Superintendent's REPORT

Over the past month, our staff members have demonstrated exceptional dedication by volunteering their time to distribute food and water to our community, despite facing storm damage and recovery themselves. Our district was directly affected, with some campuses experiencing power loss and others facing leaks. In response, district leaders made it a priority to check on each of their team members following the storm and provide assistance as needed.

I am incredibly proud of our community's response during the storm and our partnership with Bell County Emergency Management, which allowed Alice J. Tarver Elementary to serve as a FEMA site. We are grateful for the support of our community partners.

Despite the power outage at the Cadence Bank Center, we successfully rescheduled and graduated over 1,000 students. The graduation ceremony was a timely and remarkable celebration, showcasing the incredible efforts of our students and teachers. Our students' resilience mirrors that of our entire community.
