Pacific Northwest College Credit (PNWCC) is a CTE Dual Credit Consortium. For all classes marked “PNWCC,” students register with the consortium and pay a \$50 fee (fee waivers available) to receive college credit for each qualifying course that they pass with a grade of “B” (3.0) or better. High school instructors walk students through the process of registering for college credits during class (registration opens Dec 1 and closes June 15). See

<https://www.pnwcollegedcredit.org/>

Renton Technical College (RTC) offers college credit to students who complete the course with a “C” (2.0) or better, apply for RTC admissions, submit an official high school transcript, and fill out the dual credit request form within two years of graduating. See <https://rtc.edu/academics/high-school-programs/dual-credit/for-students-and-parents.php>.

Shoreline Community College (SCC) offers free college credits. Students need to register for SERS online and pass the class with the minimum grade requirement (varies by class). See <https://www.shoreline.edu/placement/cte-dual-credit-program.aspx>.
