superintendent here. Those are highly engaged days. That's not just coming to a meeting once a month and then not thinking about it again for a month like some people have the luxury of doing. That is thinking about MCS when I go to bed, when I wake up in the middle of the night, and when I get up early in the morning. I've lived, breathed, and slept nothing but MCS for a very long time. That's standing on the beach to watch the sunrise when I'm on "vacation" and not getting to fully enjoy it, because there is something that I am focused on in this work. That is my wife asking me, "what's wrong" and me answering, "nothing" because I can't discuss

whatever the issue is.

I could go on and on with the numbers but here are the two that matter the most to me and the two that bother me the most. 27 is the number of tennis and lacrosse matches that my youngest daughter has played in since she started high school. I is the number of those matches that I have had the actual pleasure of seeing. I do not know what the future holds, but I do know it is time for a change. With that said, I am publicly announcing my plans to retire as the Superintendent of Montgomery County Schools, effective January 1, 2025. I am still a young man, and I have lots of things I want to do and explore. That may be working somewhere else, and it may not. Who knows? I do know that if I do not take the opportunity now to explore whatever that next chapter is, I may not ever do it. I hope those who have long counted on me will understand and support this decision. Looking at all we have accomplished; I am ultimately at peace with this decision. Thanks to all who have supported me.

Chairman DeBerry then asked for a motion to go into closed session. Bryan Dozier made the motion, with Tommy Blake seconding. The board approved entering into closed session unanimously.

The following items were approved after the closed session with a motion by Bryan Dozier and a second by Angela Smith:

- 1) Board Minutes from October 7, 2024
- 2) Personnel and Auxiliary Report

MONTGOMERY COUNTY SCHOOLS PERSONNEL REPORT Emily Shaw, Assistant Superintendent for Human Resources November 4, 2024

n.	Superintendent reports the acceptance of the following resignations/retirements:
----	--

Resignation Retirement	School Assignment	Effective Date

Board of Education Mitch Taylor November 4, 2024

Date: November 4, 2024
Subject: Budget Amendmen:

Attached you will find a budget amendment for your consideration for the year ending June 30, 2025.

Fiscal Year 2024/2025 Budget Amendment # 1

State Funds

1) An increase of \$107,147.00 to the State Budget Fund (Fund 1):

\$62,938.00 increase to PRC 085 (Literacy Intervention) — This is the district's annual allotment for Uteracy

\$20,454.00 increase to PRC 048 (Principal Borus) – If a principal's school ranks in the top 50% of TVAAS scores for the state, they receive a benus ranging from \$15,000 to \$1000. Mostgomery County Schools had 5 principals that received this thereis.

\$23,755.00 increase to PRC 073 (School Connectivity) – This funding is provided to maintain the school district's network and Wil-Fi systems.

\$824,989.00 increase to PEC 020 (International Teachers) and a \$824,989.00 forcease to PEC 001 (Classroom) Teachers) – funds were transferred from the classroom teacher funding to pay the expenses of employing 11 international teachers to enable the district to adequately meet the staffing reads of the district.

Local Funds

2) No Change to the Local Fund Budget (Fund 2)

Federal Funds

3) An increase of \$1,227,219.02 to the Federal Funds Budget (Fund 3):

Beginning this year, the district is required to implement a change in the way federal funds are reported. When the district receives federal grants, funds are typically available to the district for 27 months. For this

Budget Amendment # 1

Montgomery County Administration Unit

The Mortgemery County Ecard of Education at a meeting on the 4th day of November 2024 passed the following resolution.

It is the solution that the following amendments be made to the Budget Resolution for the fiscal year ending June 30, 2025.

xpense Code	Description of Code	Increase	Decrease
	STATE FL	INDS	
	Revenues		
1.3100.085	PRC 985 Elteracy Intervention	\$62,938.00	
1.3100.048	PRC 048 Principal Bonus	\$20,454.00	
1.3109.073	PRC 073 School Connectivity	\$23,755.00	
			
	Not Change in State Revenues	\$107,147.00	
	Expenses		
1.5000.085	PRC 085 Literacy Intervention	\$32,938.00	
1.5000.001	PRC 001 Teacher Positions		\$824,989.0
1 5000.020	PRC 020 International Teachers	\$824,969.00	
1.5000.048	PRC 048 Principal Bonus	\$20,454.00	
1 6000.073	PRC 073 School Connectivity	\$23,755.00	
	Not Change in State Expenses	\$107 147.00	
	Net Change in State Budget	\$107.147.00	
xplanation: Adj	ustments made for actual revenues and exp	conditures.	
	on in Current Budget		\$30,851,151.0
Amount of Increa			\$107,147.0
otal Appropriati	on in Current Amended Budget		\$30,988,298,0

reason, federal funds can be carried over for up to two years. In the past, the district combined previous funding with new funding into one budget, but beginning this year, the district must reaste a separate budget for each year's funding. For example, PRC 660 might have Budget Year 2023 funding, Budget Year 2023 funding and Oudget Year 2023 funding whereas in the past we could tump at the funding into one budget.

\$190,633.02 increases to PRC 050 Year 2024 (Except onal Children Program) - This represents funding that remained at the end of June 2024. With most federal grants, the district is allowed to corry over funds into thin exit school year.

\$925,680.00 increase to PRC 050 Year 2025 (Exceptional Children Funding)) - This represents the district's new funding for the Exceptional Children's Program.

\$29,537.00 increase to PRC 049 Year 2025 (Pre-K-Exceptional Children Funding) — This represents the district's new funding for the Pre-K-Exceptional Children's Program.

\$81,369.00 increase to PRC 017 Year 2025 (Career & Technical Education Funding) — This represents the district's new funding for the Covers and Technical Education (temperature).

Canital Outlay Funds

4) An increase of \$10,375.88 to the Capital Outlay Budget Fund (Fund 4):

\$7327.36 increase to PPC 802.94 (Capital Outlay Expanses) – those funds were used to purchase parts to make repairs to boilers at some of our older schools.

\$3049.50 increase to PRC 802.03 (Capital Outlay Expenses) – these funds were used to remove several trees in the district that were damaged by the storms related to the recent hurricones.

Child Nutrition

5) No change to the Child Nutrition Fund Budget. (Fund 5):

Special Local Fund 8

6) An increase of \$59,535.00 to the Special Local Fund 8 Budget (Fund 8):

\$59,535.00 increase to PRC 311 (State Gear UP Grant) – this represents the funding for the state Gear Up Grant to support instruction at Montgomery Central High School.

7) Overall, these adjustments resulted in an increase of \$1,404,277.90

to the total 2024 - 2025 budget for Montgomery County Schools.

I will be available to answer any questions you may have.

this amendment is an action item and will require a vote.
