DCS P2 Character Trait
for the Week:

Kindness

THE
**POSITIVITY
PROJECT**

Kindness

This character strength is grounded in the belief of a common humanity in which others are worthy of care, attention, affection, and compassion. Kind people think about the needs and feelings of other people, and then act to help those people. An individual with the strength of kindness helps others because it's the right thing to do, not because they expect any reciprocal treatment or gain in reputation.

Each week we will be incorporating different character traits into our daily lessons here at school.
