

# Untestable to Testable: Transforming Students Who are “Difficult” to Assess

*Sponsored by  
The Greater Los Angeles Area SELPAs (GLAAS) and Mid-Cities SELPA*

**Presenter:** Alleese Glamore, M.S., School Psychologist  
Diagnostic Center South, California Department of Education

**Date:** Tuesday, November 19, 2024

**Time:** 8:00 am – 8:30 am: Registration  
8:30 am – 2:30 pm: Workshop  
(5 hours)

**Place:** Bellflower Unified School District – Board Room  
16703 S. Clark Avenue, Bellflower, CA 90706

**Content:** We all have a basic understanding of the principles of assessment. But, what happens when students are unable to sit at a table, cannot point to a picture or symbol in a stimulus book or provide a verbal response, or engage in behaviors that impact their participation in testing? Typically, we describe these students as untestable and resort to using assessment and evaluation methods that are less accurate and do not provide complete information. This training will explore the selection and use of appropriate assessment measures, the development, implementation and use of alternative assessment procedures, ways adapting and modifying assessment measures, strategies for identifying alternative response formats, and quick and easy interventions that can be used to support participation and engagement.

**Intended Audience:** School psychologists, speech-language pathologists, occupational therapists, and special education teachers.

**Outcomes:** Participants will:

1. Learn to use multiple sources of information for assessments and how to modify and adapt testing materials.
2. Learn to understand the implications of a student’s level of functioning and how it can impact testing behaviors.
3. Learn to identify and reduce or remove barriers to assessment by supporting student engagement and participation.
