

Counselor Inspiration

During this beautiful month of December it is a time filled with deep meaning and layered with spiritual, emotional, and communal significance. Another magnificent interpretation of December is that it has a connection to the Immaculate Conception. This association reminds us of the purity and grace bestowed upon Mary, symbolizing hope, renewal, and the potential for transformation. Moreover, this time encourages us to confront our shortcomings with humility, allowing us to seek forgiveness and strive for personal change and growth. Cleansing the spirit becomes not just an act of contrition but a profound embrace of grace and redemption, leading to a more authentic connection with the divine and with others. At the same time this month is a celebration of joy, clarity, and innocence often expressed in the radiance of Christmas festivities such as acts of kindness, and moments shared with loved ones. May this December bring warmth, peace, and love to you and your family.

As we prepare for Christmas, let us embrace this season of reflection and renewal by:

- **Expressing Gratitude:** Acknowledging the blessings of health, family, friends, and faith.
- **Fostering Kindness:** Sharing acts of love and charity with those in need.
- **Deepening Faith:** Taking time for prayer, meditation, and reading scripture to grow closer to God.
- **Celebrating Togetherness:** Creating moments of joy and connection with loved ones, remembering the unity Christ inspires.

Below is a link that is filled with family fun activities in and around the Kansas City MO/KS areas.
