

Sail Away

If I could sail on the ocean blue,
if I could sail 'round the world with you,
we could watch the sun rising ev'ry day.
Sail away, sail away, sail away.

Sail away, sail away, sail away.

If I could sail out into the sea,
if I could take all my friends with me,
we could watch the sun setting ev'ry day.
Sail away, sail away, sail away.

Sail away, sail away, sail away.

If I could sail in my little boat,
if I could harness the wind and float,
I could sail to visit you ev'ry day.
Sail away, sail away, sail away.

Sail away, sail away, sail away.

Sail away.
