ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Page Last Modified: 08/09/2021

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

- ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.
- ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Page Last Modified: 08/09/2021

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

- not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Submission Instructions

Submission Instructions

ORISKANY CSD

412901040000

Directions for Submitting the Application:

- The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

- LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

- LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs - Rm 320 EB

RE: ARP-ESSER Application – Part 2

New York State Education Department

89 Washington Avenue

Albany, NY 12234.

Deadline for Submitting the Applications:

- The ARP-ESSER Application – Part 2 is due by August 31, 2021.

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

- 1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

We engaged in meaningful consultation with students, families, school and district administrators, CSE/504/CPSE Chairpersons, teachers, counselors, social worker, school staff and the unions. This was achieved with committee meetings, surveys online, written proposals, team meetings, individual meetings, and daily plannings to ensure all students were represented in our discussions. The feedback was utilized to craft the use of the monies and items purchased. We engaged in meaningful collaboration with each of the following, as applicable, Tribes, civil rights organizations (including disability rights organizations), and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students. These agencies were included in our sessions in varied forms to include their feedback.

- 2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social**

media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.

This will be posted on our district website for access to our school community and public.

Oriskany CSD Website

ARP-ESSER LEA Base 90% Allocation - Program Information

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

Our district has reopened school to five days per week in each of our buildings for our Prekindergarten to grade 12 students. Our practices and strategies are compliant with the most recent CDC guidance on reopening schools for in-person learning. Oriskany CSD Reopening Plan

Our funds from this allocation will be utilized to support learning loss and providing remediation and acceleration of learning in multi-disciplinary approach in content areas. This includes:

- Professional Learning for all faculty/staff
- Technology
- Fine Arts and Music Programming
- Counseling Services and Programming
- After School Programs
- Summer School Programs
- Tutoring
- Response to Intervention Coordination
- Reading Curriculum Support
- Curriculum and Special Education Audits
- Extra-Curricular Offerings
- Instructional Coaches

We will not be utilizing these funds for implementing prevention and mitigation strategies. However, please know we are working with local health department to provide both prevention and mitigation strategies to procure testing kits, offering vaccination pods, testing clinics, masks, face shields, and cleaning supplies. These have been procured with other fiscal needs (ELC grant, donations, and local representatives County Executive). We met weekly with the Department of Health. We are using the funds to support academic needs that are also a prevention and mitigation strategy for learning losses.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

We will be reviewing the following to ensure we are utilizing multiple measures of data:

- Norm-referenced STAR Reading and Math Assessments
- Benchmark Assessments Grade Level and Courses
- Attendance

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

Page Last Modified: 02/13/2022

- Social Emotional Referrals
- Disciplinary Referrals and Actions
- Classroom Observations
- Absenteeism
- COVID quarantine data per building
- Attendance data for after school programming
- Report Cards
- Sub-group Data (Free and Reduced Lunch, ELL, Migrant, SWD, etc.)
- Behavioral Referrals and Behavioral Data

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

We will be utilizing the required reserve of 20% funds to address the impact of loss instruction. The following will represent the \$185,780.60:

RtI Coordinator (\$170,903.31): A teacher on special assignment will be coordinating and aggregating data for administrative, teacher, and teaching assistant review of student performance and growth. We will continue to monitor student progress and collaboratively review and re-calibrate student programming as needed. This includes after-school programming, remediation, use of learning labs, RtI classes, and differentiated instruction in Tier 1.

After-School Programming (\$24,550.24): Two days per week in each building, after-school targeted support will be provided by certified teachers and teaching assistants to address learning loss and any continued loss of instruction. This will be a fluid process with continued to review to provide needed supports to all students and for students that are struggling.

6. **In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

The remaining funds will be utilized to continue to provide supports to our instructional staff with professional learning. We will continue our initiatives with an additional focus on diversity, equity, and inclusion for professional learning. We have secured an outside agency to assist us with an audit of our special education practices and curriculum writing to best inform our programs. Instructional coached will be shoulder to shoulder in the classrooms PK-12 for both reading and math.

We plan to purchase additional technology to support and grow our current programs in EACH of the content areas.

Monies will be utilized to support students with after school programming throughout the school year and into the summer.

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

With the implementation of our RtI Coordinator, we will be collaboratively reviewing our district, school, grade level, course, and individual/group data to revise programming and offerings as needed to best support our students. This data will assist us with providing

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

Page Last Modified: 02/13/2022

additional supports to our students that have been disproportionately affected by the COVID-19 pandemic. This will include additional interventions in small group settings with specialized programs and access to teachers, counselors, social worker, related services. Our data will be a continuous review cycle to inform our decisions with spending the minutes in a student's day. All stakeholders will be included in this review and plan for implementation. We plan to implement self-regulation programs to train our students in needed coping skills as we need to focus on their social emotional well-being as well as the academics. This is how we plan to ensure that the interventions we are implementing will be addressing our intended goals with the 20% reserved funds.

Oriskany Central School District is a small rural school. Our district treats all students the same. Once a student is enrolled the district addresses any identified needs. Principals and building teams work with the Committee on Special Education and classroom teachers to meet identified needs of each student.

43.6% of K-6 population qualifies for free or reduced lunch. A large percentage our students are economically disadvantaged.

The enhanced afterschool program and summer programs includes individual tutoring and group activities. All students are eligible to participate in the programs. The group activities will be used to support the social emotional needs of the students, individual tutoring and group educational learning will help overcome any learning loss

Homeless students work with our social worker when enrolled in the district. The social worker has been part of the team developing programs funded by ARPA. Foster care students are incorporated into the district as soon as they register in the district. Again with such a small district all students are treated equally.

The district is training staff using the Zones of Regulation team of educators, mental health experts and therapist. Zones of Regulations is a systematic, cognitive-behavioral approach used to teach students how to regulate feelings, energy and sensory needs in order to meet the demands of the situation around them and be successful socially. Training the staff to identify students and providing resource for staff to assist students to make balanced, wise decisions.

Foster care students are incorporated into the district as soon as they register in the district. Again with such a small district all students are treated equally.

The district is training staff using the Zones of Regulation team of educators, mental health experts and therapist. Zones of Regulations is a systematic, cognitive-behavioral approach used to teach students how to regulate feelings, energy and sensory needs in order to meet the demands of the situation around them and be successful socially. Training the staff to identify students and providing resource for staff to assist students to make balanced, wise decisions.

Oriskany Central School District is a small rural school. Our district treats all students the same. Once a student is enrolled the district addresses any identified needs. Principals and building teams work with the Committee on Special Education and classroom teachers to meet identified needs of each student.

43.6% of K-6 population qualifies for free or reduced lunch. A large percentage our students are economically disadvantaged.

The enhanced afterschool program and summer programs includes individual tutoring and group activities. All students are eligible to participate in the programs. The group activities will be used to support the social emotional needs of the students, individual tutoring and group educational learning will help overcome any learning loss

Homeless students work with our social worker when enrolled in the district. The social worker has been part of the team developing programs funded by ARPA. Foster care students are incorporated into the district as soon as they register in the district. Again with such a small district all students are treated equally.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

Page Last Modified: 09/27/2021

ARP-ESSER Return to In-Person Instruction

ORISKANY CSD

412901040000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

Oriskany CSD Reopening Plan September 2021

- 2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek**

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

Page Last Modified: 09/27/2021

public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) its plan for in-person instruction, including a description of how public comment will be collected.

The Oriskany Central School District will continue to review and revise our plan by continuing to seek input from our stakeholders. This will be achieved through continued committee meetings, surveys, team meetings, and review of our data with all the programs being implemented with these funds.

The current plan includes:

- Monthly meeting dates with committees with reports to district level administrators.
- Monthly administrative team cabinet meetings
- BOCES Regional meetings for administrators and teachers and teaching assistants
- Continued meetings with relevant outside agencies (McKinney Vento, Department of Social Services, etc.)
- Board of Education meetings
- Surveys to families
