

## Title I, Part A School Site Plan Summary—Schoolwide Plan

Title I, Part A provides supplemental funds to schools with the highest percentages of children from low-income families to help ensure that all children meet challenging academic standards. **Schoolwide Programs (SWP)** use Title I, Part A funds as part of a comprehensive school improvement effort to elevate the entire educational program of a Title I, Part A funded School. The Elementary and Secondary Education Act (ESEA) describes the requirements in section 1114.

This document serves as the school's summary of the Schoolwide Plan and confirmation that all required Schoolwide elements are in place. This document is added to the school district's or charter school's ESEA Consolidated Application in the Minnesota Education Grants System (MEGS). **This is not the school's actual Schoolwide Plan, which should be made available upon request.**

## Schoolwide Plan Summary

1. Describe the Schoolwide Plan to improve the educational program for all students. Include all of the school improvement work that is part of the plan, regardless of funding (state, local, federal, other). **Note: listing goals is insufficient;** this description should include the adult actions to improve the educational program for all students. [no more than 1000 characters]

Birch Lake Elementary is committed to providing a high quality educational experience for all students. For the 2023-24 school year, this includes the full implementation of CKLA literacy curriculum. The building and district will provide professional development pertaining to fidelity and support of implementation. Title I funds will be used to support the Family Math Night, and One Book One School initiatives, to engage and invite families to participate in their students' learning. The Birch Lake staff will implement and utilize a research driven MTSS model of support for all students in the k-5 program, including progress monitoring, regular formative and summative assessments, and direct support as prescribed by MTSS.

2. Describe the rationale for the Schoolwide Program. Include the underlying need(s) addressed and a description of the data or evidence set(s) used to identify the need(s). [no more than 1000 characters]

The two programs, One Book One School and Family Math Night, support two major core content areas, while simultaneously including families and the community in the learning. One School One Book focuses on literacy for all, including the intentional selection of a text that is readily available in both English and Spanish. This directly supports our high multilingual population.

Family Math Night encourages families to come to the school for activities, games, and learning that are directly correlated to the work the students are doing in their classrooms at all grade levels K-5. This event is not a culmination of learning, but rather a time where families can come in and see the strategies being used, and see the instruction through active learning.

3. Describe the intended outcome(s) of the Schoolwide Plan. Include a description of what will change as a result of this Schoolwide Plan. [no more than 1000 characters]

The intended outcome of the School Wide Plan includes but not limited to, building wide collaboration to read and celebrate one book together, and break down barriers of language. With both major events of the schoolwide plan, we celebrate and invest in literacy and mathematics, and also make very intentional events that encourage the participation of the student and their families/guardians. This not only supports the skills and strategies being used, but builds community in our neighborhood school.

4. Describe the plan to evaluate the Schoolwide Plan. Include the data to be collected and how the effectiveness of the plan will be determined. [no more than 1000 characters]

The evaluation will be based on family involvement and participation, along with the anticipated growth of student achievement through progress monitoring, FASTBridge assessments, and hopefully our standardized testing at the state level. Participation will be based on family attendance at the events.

5. List the specific activities and expenditures that are part of the Schoolwide Plan described above that are paid for using Title I, Part A funding. To be an allowable use of Title I, Part A funds, expenditures must be clearly related to the work identified in the Schoolwide Plan as summarized above. NOTE: adding expenditures here is not sufficient to have the expense be considered part of the approved budget. [limit 1000 characters]

Books in English and Spanish for our students to read at home with their families. Resources and tools to support the rollout of the text, as well as to make successful math nights for all participants, including incentives such as flashcards, manipulatives, and games that students can learn to play with their families that target grade level appropriate standards.

## Confirmation of Compliance with Title I, Part A Schoolwide Requirements

The school leader signatory on page one also certifies the following required components are included in the full Schoolwide Plan for the school or site and will be made available for review upon request. Initial affirmation of each item. Print and initial or open file in Adobe to sign electronically.

**The Schoolwide Plan includes robust stakeholder engagement. It both**

- a. identifies families, staff and other stakeholders involved in the development or revision of the plan; and
- b. is supported with documentation of the stakeholder activities to develop the plan.

**The Schoolwide Plan includes a summary of the recently completed Comprehensive Needs Assessment for a new Schoolwide Program or Annual Evaluation for an existing Schoolwide Program. The summary**

- a. identifies the different types of data, evidence, and analysis used to evaluate the entire school program and determine root cause(s) of students not meeting academic standards; and
- b. identifies the prioritized school need(s) and the hypothesized root cause(s) to be addressed.

**The Schoolwide Plan includes specific, evidence-based school improvement strategies. It both**

- a. identifies up to three evidence-based strategies for school improvement; and
- b. describes how the strategies:
  1. strengthen the school's academic program, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum; and
  2. address the needs of all students in the school and particularly the needs of students at risk of not meeting academic standards.

**The Schoolwide Plan includes a specific implementation plan. It identifies**

- a. the sequence of action steps and, for each action,
  1. the staff responsible,
  2. the resources needed, and
  3. the anticipated timeframe to implement each strategy.

**The Schoolwide Plan includes an annual evaluation plan. It both**

- a. identifies the measure(s) and process that will be used to determine whether the strategy is implemented as intended; and
- b. specifies the measure(s) and process that will be used to determine whether the strategy was effective in improving outcomes particularly for students who had not yet met academic standards.

**The Schoolwide Plan includes a communication plan. It identifies**

- a. how the plan will be communicated and made available to school staff who will carry out the plan,
- b. how the plan will be communicated with families being served and other stakeholders in a format and language that is easier understood by the intended audience. This may include translation or interpretation plans, as appropriate.
