### Field of Excellence

Wilson Kerzee Field was recently named a 2023 Field of Excellence recipient, a prestigious accolade that distinguishes it as one of the top 100 fields nationwide. However, behind this distinguished field lies the dedicated expertise of our exceptional Athletics Grounds Crew, whose commitment was recognized.

In addition to their routine tasks of mowing, edging, and trimming, our grounds crew employs advanced agronomical practices to ensure the optimal balance of nutrients for the turf's health. Their meticulous attention to fertilization, irrigation, and mowing techniques ensures that Wilson Kerzee Field maintains a safe and playable natural surface.

Leading this exemplary team is Andrew Linklater, serving as the athletics grounds team lead, alongside Athletic Groundskeepers John Goff and David Wilson. Assisting them are Grounds

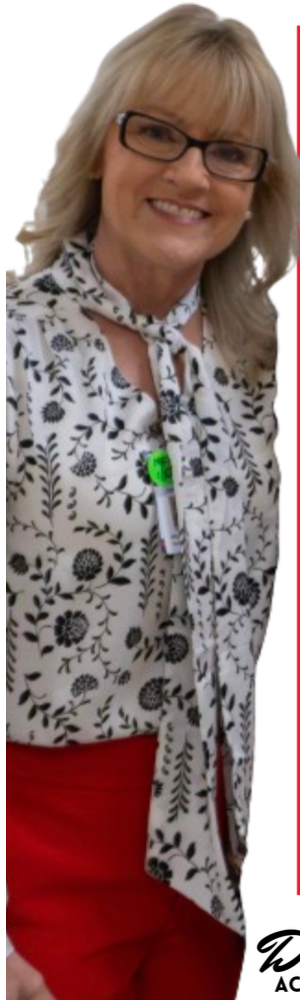

Supervisor Patrick Crosby and District Irrigator James Glenn. Together, they uphold the highest standards of turf management, ensuring that Wilson Kerzee Field remains a beacon of excellence in athletic facilities.

# Superintendent's REPORT

Throughout this month, we've witnessed numerous instances where our efforts to empower each and every student to pursue their dreams have significantly enriched our community.

At the Delta student reverse job fair, our students meticulously prepared resumes and presentation boards showcasing their distinctive skills and passions, effectively articulating them while honing their abilities. Our vision materialized as Buckles and Beans students embarked on journeys across Texas, participating in conferences and imparting their experiences to educators.

Moreover, students engaged in activities such as reading their own authored books and participating in unified track meets. It's evident that our students are actively supporting and uplifting one another within our community.
