National Honor Society Peer Tutor Request Form

This form is for Cardinal O'Hara students who would like a NHS tutor to tutor them during their lunch period. Students may sign up for any subject they need help with. NHS members are juniors and seniors in the top 20% of their class. Please submit your request using the link below and you will be

paired with a tutor from the NHS. Tutees and tutors will meet at their lunch period in the guidance office. Tutee's must bring specific questions or material to review with your tutor.

DCIU Math tutoring

Tutoring is available twice a week during the school day by the DCIU math Specialist, Mrs. Schwartz. Students can pick up a permission form from the guidance office or their math

teacher and return the completed form to those same locations. Once a completed permission form is received, the student will have the ability to sign up for sessions during their lunch period or another free period as scheduling allows.

Questions: Contact Kelly Schwartz - kschwartz@dciu.org or stop by room 151
