Honoring Our Principals: Celebrating Leadership with Resilience and Flexibility

At this month's board meeting, we were excited to honor our incredible campus leaders during National Principal Appreciation Month. Our principals play a vital role in shaping the success of our schools, fostering strong relationships with students, staff, and families, and leading with dedication and passion every day.

Principals were presented with a Slinky as a symbol of effective leadership, which like the Slinky, requires resilience, flexibility, and the ability to adapt to challenges while continuously moving forward. We expressed our gratitude for their unwavering commitment to excellence and celebrated their exceptional leadership and the lasting impact they have made on our school community. We thank them for all they have done!

Superintendent's REPORT

One of the values established by the Board of Trustees is community engagement, as it plays a crucial role in enriching our students' educational experiences. We saw this in action when Bass Electric visited to discuss OSHA certifications and post-graduation employment opportunities, offering valuable insight to our students.

Our students demonstrated their commitment to giving back by serving at Feed My Sheep, where they learned firsthand the importance of community service. These experiences are essential in shaping our students' understanding of their role in contributing to the community.

Moreover, a great example of community contributions is the recent ribbon-cutting of Hubbard Branch Elementary School, a campus that was proudly designed, built, and opened for our students with the strong support of our community.

Looking ahead, we will continue to strengthen these community ties by educating local organizations and fostering partnerships within Belton ISD. Through these efforts, we aim to model the significance of collaboration, further enhancing the educational opportunities available to our students.

Dr. Malinda Golden
SUPERINTENDENT
