Amanda Heilman Director of Business Services Mankato Area Public Schools ISD77 10 Civic Center Pl Mankato, MN 56001

Dear Amanda,

Congratulations! On behalf of the Association of School Business Officials International (ASBO), I am pleased to inform you that Mankato Area Public Schools ISD 77 has received ASBO's Certificate of Excellence in Financial Reporting for the fiscal year ended 2023. This award represents a significant achievement and reflects your commitment to transparency and high-quality financial reporting. We encourage you to use the <a href="#">COE recipient's logo</a> to share your achievement in emails and marketing materials.

The Certificate of Excellence (COE) Review Team has provided their comments for the improvement of your Annual Comprehensive Financial Report. It is important to review the comments and address them before you prepare next year's report. Your district must include a copy of the original comments and the district's written responses to the comments in next year's application packet.

We hope you will use the attached press release to share this important achievement with your community. Your award certificate is also attached.

Congratulations to you and the members of your staff who worked so hard to earn the COE this year. We look forward to your continued participation in the COE program.

Sincerely,

James M. Rowan, CAE, SFO CEO/Executive Director

#### **School District Awarded for Outstanding Financial Reporting**

Ashburn, VA – November 15, 2024 – The Association of School Business Officials International (ASBO) is pleased to award Mankato Area Public Schools ISD 77 the Certificate of Excellence in Financial Reporting (COE). ASBO International's COE recognizes districts that have met the program's high standards for financial reporting and transparency. The school district earned the Certificate of Excellence for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended 2023.

"For over half a century, ASBO International's Certificate of Excellence in Financial Reporting has been the gold standard in promoting and recognizing excellence in financial reporting," according to ASBO International Executive Director Jim Rowan, CAE, SFO. "Communicating the financial and economic state of a district is so important when engaging with the school community and building their trust. Districts that receive the COE Award have demonstrated their ability to do that at the highest level."

By participating in the COE program, school districts demonstrate their commitment to financial transparency. Applicants submit their ACFR for review by a team of financial professionals who provide feedback to improve future documents. If the report meets the requirements of the program, it may receive the Certificate of Excellence. A district's participation in the COE program can facilitate bond rating and continuing bond disclosure processes.

The COE is proudly sponsored by ASBO International Strategic Partner American Fidelity.

###

#### **About ASBO International**

Founded in 1910, the Association of School Business Officials International (ASBO) is a nonprofit organization that, through its members and affiliates, represents approximately 30,000 school business professionals worldwide. ASBO International is committed to providing programs, services, and a global network that promote the highest standards in school business. Its members support student achievement through effective resource management in various areas ranging from finance and operations to food services and transportation. Learn more at asbointl.org.

#### **About American Fidelity**

American Fidelity provides employer cost-savings solutions and supplemental insurance benefits to specific industries. Acting as an extension of the HR department, we educate, enroll, and support the development of robust, competitive insurance packages—all while ensuring seamless administration and employee satisfaction. As experts in employer benefit solutions, our salaried account managers deliver year-round support, help employers overcome benefit administrative challenges, and always offer a different perspective – a different opinion.

#### INTRODUCTION

This report is the Annual Comprehensive Financial Report (ACFR) of Independent School District 77, Mankato, Minnesota (District) for the fiscal year ended June 30, 2024. The ACFR fully discloses the financial position of the district, a summary of operations for FY 24, and relevant information pertaining to the Mankato Area community. The data contained within this report comes from many sources, with many professionals contributing to its accuracy and completeness. The district always welcomes any observations and feedback from the community and District staff.

#### REPORT FORMAT

There are three main sections to this report: Introduction, financial, and finally, statistical. The introduction section includes the district's organizational chart, and a list of the district's principal officials. The financial section includes the independent auditor's report, Management's Discussion and Analysis (MD&A), financial statements, notes to financial statements, and a detailed report combining individual statements and schedules. This information is also included in the district's annual independent audit report. The statistical section includes selected financial and general information presented on a multi-year comparative basis. Where possible, historical data is presented for a 10-year period.

Standard accounting principles require District management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements as part of the audit process in a separate Management's Discussion and Analysis (MD&A) section of the report. This letter of transmittal will complement the MD&A and should be read in conjunction with it. The MD&A of the District is located following the report of the independent auditors.

#### DISTRICT ORGANIZATION

The Mankato Area Public Schools, Independent School District 77 is a nonprofit organization and is a local unit of government with elected school board officials. The district is a political subdivision and is recognized by the IRS as a 170C status. The district serves the communities of Mankato, North Mankato, Eagle Lake, Madison Lake, and Skyline. The district is located in Blue Earth, Nicollet, Le Sueur Counties. All operations within the district are guided by its Mission and Vision:

#### **Mission Statement**

Excellence, Equity, Empowerment. Every Student, Every Day.

#### **Vision Statement**

MAPS inspires students to thrive through future focused learning experiences by:

- Pursuing their individual pathway
- Ensuring safe and secure schools
- Fostering inclusivity by understanding and appreciating diversity
- Engaging with families and caregivers
- Partnering with and contributing to our community with high quality, dedicated, and exceptionally trained staff.

#### The District will reach its mission and vision when:

- A. Improving our professional practices so that each learner achieves at high levels in an inclusive educational model that is relevant and flexible.
- B. Enhancing our student support structures to meet academic, social, behavioral, and mental health needs.
- C. Recruiting, developing, and retaining staff to ensure positive learning experiences for students.
- D. Strengthening our parent/caregiver partnerships and connections.
- E. Ensuring safe, efficient, and effective operations.

In FY 24, the district served a total of 8,012 E-12 students from a population of 72,183 citizens residing in a 140 square mile area. During this fiscal year, the district operated in 23 buildings: two high schools, one alternative high school, two middle school schools, ten elementary schools, four special services buildings, one Community Education and Recreation building, and two districtwide buildings. The average age of our school buildings in the district is 52.26. The district is organized by grade level with elementary schools serving students in pre-kindergarten through grade 5, middle schools serving grades 6-8, and the high schools serving Grades 9-12. The district provides general, special education and vocational instruction for Prek-12, a transitional program for students beyond grade 12, and robust Community Education and Recreation programs that serve residents from birth to senior citizens.

#### REPORTING ENTITY

The district's financial statements include all funds, departments, agencies, boards, commissions, and other component units for which the district is considered to be financially accountable. Component units are legally separate entities for which the district (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit includes whether the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit or is fiscally depended upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the district.

#### FINANCIAL STATEMENTS

The financial statements contained in this report disclose the financial position of the district as of June 30, 2024, and the financial operations for FY 24. The district's financial records and reports are maintained and prepared on a modified or full accrual basis of accounting in accordance with the Uniform Financial Accounting and Reporting System for Minnesota School Districts as well as the standards of the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants. These records are audited annually by an independent certified public accountant as required by Minnesota law. The accounting firm of CliftonLarsonAllen LLP performed the audit for the 2023-24 fiscal year. Their report is included in the financial section of this report. The auditor has given an unmodified ("clean") opinion on the district's financial statements. An unmodified opinion means that, in the judgment of the auditor, the financial statements present fairly, in all material respects, the financial position of the District and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

#### FEDERAL SINGLE AUDIT AND STATE COMPLIANCE AUDIT

The independent audit of the financial statements of the district is part of a broader, federally mandated Single Audit designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited district's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. The district is also required to undergo an annual Minnesota State Legal Compliance Audit under Minnesota Statute §6.65. Verification of the adherence to these requirements are contained within the districts independent audit report.

#### **ACCOUNTING AND BUDGETING**

A major function of the district's accounting system is to provide adequate internal accounting controls. These practices and controls are designed to provide reasonable safeguarding of assets against loss from unauthorized use, and the credibility of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable safeguarding establishes that the cost of internal controls should not exceed the benefits likely to be derived. In addition, the assessment of the cost and benefits requires estimates and judgments by District leadership. All internal control evaluations occur in this framework. The district believes that its internal accounting controls sufficiently safeguard assets and provide reasonable assurance for proper recording of financial transactions.

Budgetary control is maintained through an annual budget adopted by the School Board for all funds in accordance with state statutes and School Board policy. The adopted budget is the authorizing document for all expenditures. The School Board also approves all checks and wire payments issued each month. The superintendent and the director of business services are authorized to make financial commitments within budgetary guidelines for contracts not requiring sealed bids. Additional expenditure controls are maintained in the business office and in accordance with state statutes. For example, the district cannot incur a negative unassigned balance in the General Fund in excess of 2.50 percent of the prior year's expenditures. The budget is published annually in several forms to inform the public of the district's financial position and operating plan for the fiscal year. The School Board Finance Committee receives reports on a quarterly basis, with the full board receiving such updates in June, November, and February. Board work sessions are also used throughout the year on an as-needed basis to discuss such topics as budgeting planning, facility planning, and referendum planning. This information is also routinely shared with the district wide Leadership Team (DLT.) Principals and program leaders are provided annual allocations for staffing, supplies, equipment purchases, and other ancillary budgets such as use of compensatory aid, staff development, and Title I. Principals and program leaders have viewing access to the district's finance system, which allows for frequent and flexible access to monitoring budget performance in real time. District purchase requests must first be reviewed and approved by a supervisor and inputted into the district's finance system or establish a payment voucher. These requests are then routed to the business office for review to ensure the availability of budgeted funds and appropriate use. Then final approval is made by either the district's director of business services or district accountant. Frequent monitoring and communication of revenues and expenditures by District leadership to the School Board, along with ongoing monitoring by principals and program leaders help provide budget integrity and an opportunity to detect abhorrent budget variances that require correction.

The budget is adopted by the School Board in June of each year for the fiscal year beginning July 1. In the January/February timeframe, the budget is revised based on fall enrollment updates, impact of employee contracts, audit results from the previous fiscal year, or other new information impacting revenues or expenditures, such as legislative updates or access to federal funds such as Corona Relief Funds. The revised budget is presented to the School Board for approval. To accurately track and report financial activities with a focus on program and site-based accounting, the district relies heavily on the Minnesota Department of Education's Uniform Financial Accounting Reporting System (UFARS).

#### SIGNIFICANT EVENTS

In addition to the state and federal funding formulas, the district's finances are directly related to student enrollment. For the past 15 years, the district's enrollment has been on an upward trajectory, peaking in FY 17 with a 4.1 percent increase over FY 16. Since that time, the rate of growth has tapered to more modest growth, until FY 21. In this year, and largely due to COVID-19, the district's enrollment dropped by 2.9 percent from FY 20. Going from FY 21 into FY 23, the district's enrollment dropped another 2.5 percent. During the year of the pandemic, and the first year of post-pandemic, the district experienced more students choosing homeschool, non-public school options, open enrollment into other (smaller) school districts around the District's parameter, and finally, families moving out of the community to find work in larger metropolitan centers. In the fall of 2020, the district realized roughly 350 fewer students than expected. In the fall of 2021, a loss of another 100 + students. This resulted in a significant loss of revenue and required the district to make mid-year plans on expense containment in FY 21, which turned out to be somewhat successful. Nonetheless, the District identified \$7.56 million in reductions for the 2021-22 school year. This was equivalent to roughly 6.5 percent of the district's general fund operating budget. Despite these reductions, the district was able to maintain relatively low classes, especially in the elementary grades. In FY 22, once the balanced budget was presented and board approved in June 2021, the District kept a watchful eye on enrollment counts through the summer of 2021. By October, it was clear that enrollment continued to decline. At this time, the district decided to leverage the ESSER III funds (\$8.1 million) it had available to help offset the revenue loss due to declining enrollment so that school district operations could continue, and students and staff maintain the tools and supports to successfully transition out of the pandemic. As a result of using these funds in this manner, the district was able to grow its total general fund balance by \$6.7 million, resulting in a total general fund balance of \$14 million, which is 12.2 percent (45 days of operation).

With enrollment decline continuing into the fall of 2022, the district realized roughly 261 students fewer than expected. Heading into the 23-24 and 24-25 school years, enrollment remains steady with a slight decrease due to a drop in birth rates which is resulting in fewer kindergartners entering the district. This trend is occurring nationwide. The district continues to work closely with community business and government partners to monitor local economic growth and its impact on student enrollment recovery after the pandemic. The Greater Mankato Area continues to be a growing and thriving community, and is one of four Metropolitan Statistical Areas (Duluth, Rochester, and Saint Cloud being the others) in greater Minnesota.

#### DISTRICT FINANCIAL PLANS FOR THE FUTURE

# Financial Planning

In the spring of 2022, the district engaged the FY 23 budget cycle with the understanding and acceptance that the district would deficit spend in FY 23, using the fund balance that grew after FY 22. The driver behind this decision was a desire to help students and staff "return to normal," and to the best of their abilities, address the loss of learning that occurred for students starting in the spring of 2020. With this planned deficit spend, coupled with continued decline in enrollment, the district was faced with a substantial budget reduction of \$9 million for the FY 24 budget. During the 2023 legislative session, there was a large investment in public education by our legislature. This will allow the district to utilize the increased basic formula aid and the special education cross subsidy reduction aid to help stabilize its budget in FY 24 and beyond. We are hopeful that the 2025 legislative session will secure additional funding to address the inflationary gap in our basic formula aid and further reduce the special education cross subsidy.

<u>Upcoming Referendums:</u> The District passed a renewal and increase to its local operating levy in November 2017. The total amount per pupil of generated revenue is currently at \$1,284 per pupil unit. This includes the \$424 per pupil in Local Operating Revenue and \$300 per pupil in the "board approved" levy. This generates approximately \$10 million for the district's general fund. This is a 10-year levy, and the district will need to renew no later than November 2027. It is likely in the next five years that the district will need to ask the taxpayers to support an increase in its operating levy. While the investment by the legislature in 2023 was significant, the basic formula aid is still not keeping pace with inflationary increases. In FY 25, districts would need to have an increase of 18.6% in its basic formula aid to match inflation. In addition, there were several new programs and requirements created during the legislative session that were not funded but will result in increased costs.

<u>Financial Management:</u> Every spring, revenue and expense projections comprise the financial forecast for the following fiscal year. This forecast determines allocation for all program budgets which include staffing, supplies, capital allocations, and any special programs or initiatives. These allocations are reviewed by the Superintendent, Executive Cabinet members, principals, and other members of the District leadership team before it is reviewed by the school board finance committee and community advisory committee. The budget plan is then brought to the full school board in June for review and approval by June 30.

Program Innovation: The District provides many opportunities for student growth and development well beyond the traditional "3 R's." To this end, the district engages students in many ways and at many levels to fully develop their potential academically, socially, emotionally, and creatively. For example, the District's Career Pathways program provides students with real life experiences and mentorships in areas such as healthcare, agribusiness, and trades. The District's one-to-one laptop initiative ensures that all students in grade 6 through 12 have equal and equitable access to technology and the resources available to them in the global learning space. The District also places a priority emphasis (especially during the pandemic) on developing students' social and emotional learning. This is done through a robust deployment of using and teaching Positive Behavior Intervention Strategies (PBIS) and restorative practices. Students also stay engaged in their learning through the District's commitment to Achievement and Integration programming, as well as Alternative Delivery of Specialists Instructional Services (ADSIS). Because of the District's commitment to innovation, students in MAPS 77 have consistently out-paced their state-wide peer groups in areas of standardized test scores, high school graduation rates, and the percentage of students going onto college.

#### **ECONOMIC FACTORS**

The District is located in Blue Earth, Nicollet, and Le Sueur Counties, at the confluence of the Blue Earth and Minnesota Rivers, and part of the Minnesota River Valley. The Greater Mankato Area is a regional hub for manufacturing, agribusiness, health care, and education. According to the most recent data at the Minnesota Department of Employment and Economic Development, the Great Mankato Area has experienced an average of a .78 percent per year growth in employment during the past fifteen years. Moreover, another indicator of a vibrant and growing Mankato community can be seen in the growth of the district's total market value on all properties. Property valuation has increased steadily over the past 10 years, averaging a 9.4 percent increase per year during this period. Total market valuation in 2023 was \$8.8 billion. A strong and diverse tax base is very important when the District is trying to pass either voter approved operation or bond referendums.

State funding comprises the majority of financial resources for E-12 public schools in Minnesota. In addition, in MAPS 77 roughly 16.5 percent (\$20.1 million) of the general fund revenues comes from local property taxes. Of this amount, roughly 27 percent comes from the previously referenced voter approved operating levy.

All E-12 public school districts in Minnesota are dependent on state funding for ongoing operations. Almost 40 percent of the state's general fund budget is dedicated to E-12 public schools. As such, the state-wide economic conditions, which promote tax revenue to fund schools, will remain a key driver of the school district's financial health now and into the future.

#### CERTIFICATE OF EXCELLENCE

This report will be submitted to the Association of School Business Officials International for consideration for the Certificate of Excellence in Financial Reporting. This is the first time the Mankato Area Public Schools has submitted this report for consideration. The District looks forward to earning the recognition that accompanies the standards of accuracy, clarity, and completeness acknowledged by the Certificate of Excellence in Financial Reporting.

#### **ACKNOWLEDGMENTS**

Preparing and submitting a ACFR requires the dedicated teamwork of many people. Special thank you goes to the Business Office staff and the District's auditors at CliftonLarsonAllen for their dedication, and to Superintendent Dr. Paul Peterson for his leadership and support.

Amanda Heilman

#### **INDEPENDENT AUDITORS' REPORT**

Board of Education Mankato Public Schools Independent School District No. 77 Mankato, Minnesota

# Report on the Audit of the Financial Statements

# **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Mankato Public Schools Independent School District No. 77, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Board of Education
Mankato Public Schools
Independent School District No. 77

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Board of Education
Mankato Public Schools
Independent School District No. 77

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the Schedule of Changes in the District's Total OPEB Liability and Related Ratios, the Schedule of the District's Proportionate Share of the Net Pension Liability and the Schedule of District Pension Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of changes in fund equities and the Uniform Financial Accounting and Reporting Standards Compliance Table is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of changes in fund equities and the Uniform Financial Accounting and Reporting Standards Compliance Table is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Board of Education
Mankato Public Schools
Independent School District No. 77

# Report on Summarized Comparative Information

We have previously audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the District as of and for the year ended June 30, 2023 and we have expressed unmodified audit opinions on those audited financial statements in our report dated November 13, 2023. In our opinion the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which is has been derived.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

St. Cloud, Minnesota November 18, 2024

This section of Independent School District No. 77's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2023. Please read it in conjunction with the District's financial statements, which immediately follows this section.

#### **FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2023-2024 fiscal year include the following:

- Net Position of governmental activities increased a total of \$17,053,436. Most of the increase in net position was primarily due to the net effect of the large changes in District's proportionate share of the net pension liability, pension related deferred inflows, and pension related deferred outflows.
- The Unassigned General Fund Balance increased from \$6,912,291 on June 30, 2023 to \$13,730,396 on June 30, 2024. The ending fund balance within the general fund represents 11.15% of annual expenditures. This represents 41 days of operations.
- Total K-12 Average Daily Membership decreased 165 students, down 2.02% from 2022-2023.
- The Community Service Fund Balance experienced an increase in fund balance totaling \$443,006 to \$2,908,273 as of June 30, 2024.

This increase in fund balance occurred in the Unrestricted Fund Balance:

- Enrichment & Leisure Services (courses, classes, camps, experiences for youth and adults): Our current fund balance reflects the hard work and efficiency of our team. By accomplishing more with fewer employees and exceeding our projected enrollment numbers, we were able to generate additional revenue without increasing costs. This approach allowed us to maintain high-quality services while operating within our means.
- O ACES: By stabilizing our hiring practices and solidifying enrollment, we established a consistent stream of revenue and expenditures. This balance enabled the budget to generate revenue over expenditures, contributing to a more stable fund balance. These efforts position us to reinvest in other areas of programming and budgeting, ensuring long-term sustainability and growth.
- Restricted Fund Balances saw a decrease and are anticipated to continue this trend in the coming years, which will require support from the general fund balance.
- The Capital Projects/Construction Fund Balance increased from \$5,898,231 as of June 30, 2023 to \$106,747,775 as of June 30, 2024. The increase is due to MAPS residents approving \$105 million in bond funding to improve safety and security at all schools; address early learning access needs at MAPS Center for Learning; and provide enhanced learning and wellness spaces at Mankato West High School and Dakota Meadows Middle School.
- The Debt Service Fund Balance increased from \$1,485,946 as of June 30, 2023 to \$2,126,027 as of June 30, 2024. The increase is due to higher earnings on investments and a transfer from the OPEB Debt Service Fund. The final bond payment was made on the OPEB bonds in fiscal year 2024. When that happens, a permanent fund transfer of any remaining fund balance is made to the Debt Service Fund.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of the annual report consists of four parts – Independent Auditors' Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and longterm information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the *short term* as well as what remains for future spending.
- Proprietary funds statements offer short- and long-term financial information about the activities the district operates like businesses.
- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data.

#### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

#### **Net Position**

The District's combined net position from Governmental activities was negative \$11,543,996 on June 30, 2024 (see Table A-1). This negative position is due to GASB 68 and GASB 75 that require the District to place its share of net pension liabilities and net OPEB liabilities, in their financial statements.

# Table A-1 The District's Net Position

	Governme as of	Percentage	
	2024	2023	Change
Current and Other Assets	\$ 189,037,017	\$ 71,256,701	165.29 %

# FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

# **Changes in Net Position**

The District's total revenues were \$153,766,072 for the year ended June 30, 2024. Unrestricted state aid accounted for 41%, property taxes accounted for 20%, operating and capital grants accounted for 33%, and charges for services accounted for 4% (see Figure A-1).

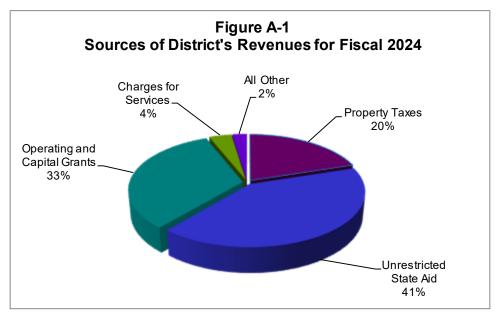

Table A-2

# FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

The total cost of all programs and services was \$136,712,636. Direct instruction related costs accounted for 59%, student support services accounted for 16%, buildings and equipment costs accounted for 10%, community education services and food service accounted for 8%, administration 3%, and other expenses accounted for 4% of the total (see Figure A-2).

In summary, the District has a stable overall financial position with which to continue operations.

# FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

Typically, the District does not include in an analysis of all governmental funds a breakout of expenditures as depicted in Figure A-2 above. To do so distorts the latitude available to the District to allocate resources to instruction. All governmental funds include not only funds received for the general operation of the district, which are used for classroom instruction, but also includes resources from the Food Service and Community Education Funds, and from resources for fiscal service transactions. Funding for the general operation of the District is controlled by the state and the District does not have the latitude to allocate money received in Food Service or Community Education or for fiscal services to enhance classroom instruction resources. The District cannot take funds from these restricted areas and use the funds to hire teachers to enhance instruction. The previous graph, by pooling all expenditures, implies that the District does have equal access to all funds to impact classroom instruction. In Minnesota, that is simply not an option. Therefore, a more accurate analysis of resources allocated to instruction should be limited to an analysis of resources received for the general operation of the District.

Table A-3
Program Expenses and Net Cost of Services

	Total Cost	of Services	Percentage	Net Cost of	of Services	Percentage
	2024	2023	Change	2024	2023	Change
Administration	\$ 4,151,984	\$ 3,638,057	14.13 %	\$ 3,185,102	\$ 3,464,602	(8.07)%

Total	\$ 136,712,636	\$ 122,310,822	11.77	\$ 80,738,796	\$ 74,217,185	8.79

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District's financial position is the product of many factors. The District continues to budget revenues conservatively and implements tight expenditure controls. Board of Education Policy establishes an unassigned fund balance level that equals a one-month operating reserve.

Overall, the District's total governmental fund balances increased by \$108,401,565 for the year ended June 30, 2024. This is primarily the result of the issuance of school building bonds for the betterment of District facilities.

#### **GENERAL FUND**

The General Fund includes the primary operations of the District in providing educational services to students from kindergarten through Grade 12, including pupil transportation activities and capital outlay projects.

Approximately 90% of General Fund operational revenue is controlled by a complex set of state funding formulas resulting in the local Board of Education having no meaningful authority to determine the level of resources. Other state formulas then determine what portion of the revenue will be provided by property taxes and what portion will come from state aid.

#### **ENROLLMENT**

Enrollment is a critical factor in determining revenue, with approximately 90% of General Fund revenue being determined by enrollment. The following chart shows that the number of students in each of the last five years.

Table A-4
Five-Year Enrollment Trend
Average Daily Membership (ADM)

Grade	2020	2021	2022	2023	2024
EC	150	122	125	148	149
HK	128	100	99	97	-
Kdgt.	549	510	517	476	535
1-3	2,012	1,908	1,783	1,797	1,770
4-6	2,122	1,971	1,923	1,787	1,792
7-12	3,851	3,891	3,932	3,872	3,766
Total E-12 ADM	8,812	8,502	8,379	8,177	8,012
ADM Change	159	(310)	(123)	(202)	(165)
Percent Change	1.84%	-3.52%	-1.45%	-2.41%	-2.02%

As depicted in Table A-4, average daily membership had increased steadily in previous years. Fiscal year 2021 experienced a 3.52% decrease in average daily membership primarily due to the COVID-19 pandemic and the related changes in the environment school districts had to operate and continued to impact in enrollment in fiscal year 2023. Students continued to opt into non-public schools, on-line schools, homeschooling, and open enrolling into other school districts around the District's perimeter. Heading into the 23-24 and 24-25 school years, enrollment remains steady with a slight decrease due to a drop in birth rates which is resulting in fewer kindergartners entering the district. This trend is occurring nationwide. The district continues to work closely with community business and government partners to monitor local economic growth and its impact on student enrollment recovery after the pandemic. The Greater Mankato Area continues to be a growing and thriving community, and is one of four Metropolitan Statistical Areas (Duluth, Rochester, and Saint Cloud being the others) in greater Minnesota.

# **GENERAL FUND (CONTINUED)**

The following schedule presents a summary of General Fund Revenues.

Table A-5
General Fund Revenues

	Year	Ended	Chang	e
			Increase	Percent
	June 30, 2024	June 30, 2023	(Decrease)	Change
Local Sources:				_
Property Taxes	\$ 20,083,648	\$ 19,649,648	\$ 434,000	2.2 %
Earnings on Investments	815,423	564,804	250,619	44.4
Other	5,765,662	5,479,829	285,833	5.2
State Sources	96,913,796	87,741,566	9,172,230	10.5
Federal Sources	5,075,696	5,047,109	28,587	0.6
Total General Fund Revenues	\$ 128,654,225	\$ 118,482,956	\$ 10,171,269	8.6

Total General Fund Revenue increased by \$10,171,269 or 8.6% from the previous year, due to the District receiving additional compensatory and special education funding. Basic general education revenue is determined by multiple state formulas, largely enrollment driven, and consists of an equalized mix of property tax and state aid revenue. Other state-authorized revenue including operating levy referendum and the property tax shift also involve an equalized mix of property tax and state aid revenue. The mix of property tax and state aid can change significantly from year to year without any net change on total revenue.

The following schedule presents a summary of General Fund Expenditures.

Table A-6
General Fund Expenditures

		Year Ended			Change		
						Increase	Percent
	June 30, 2024		June 30, 2023		(	Decrease)	Change
Salaries	\$	67,431,254	\$	68,486,394	\$	(1,055,140)	(1.5)%
Employee Benefits		28,237,857		27,389,999		847,858	3.1
Purchased Services		14,857,366		13,205,917		1,651,449	12.5
Supplies and Materials		4,850,181		4,324,267		525,914	12.2
Capital Expenditures		5,407,569		5,771,641		(364,072)	(6.3)
Other Expenditures		2,359,127		2,757,771		(398,644)	(14.5)
Total Expenditures	\$	123,143,354	\$	121,935,989	\$	1,207,365	1.0

Total General Fund Expenditures increased \$1,207,365 or 1.0% from the previous year.

# **GENERAL FUND (CONTINUED)**

The total fund balance at June 30, 2024 is \$20,582,627. Of this amount \$6,115,337 is restricted for specific purposes by state requirements; \$690,000 is assigned for severance.

In our analysis of significant variances between original and final budget amounts and between final budget amounts and actual results in the General Fund, there are no variances in revenues or expenditures that will have a significant effect on future services or liquidity. The positive budgetary fluctuation in revenues is due to the District receiving significant increases in state aid, compensatory and special education funding. The expenditures ended the year over budget. This was driven by higher expenditures for elementary and secondary instruction costs and pupil support services.

#### **Food Service Fund**

The Food Service Fund accounts for the activities related to providing child nutrition services to support the K-12 academic program. The fund operates with the goal that revenues exceed expenditures on day-to-day school breakfast and lunch operations so that the excess can be used to systematically replace and upgrade kitchen equipment at all school kitchen locations. By operating in this manner, the child nutrition services program is self-supporting and does not rely upon resources from K-12 instruction programs other than for use of school facilities.

The Food Service Fund Balance at June 30, 2024 is \$3,614,735, a decrease of \$263,552 from June 30, 2023.

Food Service Fund Revenues for the year ended June 30, 2024 totaled \$6,277,053. This was an increase of \$845,725 or 15.97% from the year ended June 30, 2023. Local sources from meal sales were down significantly from the prior year due to all students qualifying for free meals for all fiscal year 2024.

Food Service Fund Expenditures for the year ended June 30, 2024 totaled \$6,540,605. This was an increase of \$1,372,811 or 26.56% from the year ended June 30, 2023.

# **Community Service Fund**

The Community Service Fund accounts for the activities related to providing education and recreation programs for Pre-Kindergarten and Post-Grade 12 students. The fund operates on the goal of breaking even on a yearly basis so that it does not rely upon resources from K-12 instructional programs other than for use of school facilities.

The Community Service Fund Balance at June 30, 2024 is \$2,908,273, an increase of \$443,006 from June 30, 2023.

# **GENERAL FUND (CONTINUED)**

# **Community Service Fund (Continued)**

Community Service Fund Revenues and Other Financing Sources for the year ended June 30, 2024 totaled \$7,023,168. This was an increase of \$248,291 or 3.66% from the year ended June 30, 2023. This increase is largely due to seeing an increase in tuition, fees, and state aid.

Community Service Fund Expenditures for the year ended June 30, 2024 totaled \$6,580,162. This was an increase of \$237,596 or 3.75% from the year ended June 30, 2023. This increase is directly the result of an increase in programming.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

# **Capital Assets**

By the end of fiscal 2024, the District had invested \$257,915,081 in a broad range of capital assets, including school buildings, athletic facilities, computer, and audio-visual equipment (see Table A-7). Total depreciation expense for the year was \$7,319,406. The District has \$4,209,987 of capital assets leased. These are referred to as Right-to Use assets. The leases are for a broad range of items, including buildings, computers, and audio-visual equipment. Total amortization expense for the year was \$476,505. (More detailed information about capital assets can be found in Note 3 to the financial statements.)

Table A-7
Capital Assets

	 2024	2023	Percentage Change
Land	\$ 7,668,461	\$ 7,668,461	- %
Construction in Progress	16,586,366	14,766,253	12.3
Land Improvements	14,104,989	13,700,460	3.0
Buildings and Improvements	198,938,274	184,047,615	8.1
Equipment	20,616,991	19,059,224	8.2
Less: Accumulated Depreciation	(94,428,055)	(87,108,649)	8.4
Right-to-Use Buildings	3,919,849	3,919,849	-
Right-to-Use Building Improvements	290,138	290,138	-
Right-to-Use Equipment	-	58,487	(100.0)
Less: Accumulated Amortization	(1,371,023)	(953,005)	43.9
Total District Capital Assets	\$ 166,325,990	\$ 155,448,833	7.0

# CAPITAL ASSET AND DEBT ADMINISTRATION (CONTINUED)

#### **Debt Service Fund**

The Debt Service Fund exists to service the principal and interest payments on long-term debt issued by the District to construct school facilities or acquire school equipment. Annual levies will provide revenue at a rate of 105% of pending debt service payments for a fiscal year. This rate is specified in statute to ensure that principal and interest payments can be made as scheduled even if there are late property tax payments or delinquencies that may arise.

The fund balance of \$2,126,027 as of June 30, 2024 was an increase of \$640,081 from fund balance as of June 30, 2023. The increase is due to higher earnings on investments and a transfer from the OPEB Debt Service Fund. The final bond payment was made on the OPEB bonds in fiscal year 2024. When that happens, a permanent fund transfer of any remaining fund balance is made to the Debt Service Fund. The fund balance amount along with the payable 2023 levy and state aid is sufficient to make pending principal and interest payments.

#### **Bond Rating**

The District's general obligation bonds carry ratings of A1.

# **Long-Term Liabilities**

At year-end, the District had \$225,617,405 in general obligation bonds, bond premium/discount and lease purchase agreements, and leases payable under GASB 87. The District's long-term liabilities also include severance and wellness benefits payable, compensated absences payable, the District's net pension liability, and the District's net OPEB liability. More detailed information about the District's long-term liabilities is presented in Note 5 of the financial statements.

Table A-8
The District's Long-Term Liabilities

	 2024	 2023	Percentage Change
General Obligation Bonds	\$ 206,690,000	\$ 108,760,000	90.0 %
Direct-Borrowing Payable	809,000	1,204,000	(32.8)

#### **FACTORS BEARING ON THE DISTRICT'S FUTURE**

With the exception of the voter-approved excess operating referendum, the District is dependent on the state of Minnesota for its revenue authority. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation. The state of Minnesota increased the general funding formula by 2.0 percent for FY 23 and another 4.0 percent for FY 24. This will help stabilize school district budgets, but will not remain sufficient to off-set the many years of compounded funding gap created by formula increases not keeping pace with basic inflation and the general operating expense of managing a school district.

The District will strive to maintain its long-standing commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility. The influx of federal funds has been quite beneficial in helping off-set expenses.

However, the most significant impact on the District's finances is the revenue lost due to lost enrollment. This lost revenue has lagging effects on the District's budgeting and planning process.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Independent School District No. 77, 10 Civic Center Plaza, Suite One, Mankato, Minnesota 56001.

## MANKATO PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 77 RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2024

(IWITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2023)

		2024		2023
Total Fund Balance for Governmental Funds	\$	135,979,437	\$	27,577,872
Total net position reported for governmental activities in the statement of net position is different because:				
Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:				
Land Construction in Progress Land Improvements, Net of Accumulated Depreciation Buildings and Improvements, Net of Accumulated Depreciation Equipment, Net of Accumulated Depreciation Right-to-Use Lease, Net of Accumulated Amortization		7,668,461 16,586,366 7,492,889 125,778,451 5,960,859 2,838,964		7,668,461 14,766,253 7,730,345 116,437,629 5,530,676 3,315,469
Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as unearned revenue in the funds.		191,343		276,405
When a bond defeasance occurs the difference between the amount paid to the refunded bond escrow and the principal of the defeased debt is expensed in the governmental funds. These expenditures are capitalized on the statement of net position as deferred charges.				
Losses on Debt Refunding Gains on Debt Refunding		123,611 (43,374)		140,435 (57,045)
Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditures when due.		(2,971,052)		(1,648,349)
The District's OPEB liability and related deferred inflows and outflows are recorded only on the statement of net position. Balances at year-end are:				
Net OPEB Liability Deferred Inflows of Resources - Other Post Employment Benefits Deferred Outflows of Resources - Other Post Employment Benefits		(6,824,503) (3,244,962) 1,037,881		(6,826,043) (3,769,461) 1,578,961
The District's net pension liability and related deferred inflows and outflows are recorded only on the statement of net position. Balances at year-end are:				
Net Pension Liability Deferred Inflows of Resources - Pensions Deferred Outflows of Resources - Pensions		(83,044,537) (7,671,105) 18,094,187		(86,398,628) (18,489,867) 26,288,051
Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net position. Balances at year-end are:				
Bonds Payable Direct-Borrowing Payable Unamortized Premiums Leases Payable Financed Purchase Payable Severance and Health Benefits Payable Compensated Absences Payable		(206,690,000) (809,000) (13,132,839) (3,138,385) (1,847,181) (3,316,550) (817,406)		(108,760,000) (1,204,000) (4,306,306) (3,539,786) (1,251,324) (3,070,107) (796,445)
Internal service funds are used by management to charge the costs of health and dental insurance services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. Internal service fund net position at year-end is:		254,449		209,372
Total Net Position of Governmental Activities	\$	(11,543,996)	\$	(28,597,432)

# MANKATO PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 77 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2024

(WITH SUMMARIZED FINANCIAL INFORMATION FOR THE YEAR ENDED JUNE 30, 2023)

	2024	2023
Net Change in Fund Balance - Total Governmental Funds	\$ 108,401,565	\$ (27,200,573)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays and acquisition of right-to-use assets as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation or amortization expense.		
Capital Outlays Depreciation and Amortization Expense	18,673,068 (7,795,911)	27,469,128 (7,403,580)
Some capital asset additions are financed through finance purchase obligations. In governmental funds, a finance purchase obligation arrangement is considered a source of financing, but in the statement of net position, the finance purchase obligation is reported as a liability. Repayment of finance purchase obligation principal is an expenditure in the governmental funds, but repayment reduces the finance purchase obligation in the statement of net position.		
Other Financing Source - Financed Purchase	(1,315,400)	(593,162)
Change in Accrued Interest Expense - Financed Purchase Lease	6,671	25,989
Principal Payments - Financed Purchases	719,543	924,301
Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures and, therefore, are unearned in the governmental funds.	(85,062)	29,234
Pension expenditures in the governmental funds are measured by current year employer contributions. Pension expenses on the statement of activities are measured by the change in the net pension liability and the related deferred inflows and outflows of resources.	5,978,989	17,664,657
In the statement of activities, certain operating expenses - severance benefits and compensated absences - are measured by amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (amounts actually paid).	(267,404)	1,086,319
In the statement of activities, OPEB expenses are measured by the change in the net OPEB asset or liability. In the governmental funds, however, expenditures for this obligation are measured by the amount of financial resources paid to the District's irrevocable OPEB trust.	(15,041)	(193,191)
The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Also, governmental funds report the effect of premiums when debt is first issued, whereas these amounts are amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:		
General Obligation Bond Proceeds	(105,000,000)	-
Bond Premium	(9,415,643)	-
Repayment of Bond Principal	7,465,000	7,134,000
Principal Payments - Leases	401,401	540,738
Change in Accrued Interest - General Obligation Bonds	(1,329,374)	(43,990)
Amortization of Bond Premium	589,110	573,862
Amortization of Deferred Charges on Refunding Bonds	(3,153)	(6,584)
Internal service funds are used by the District to charge the costs of employee health and dental benefits to individual funds. The net revenue of the internal service funds is reported with governmental activities.		
to marriada rando. The net revenue of the internal service funds is reported with governmental activities.	 45,077	 9,413
Total	\$ 17,053,436	\$ 20,016,561

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Basis of Presentation

The financial statements of Independent School District No. 77 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The GASB pronouncements are recognized as accounting principles generally accepted in the United States of America for state and local governments.

### B. Financial Reporting Entity

Independent School District No. 77 (the District) is an instrumentality of the state of Minnesota established to function as an education institution. The elected Board of Education (Board) is responsible for legislative and fiscal control of the District. A Superintendent is appointed by the Board and is responsible for administrative control of the District.

Accounting Principles Generally Accepted in the United States of America (GAAP) require that the District's financial statements include all funds, departments, agencies, boards, commissions, and other organizations which are not legally separate from the District. In addition, the District's financial statements are to include all component units – entities for which the District is financially accountable.

Financial accountability includes such aspects as appointing a voting majority of the organization's governing body, significantly influencing the programs, projects, activities, or level of services performed or provided by the organization or receiving specific financial benefits from, or imposing specific financial burden on, the organization. These financial statements include all funds of the District. There are no other entities for which the District is financially accountable.

Student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside of school hours. The Board of Education does have a fiduciary responsibility in establishing broad policies and ensuring that appropriate financial records are maintained for student activities. Therefore, in accordance with Minnesota state statutes, the student activity accounts are included in the General Fund.

### C. Basic Financial Statement Presentation

The District-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary funds. The fiduciary funds are only reported in the Statement of Fiduciary Net Position at the fund financial statement level.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basic Financial Statement Presentation (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational, or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Depreciation expenses that can be specifically identified by function are included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities. Generally, the effect of material interfund activity has been removed from the District-wide financial statements.

Separate fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Fiduciary funds are presented in the fiduciary fund financial statements by type; privatepurpose trust, OPEB trust, and Custodial funds. Since by definition, fiduciary fund assets are being held for the benefit of a third party and cannot be used for activities or obligations of the District, these funds are excluded from the District-wide statements.

The Internal Service Fund is presented in the proprietary fund financial statements. Because the principal user of the internal services is the District's governmental activities, the financial statement of the Internal Service Fund is consolidated into the governmental column when presented in the District-wide financial statements. The cost of these services is reported in the appropriate functional activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods and services in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the District's internal service fund is charges to customers for service. Operating expenses for the internal service fund include the cost of services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting, transactions are recorded in the following manner:

Revenue Recognition – Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year-end. State revenue is recognized in the year to which it applies according to Minnesota Statutes and the accounting principles generally accepted in the United States of America. Minnesota Statutes include state aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure is made. Food service sales, community education tuition, and other miscellaneous revenue (except investment earnings) are recorded as revenue when received because they are generally not measurable until then. Investment earnings are recorded when earned because they are measurable and available. A sixmonth availability period is generally used for other fund revenue.

Recording of Expenditures – Expenditures are generally recorded when a liability is incurred. However, expenditures are recorded as prepaid for approved disbursements or liabilities incurred in advance of the year in which the item is to be used. Principal and interest on long-term debt issues are recognized on their due dates.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus and Basis of Accounting (Continued)

### **Description of Funds**

The existence of the various District funds has been established by the state of Minnesota, Department of Education. The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. A description of each fund included in this report is as follows:

### Major Governmental Funds

<u>General Fund</u> – The General Fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations and pupil transportation activities of the District, as well as the capital related activities such as maintenance of facilities, equipment purchases, and health and safety projects.

<u>Food Service Special Revenue Fund</u> – The Food Service Fund is used to account for food service revenues and expenditures. Revenues for the Food Service Fund are generated from user fees, federal reimbursements, and state aids.

<u>Community Service Special Revenue Fund</u> – The Community Service Fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, veterans, adult or early childhood programs, or other similar services. Revenues for the Community Service Fund are generated primarily from user fees, local property taxes, state credits, and federal reimbursements.

<u>Capital Projects Fund</u> – The Capital Projects Fund is used to account for financial resources used for the acquisition or construction of major capital facilities.

<u>Debt Service Fund</u> – The Debt Service Fund accounts for the accumulation of resources for and the payment of, bond and loan principal, interest, and related costs.

<u>OPEB Debt Service Fund</u> – The Other Postemployment Benefit (OPEB) Debt Service Fund accounts for the accumulation of resources for and the payment of, bond principal, interest, and other costs related to the Other Post Employment Benefit Bonds.

### Proprietary Fund

<u>Internal Service Fund</u> – The Internal Service Fund accounts for financing of goods or services provided by one department to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The District's Internal Service Fund accounts for the District's dental self-insurance program.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### D. Measurement Focus and Basis of Accounting (Continued)

Fiduciary Funds

<u>OPEB Trust Fund</u> – The Other Post Employment Benefit (OPEB) Trust Fund is used to account for resources set aside and held in an irrevocable trust arrangement to pay Other Postemployment Benefits. District contributions to this fund must be expensed to an operating fund.

<u>Custodial Fund</u> – The Custodial Fund is established to account for resources held for others in a custodial capacity. The District's Custodial Fund is used to account for the resources of All Season's Arena and non-trusted scholarships.

### E. Budgeting

Budgets presented in this report for comparison to actual amounts are presented in accordance with accounting principles generally accepted in the United States of America. Each June, the Board of Education adopts an annual budget for the following fiscal year for the General, Food Service, Community Service, and Debt Service Funds. The approved budget is published in summary form in the District's legal newspaper by November 30 of each year. Reported budgeted amounts represent the amended budget as adopted by the Board of Education. Legal budgetary control is at the fund level.

Procedurally, in establishing the budgetary data reflected in these financial statements, the Superintendent submits to the Board of Education prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means to finance them. The budget is legally enacted by Board of Education action. Revisions to budgeted amounts must be approved by the Board of Education.

Total fund expenditures in excess of the budget require approval of the Board of Education. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line-item levels.

Budget provisions for the Debt Service Fund are set by state law governing required debt service levels.

### F. Cash and Investments

Cash and investments consist of interest-bearing accounts, money market funds, mutual funds, municipal bonds, MN Trust, and MSDLAF fund investments. Cash balances from all funds, except the construction, fiduciary funds, are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### G. Receivables

Represents amounts receivable from individuals, firms, and corporations for goods and services furnished by the District. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary. The only receivable not expected to be collected within one year are current property taxes receivable.

### H. Inventories

Inventories are recorded using the consumption method of accounting and consist of food and other supplies on hand at year end and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method, and surplus commodities are stated at standardized cost, as determined by the U.S. Department of Agriculture.

### I. Property Taxes

Property tax levies are established by the Board of Education in December each year and are certified to the County for collection the following calendar year. In Minnesota, counties act as collection agents for all property taxes and are responsible for spreading all levies over taxable property. Such taxes become a lien on January 1.

Taxes are generally due on May 15 and October 15 and counties generally remit taxes to Districts at periodic intervals as they are collected. A portion of property taxes levied is paid through various state tax credits which are included in revenue from state sources in the financial statements.

Generally, tax revenue is recognized in the fiscal year ending June 30, following the calendar year in which the tax levy is collectible, while the current calendar year tax levy is recorded as a deferred inflow of resources (property taxes levied for subsequent year). The majority of District revenue in the General Fund (and to a lesser extent in the District's Community Service Special Revenue Fund) is determined annually by statutory funding formulas. The total revenue allowed by these formulas is then allocated between taxes and state aids by the Legislature based on education funding priorities. Changes in this allocation are periodically accompanied by a change in property tax revenue recognition referred to as the "tax shift."

In accordance with state law, the current tax shift consists of an amount equal to 31% of the District's 2000 Pay 2001 operating referendum levy, which is frozen at \$751,973, for the District. The tax shift also includes certain other levies that are recognized early based on statutory requirements.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### I. Property Taxes (Continued)

Taxes that remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is a deferred inflow of resources because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes has been provided as such amounts are not expected to be material. Current levies of local taxes, less the amount recognized as revenue in the current period, including portions assumed by the state which will be recognized as revenue in the next fiscal year beginning July 1, 2024, are included in Property Taxes Levied for Subsequent Year to indicate that, while they are current assets, they will not be recognized as revenue until the following year.

### J. Capital Assets

Capital assets are capitalized at historical cost or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The District capitalizes all at a threshold level of \$4,000 for individual purchases and \$175,000 for bulk purchases. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the District-wide financial statements, but not in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

Right-to-use lease are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

Capital assets not being depreciated include land and construction in progress.

The District does not possess any material amounts of infrastructure capital assets. Items such as sidewalks and other land improvements are considered to be part of the cost of building or other improvable property.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### K Deferred Outflows of Resources

In addition to assets, the financial statements reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until that time. The District has three items that qualify for reporting as this element. The first relates to losses on refunding of certain bond issuances of the District which will be recognized over the shorter of the remaining years to maturity of the old bonds or the years to maturity of the related refunding bonds. The second relates to pension related deferred outflows of resources will be recognized as expenditures in subsequent years. The third relates to other postemployment benefits related deferred outflows of resources will be recognized as expenditures in subsequent years.

### L. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### M. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis, and Minneapolis School District. This direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association in 2015.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### M. Pensions (Continued)

PERA has a special funding situation created by direct aid contributions made by the state of Minnesota for the merger of the Minneapolis Employees Retirement Fund into GERF in fiscal year 2015.

### N. Accrued Employee Benefits

### Vacation Pay and Sick Leave

Employees earn annual vacation pay at rates dependent upon each employee group labor contract. At June 30, certain employee groups may carry forward up to one year of unpaid vacation. The expenditure for vacation pay is recognized when payment is made.

Substantially all District employees are entitled to sick leave at various rates. For certain eligible employees, unused sick leave is converted to wellness units which are used to calculate severance pay upon termination.

### **Severance and Wellness Benefits Payable**

Upon leaving the employment of the District, employees meeting years of service and age requirements receive reimbursement for unused wellness credits, sick days, or vacation days. Employees are compensated for each unused credit or day at a set reimbursement rate, with the maximum severance benefit specified in the employment contract. A liability is recorded for all eligible employees.

The District budgets for payment of severance benefits for the ensuing year when it anticipates the retirement of personnel requiring severance payments. The payment of severance benefits is recorded as a current expenditure in the year of the payment. Expenditures for severance pay made in 2024 were \$562,444. A liability for severance and wellness benefits payable totaling \$3,316,550 is recorded in the Statement of Net Position.

### O. Net Other Postemployment Benefits Liability

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trust Fund and additions to/deductions from OPEB Trust Fund's fiduciary net position have been determined on the same basis as they are reported by OPEB Trust Fund. For this purpose, OPEB Trust Fund recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. See Note 9 for further information.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### P. Fund Balance

In the fund financial statements, governmental funds report nonspendable, restricted, committed, assigned, and unassigned fund balances. Nonspendable portions of fund balance relate to inventories and prepaid items. Restricted funds are constrained from outside parties (statute, grantors, bond agreements, etc.). Committed fund balances are established and modified by a resolution approved by the Board of Education. The Board of Education passed a resolution authorizing the Superintendent and Director of Business Services to assign fund balances and their intended uses. Unassigned fund balances are considered the remaining amounts. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the District's policy to use restricted first, then unrestricted fund balance. When an expenditure is incurred for purposes for which committed, assigned, and unassigned amounts are available, it is the District's policy to use committed first, then assigned, and finally unassigned amounts.

The District has a minimum fund balance policy, which identifies a minimum unassigned or restricted for other purposes fund balance of one month's expenditures in each of its funds.

The District's liabilities for compensated absences, severance and wellness benefits, pension, and OPEB are generally liquidated by the General Funds.

### Q. Deferred Inflows of Resources

In addition to liabilities, the financial statements reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has six types of deferred inflows of resources. The first occurs because property tax receivables are recorded in the current year, but the revenue will be recorded in the subsequent year. The second type of deferred inflow of resources occurs because governmental fund revenues are not recognized until available (collected not later than 60 days after the end of the District's year-end) under the modified accrual basis of accounting. The third type of deferred outflow is pension related as discussed in Note 7. The fourth relates to gains on refunding of certain bond issuances of the District which will be recognized over the shorter of the remaining years to maturity of the old bonds or the years to maturity of the related refunding bonds. The fifth relates to other postemployment benefits related deferred inflows of resources will be recognized as expenditures in subsequent years. The sixth relates to leasing activity where the District is a lessor.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### R. Unearned Revenues

Unearned revenues are those in which resources are received by the District before it has a legal claim to them. The General Fund reported unearned revenue for grant revenues. In the Food Service Fund, fees collected for student meals not used are classified as unearned. In the Community Service Fund, the District reported unearned revenues related to prepaid student and community courses.

### S. Statement of Cash Flows

For purposes of the statement of cash flows, the District considers all demand accounts and savings accounts related to the Internal Service Fund to be cash and cash equivalents. Cash and cash equivalents are included in cash and investments.

### T. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the District-wide, proprietary fund, and fiduciary fund financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the District-wide financial statement when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

### U. Summarized Comparative Information

The basic financial statements include certain prior-year summarized comparative information in total but not at the level required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2023, from which the summarized information was derived.

### NOTE 2 DEPOSITS AND INVESTMENTS

### A. Deposits

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the District's deposits will not be returned in full. The District does not have a deposit policy for custodial credit risk and follows Minnesota Statutes for deposits.

The District maintains a cash and investment pool that is available for use by all governmental and proprietary funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Investments". In accordance with Minnesota Statutes, the District maintains deposits at financial institutions which are authorized by the District's Board.

Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds.

The District's deposits in banks at June 30, 2024 were entirely covered by federal depository insurance or by surety bonds and collateral in accordance with Minnesota Statutes.

### B. Investments

The District may also invest idle funds as authorized by Minnesota Statutes as follows:

- Direct obligations or obligations guaranteed by the United States or its agencies.
- Shares of investment companies registered under the Federal Investment Company Act of 1940 and receives the highest credit rating, is rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of thirteen months or less.
- General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- General obligations of the Minnesota Housing Finance Agency rated "A" or better
- Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- Commercial paper issued by United States corporations or their Canadian subsidiaries, of the highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
- Guaranteed Investment Contracts guaranteed by a United States commercial bank, domestic branch of a foreign bank, or a United States insurance company, and with a credit quality in one of the top two highest categories.
- Repurchase or reverse purchase agreements and securities lending agreements
  with financial institutions qualified as a "depository" by the government entity,
  with banks that are members of the Federal Reserve System with capitalization
  exceeding \$10,000,000, a primary reporting dealer in U.S. government securities
  to the Federal Reserve Bank of New York, or certain Minnesota securities
  broker-dealers.

### NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

### B. Investments (Continued)

In addition, investments held in the OPEB Trust Fund may be invested as authorized by Minnesota state statute section 356A.06, Subdivision 7.

At June 30, 2024, the District had the following investments:

Investments Measured at Fair Value		Fair Value
Municipal Bonds	\$	12,467,393
Mutual Funds		10,985,577
Total	\$	23,452,970
Investments Measured at Amortized Cost	Ar	mortized Cost
Minnesota School District Liquid Asset		
Fund Max Series (MSDMAX)	\$	238,257
Minnesota School District Liquid Asset		
Fund Plus (MSDLAF+)		32,814,020
MN Trust Certificates of Deposit		73,024,500
MN Trust Investment Shares		34,891,570
MN Trust Term Series Money Market		2,556,823
Money Market Funds		228,922
Total Investments at Amortized Cost	\$	143,754,092

The Minnesota School District Liquid Asset Fund is an external investment pool not registered with the Securities Exchange Commission (SEC). The Plus Class has no redemption requirements. The Max Class may not be redeemed for at least 14 days, and a 24-hour hold is placed on redemption requests. Redemption prior to 14 days may be subject to penalty.

The MN Trust Investment Shares Portfolio, MN Trust Term Series Money Market, and MN Trust Limited Term Duration Series are external investment pools, and their investments are valued at amortized cost.

The District had investments in MN Trust Term Series with an interest rate of 0.03%. Redemption prior to the maturity date of the MN Trust Term Series may result in a penalty.

The remaining investments are held by PMA Financial Network as temporary investments of the District's cash.

### Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

### NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

### B. Investments (Continued)

### Credit Risk (Continued)

Credit risk related to the District's investments is as follows:

	Credit Risk
Mutual Funds	NR
MSDMAX	AAAm
MSDLAF+	AAAm
MN Trust Investment Shares	AAAm
MN Trust Term Series Money Market	Not Rated
Municipal Bonds	AA+

### Interest Rate Risk

The District has a formal investment policy that addresses permissible investments, portfolio diversification, and instrument maturities. Investment maturities are scheduled to coincide with projected school district cash flow needs. Within these parameters, it is the District's policy to stagger portfolio maturities to avoid undue concentration of assets, provide for stability of income, and limit exposure to fair value losses arising from rising interest rates. Information about the sensitivity of the fair values of the District's investments to market interest rate risk fluctuations is provided by the distribution of the District's investments by maturity.

As of June 30, 2024, the District's investments have the following maturities:

		Mat	turity				
Туре	Total		Less Than 1		1 to 2		2 to 5
Mutual Funds	\$ 10,985,577	\$	10,985,577	\$	-	\$	-

MN Trust Term Series Money Market	2,556,823		2,556,823		-		-
Municipal Bonds	12,467,393		8,467,393		4,000,000		-
Money Markets	228,922		228,922		-		-
Total	\$ 167,207,062	\$	132,896,562	\$	31,310,500	\$	3,000,000

### **Custodial Credit Risk**

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2024, all investments and collateral were listed in the name of the District.

### NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

### B. Investments (Continued)

### Concentration of Credit Risk

The District does not have a formal policy limiting the amount of the total portfolio that may be invested with any one depository. The Investment Committee is responsible for investment decisions and activities under the direction of the Board of Education.

### C. Balance Sheet Presentation

The deposits and investments are presented in the financial statements as follows:

Deposits	\$	346,885
Cash on Hand		9,990
Minnesota School District Liquid Asset Fund		
Max Series (MSDMAX)		238,257
Minnesota School District Liquid Asset		
Plus (MSDLAF+)		32,814,020

Municipal Bonds		12,467,393
Mutual Funds		10,985,577
Money Markets		228,922
Total	\$ 1	67,563,937
Cash and Investments - Statement of Net Position Cash and Investments - Statement of Fiduciary	\$ 1	56,525,389
Net Position		11,038,548
Total Cash and Investments	\$ 1	67,563,937

### D. Fair Value Measurements

The District uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

The District follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the District has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

### NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

### D. Fair Value Measurements (Continued)

Financial assets and liabilities recorded on the combined statements of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities.

Level 2 – Financial assets and liabilities are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants and would use in pricing the asset.

Assets measured at fair value on a recurring basis:

Investment	Leve	el 1	Level 2	L	evel 3	Total
Mutual Funds	\$	-	\$ 10,985,577	\$	-	\$ 10,985,577
Municipal Bonds		-	12,467,393		-	12,467,393
Total	\$		\$ 23,452,970	\$		\$ 23,452,970

### NOTE 3 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2024 was as follows:

	Beginning					Ending

Total Depreciation and Amortization	_
Expense, Governmental Activities	\$ 7,795,911

### NOTE 4 LONG-TERM LEASE RECEIVABLES

The District, acting as a lessor, leases space to a company for their antenna placement under a long-term, non-cancelable lease agreement. The lease is set to expire in fiscal year 2040. During the year ended June 30, 2024, the District recognized \$11,462 and \$6,328 in lease revenue and interest revenue, respectively, pursuant to this contract.

Total future minimum payments to be received under the lease agreement are as follows:

Year Ending June 30,	F	Principal	Interest		
2025	\$	7,765	\$	6,095	
2026		8,698		5,822	
2027		8,985		5,535	
2028		9,281		5,239	
2029		9,587		4,933	
2030 - 2034		59,940		19,194	
2035 - 2039		79,098		7,949	
2040		8,725		59	
Total	\$	192,079	\$	54,826	

Changes in lease receivable for the year is as follows:

	·	June 30,					J	lune 30,		
		2023	Additions		Ret	irements		2024		
Antenna Lease	\$	198,951	\$		\$	(6,872)	\$	192,079		

### NOTE 5 LONG-TERM LIABILITIES

### A. Components of Long-Term Liabilities

The District has issued general obligation school building bonds to finance the construction and betterment of capital facilities or to refinance previous bond issues. Assets of the Debt Service Fund, together with scheduled future ad valorem tax levies, are dedicated to retire these bonds. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota law.

Total	\$	212,484,566	\$	86,219,345		

### C. Description of Long-Term Liabilities

### **General Obligation Crossover Refunding Bonds, Series 2015B**

On November 5, 2015, the District issued \$6,140,000 of General Obligation Crossover Refunding Bonds, Series 2015B. The proceeds of the issue will be used to refund a portion of the General Obligation School Building Bonds, Series 2008A, which were callable in February 2019. The new issue was issued at a premium of \$75,686. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### General Obligation Crossover Refunding Bonds, Series 2016A

On March 29, 2016, the District issued \$9,700,000 of General Obligation Crossover Refunding Bonds, Series 2016A. The proceeds of the issue will be used to refund the General Obligation School Building Bonds, Series 2008A, which were callable in February 2019. The new issue was issued at a premium of \$325,494. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### NOTE 5 LONG-TERM LIABILITIES (CONTINUED)

C. Description of Long-Term Liabilities (Continued)

### **General Obligation Facilities Maintenance Bonds, Series 2020A**

On October 22, 2020, the District issued \$20,130,000 of General Obligation Facilities Maintenance Bonds, Series 2020A. The proceeds of the issue were used for various long term facilities maintenance projects as described in the District's 10-year facility plan and to pay certain costs associated with the issuance of the bonds. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### General Obligation Crossover Refunding Bonds, Series 2020B

On October 22, 2020, the District issued \$43,650,000 of Taxable General Obligation Crossover Refunding Bonds, Series 2020B. The proceeds of the issue were used to refund the 2025 through 2034 maturities, aggregating to \$41,390,000 in principal amount, of the General Obligation School Building Bonds, Series 2014A. The noted maturities of the 2014A bonds are to be called in February of 2024, but the issuance met the requirements of an in-substance defeasance. Therefore, \$41,390,000 of bonds payable related to the 2014A was removed from the District's financial statements in fiscal year 2021. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### General Obligation Refunding Bonds, Series 2021A

On November 18, 2021, the District issued \$1,598,000 of General Obligation Refunding Bonds, Series 2021A. The proceeds of the issue were used to refund the General Obligation Crossover Refunding Bonds, Series 2015A. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete this refunding will total a gross savings of \$52,534. The present value of the net economic gain resulting from this transaction is \$51,070.

### **Certificates of Participation, Series 2022A**

On March 8, 2022, the District issued \$11,620,000 of Certificates of Participations, Series 2022A. The proceeds of the issue were used for the acquisition and remodel of a facility for early childhood programming and additional storage space and to pay certain costs associated with the issuance of the bonds. Assets of the General fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### General Obligation Facilities Maintenance Bonds, Series 2022B

On May 31, 2022, the District issued \$18,730,000 of General Obligation Facilities Maintenance Bonds, Series 2022B. The proceeds of the issue were used for various long term facilities maintenance projects as described in the District's 10-year facility plan and to pay certain costs associated with the issuance of the bonds. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### NOTE 5 LONG-TERM LIABILITIES (CONTINUED)

C. Description of Long-Term Liabilities (Continued)

### General Obligation School Building Bonds, Series 2024A

On February 15, 2024, the District issued \$105,000,000 of General Obligation School Building Bonds, Series 2024A. The proceeds of the issue were used to provide funds for the acquisition and betterment of school sites and facilities and to pay certain costs associated with the issuance of the bonds. Assets of the Debt Service fund, together with scheduled ad valorem tax levies, are dedicated to retire these bonds.

### **Leases/Finance Purchase Payable**

The District entered into leases/finance purchase agreements for the use of copy machines, iPads, networking equipment, the ECFE building, a tractor and mower, and custodial equipment.

### **Severance and Wellness Benefits Payable**

Severance and wellness benefits payable consist of severance payable to employees upon retirement. Severance has been paid by the General and Special Revenue Funds.

### **Compensated Absences Payable**

Employees earn annual vacation pay at rates dependent upon each employee group labor contract. At June 30, certain employee groups may carry forward up to one year of unpaid vacation. At June 30, 2024, unpaid vacation totaling \$817,406 is recorded in the Statement of Net Position. Vacation benefits have been paid by the General and Special Revenue Funds.

### D. Changes in Long-Term Debt

Changes in long-term debt during the year are summarized as follows:

	June 30,			June 30,
	2023	Additions	Retirements	2024
Bonds Payable	\$ 108,760,000	\$ 105,000,000	\$ 7,070,000	\$ 206,690,000
Direct Borrowings Payable	1,204,000	-	395,000	809,000
Bond Premiums	4,306,306	9,415,643	589,110	13,132,839
Leases Payable	3,539,786	-	401,401	3,138,385
Financed Purchase Payable	1,251,324	1,315,400	719,543	1,847,181
Severance and Wellness				
Benefits Payable	3,070,107	808,887	562,444	3,316,550
Compensated Absences				
Payable	796,445	964,414	943,453	817,406
Total	\$ 122,927,968	\$ 117,504,344	\$ 10,680,951	\$ 229,751,361

### NOTE 6 RESTRICTED AND ASSIGNED FUND BALANCES

### **Fund Equity**

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties. In addition, certain portions of fund balance have been assigned by the District for use for specific purposes.

The following is a summary of the restricted and assigned fund balances for the governmental funds.

### A. Restricted for Student Activities

This is the amount of funds at year-end that relates to student activity funds that are restricted to be utilized by the student activity group that the funds were raised to benefit.

### B. Restricted for Scholarships

This is the amount of cash that is restricted for scholarship funds that are only be utilized for that purpose.

### C. Restricted for Staff Development

In accordance with state statute, this fund balance restriction represents available resources dedicated exclusively for staff development.

### D. Restricted for Literacy Incentive Aid

The fund balance restriction represents accumulated resources available to provide literacy incentive programming.

### E. Restricted for American Indian Education Aid

The fund balance restriction represents accumulated resources available to provide American Indian education programming.

### F. Restricted for Operating Capital

The District levies taxes and receives state aid to be used for the purchase of equipment, books, and vehicles and to purchase, rent, improve, and repair school facilities as allowed by state statute. The cumulative excess of such revenues over equipment and facilities expenditures is reported as a restriction of fund balance in the General Fund.

### G. Restricted for Community Education

The fund balance restriction represents accumulated resources available to provide general community education programming.

### NOTE 6 RESTRICTED AND ASSIGNED FUND BALANCES (CONTINUED)

### **Fund Equity (Continued)**

### H. Restricted for Early Childhood and Family Education

This fund balance restriction represents accumulated resources available to provide services for early childhood family education programming.

### Restricted for Gifted and Talented

This fund balance restriction represents accumulated resources available to provide services for gifted and talented programming.

### J. Restricted for Basic Skills

This fund balance restriction represents accumulated resources available to provide services for basic skills programming.

### K. Restricted for School Library Aid

This fund balance restriction represents accumulated resources available to provide services for school library programming

### L. Restricted for School Readiness

The fund balance restriction represents accumulated resources available to provide school readiness programming in accordance with funding made available for that purpose.

### M. Restricted for Adult Basic Education

The fund balance restriction represents accumulated resources available to provide school readiness programming in accordance with funding made available for that purpose.

### N. Restricted for Medical Assistance

Represents resources to be used for Medical Assistance expenditures.

### O. Restricted for Projects Funded by Certificates of Participation

Represents resources from certificates of participation to be used for the acquisition and remodel of a facility for early childhood programming and additional storage space.

### P. Restricted for Long-Term Facilities Maintenance

Represents unspent State aid to finance facilities plans approved by its board and the commissioner.

### NOTE 6 RESTRICTED AND ASSIGNED FUND BALANCES (CONTINUED)

### **Fund Equity (Continued)**

### Q. Restricted for Student Support Personnel

Represents resources available for student support personnel expenditures.

### R. Restricted for Other Purposes

Represents amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

### S. Assigned for Separation/Retirement Benefits

This assignment represents resources segregated by the District for the payment of retirement benefits.

### NOTE 7 DEFINED BENEFIT PENSION PLANS

Substantially all employees of the District are required by state law to belong to multipleemployer pension plans administered by Teachers' Retirement Association (TRA) or Public Employees' Retirement Association (PERA), all of which are administered on a statewide basis. Disclosures relating to these plans follow:

### A. Plan Description

The District participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA) and Teachers Retirement Fund (TRA). PERA's and TRA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's and TRA's defined benefit pension plans are tax-qualified plans under Section 401(a) of the Internal Revenue Code.

### 1. General Employees Retirement Plan (GERF)

The General Employees Retirement Plan covers certain full time and part-time employees of the District. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

### 2. Teachers Retirement Fund (TRA)

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### A. Plan Description (Continued)

#### 2. Teachers Retirement Fund (TRA) (Continued)

Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul schools or Minnesota State Colleges and Universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through the Defined Contribution Plan (DCR) administered by Minnesota State.

#### B. Benefits Provided

PERA and TRA provide retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

#### 1. General Employee Retirement Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% of average salary for each of the first 10 years of service and 1.7% of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. In 2023, legislation repealed the statute delaying increases for members retiring before full retirement age.

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### B. Benefits Provided (Continued)

#### 2. TRA Benefits

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

Tier I	Step Rate Formula	Percentage
Basic	First Ten Years of Service	2.2% per Year
	All Years After	2.7% per Year
Coordinated	First Ten Years if Service Years Are Up to July 1, 2006	1.2% per Year
	First Ten Years if Service Years Are July 1, 2006 or After	1.4% per Year
	All Other Years of Service if Service Years Are Up to July 1, 2006	1.7% per Year
	All Other Years of Service if Service Years Are July 1, 2006 or After	1.9% per Year

#### With these provisions:

- (a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- (b) 3.0% per year early retirement reduction factor for all years under normal retirement age.
- (c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members is applied. For years of service July 1, 2006 and after, a level formula of 1.9% per year for Coordinated members and 2.7% per year for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota Statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

#### Tier II Benefits

Members first employed after June 30, 1989, receive only the Tier II benefit calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### B. Benefits Provided (Continued)

#### 2. TRA Benefits (Continued)

Tier II Benefits (Continued)

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

#### C. Contributions

#### 1. General Employee Retirement Plan Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature. Coordinated Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2024 and the District was required to contribute 7.50% for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2024 were \$1,302,279. The District's contributions were equal to the required contributions as set by state statute.

#### 2. TRA Contributions

Per Minnesota Statutes, Chapter 354 rates for the fiscal year for coordinated were 7.75% for the employee and 8.75% for the employer. Basic rates were 11.00% for the employee and 12.75% for the employer. The District's contributions to TRA for the plan's fiscal year ended June 30, 2024 were \$4,707,939. The District's contributions were equal to the required contributions for each year as set by state statute.

#### D. Pension Costs

#### 1. General Employee Retirement Plan Pension Costs

At June 30, 2024, the District reported a liability of \$11,619,943 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the state of Minnesota's contribution of \$16 million. The state of Minnesota is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The state of Minnesota's proportionate share of the net pension liability associated with the District totaled \$320,279, for a total net pension liability of \$11,940,222 associated with the District. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### D. Pension Costs (Continued)

#### 1. General Employee Retirement Plan Pension Costs (Continued)

The District's proportionate share of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2022 through June 30, 2023, relative to the total employer contributions received from all of PERA's participating employers. The District's proportionate share was 0.2078% at the end of the measurement period and 0.2129% for the beginning of the period.

For the year ended June 30, 2024, the District recognized pension expense of \$1,526,351 for its proportionate share of the General Employees Plan's pension expense. In addition, the District recognized an additional \$1,439 as pension expense (and grant revenue) for its proportionate share of the state of Minnesota's pension expense for the annual \$16 million contribution.

At June 30, 2024, the District reported its proportionate share of General Employee Retirement Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of		Deferred Inflows of
Description	_	Resources		Resources
Description		resources	Resources	
Differences Between Expected and Actual				
Economic Experience	\$	381,603	\$	80,048
Changes in Actuarial Assumptions		1,881,107		3,184,929
Net Difference Between Projected and Actual				
Earnings on Plan Investments		-		434,546
Changes in Proportion		-		581,894
District Contributions Subsequent to the				
Measurement Date		1,302,279		-
Total	\$	3,564,989	\$	4,281,417

The \$1,302,279 related to pensions resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025.

Other amounts reported as deferred outflows and deferred inflows of resources related to General Employee Retirement Plan pensions will be recognized in pension expense as follows:

	Pension
	Expense
Year Ending June 30,	Amount
2025	\$ (18,630)
2026	(1,942,279)
2027	194,277
2028	(252,075)

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### D. Pension Costs (Continued)

#### 2. TRA Pension Costs

At June 30, 2024, the District reported a liability of \$71,424,594 for its proportionate share of TRA's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the state of Minnesota, city of Minneapolis, and Minneapolis School District. The District's proportionate share was 0.8651% at the end of the measurement period and 0.8684% for the beginning of the period.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the District were as follows:

Description	Amount		
District's Proportionate Share of the TRA Net		_	
Pension Liability	\$	71,424,594	
State's Proportionate Share of the Net Pension			
Liability Associated with the District		5,003,192	
Total	\$	76,427,786	

For the year ended June 30, 2024, the District recognized pension expense of \$(1,508,463). It also recognized \$(494,587) as pension expense and grant revenue for the on-behalf support provided by direct aid.

At June 30, 2024, the District reported its proportionate share of the TRA's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, related to pensions from the following sources:

Description		Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences Between Expected and Actual					
Economic Experience	\$	708,069	\$	1,040,123	
Changes in Actuarial Assumptions		8,320,570		-	
Net Difference Between Projected and Actual					
Earnings on Plan Investments		-		264,918	
Changes in Proportion		792,620		2,084,647	
District Contributions Subsequent to the					
Measurement Date		4,707,939		-	
Total	\$	14,529,198	\$	3,389,688	

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### D. Pension Costs (Continued)

#### 2. TRA Pension Costs (Continued)

A total of \$4,707,939 reported as deferred outflows of resources related to pensions resulting from District contributions to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to TRA will be recognized in pension expense as follows:

	Pension		
	Expense		
Year Ending June 30,	Amount		
2025	\$ 1,008,689		
2026	(658,350)		
2027	7,608,176		
2028	(1,351,389)		
2029	(175,555)		

#### 3. Aggregate Pension Costs and Balances

	 TRA	 GERF	Total
Net Pension Liability	\$ 71,424,594	\$ 11,619,943	\$ 83,044,537
Deferred Outflows of Resources	14,529,198	3,564,989	18,094,187
Deferred Inflows of Resources	3,389,688	4,281,417	7,671,105
Pension Costs	(2,003,050)	1,527,790	(475, 260)

#### E. Actuarial Assumptions

The total pension liability in the June 30, 2023, actuarial valuation was determined using an individual entry-age normal actuarial cost method and the following actuarial assumptions:

Assumptions	GERF	TRA
Inflation	2.25% per Year	2.50% per Year
Active Member Payroll Growth	10.25% to after	2.85% to 8.85%
	one year of service to 3.00% after 27 years of service	before July 1, 2028 and 3.25% to 9.25% after June 30, 2028
Investment Rate of Return	7.00%	7.00%

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### E. Actuarial Assumptions (Continued)

PERA salary growth assumptions were based on a service-related table. PERA mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on Pub-2010 General Employee Mortality table. The tables are adjusted slightly to fit PERA's experience. PERA benefit increases after retirement for retirees are assumed to be 1.25% per year for the General Employees Plan. The assumption for long-term rate of return on pension plan investments is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5% was deemed to be within that range of reasonableness for financial reporting purposes.

TRA pre-retirement mortality rates were based on the RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale. Post-retirement mortality rates were based on the RP-2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale. Post-disability mortality rates were based on the RP-2014 disabled retiree mortality table, without adjustment. TRA cost of living benefit increases 1.0% for January 2019 through January 2023, then increasing by 0.1% each year up to 1.5% annually.

Actuarial assumptions used in the June 30, 2023, valuation were based on the results of actuarial experience studies. The most recent four-year experience study for the PERA General Employees Plan was completed in 2022. The assumption changes were adopted and became effective with July 1, 2023 actuarial valuation.

The following changes in actuarial assumptions for PERA occurred in 2023:

• The investment return and single discount rates were changed from 6.50% to 7.00%.

#### Changes in Plan Provisions

- An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023.
- The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
- The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
- A one-time, non-compounding benefit increase of 2.5% minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

The following changes in actuarial assumptions for TRA occurred in 2022:

There were no actuarial assumption changes since the previous valuation.

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### F. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA and TRA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

			Long-Term
	PERA Target	TRA Target	Expected Real
Asset Class	Allocation	Allocation	Rate of Return
Domestic Equity	33.5 %	33.5 %	5.10%
International Equity	16.5	16.5	5.30%
Private Markets	25.0	25.0	5.90%
Fixed Income	25.0	25.0	0.75%
Totals	100.0 %	100.0 %	

#### G. Discount Rate

The discount rate used to measure the PERA General Employees Plan liability in 2023 was 7.00% (6.50% at the prior measurement date). The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota statutes. Based on these assumptions, the fiduciary net positions of the General Employees Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The discount rate used to measure the TRA pension liability was 7.00%. There was no change since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employee contribution will be made at the fiscal year 2023 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

#### NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### H. Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	• •	6 Decrease in Discount Rate	D	Current iscount Rate	 6 Increase in iscount Rate
GERF Discount Rate		6.00%		7.00%	8.00%
District's Proportionate Share of the GERF Net Pension Liability	\$	20,556,613	\$	11,619,943	\$ 4,269,193
TRA Discount Rate		6.00%		7.00%	8.00%
District's Proportionate Share of the TRA Net Pension Liability	\$	113,916,974	\$	71,424,594	\$ 36,639,407

#### I. Pension Plan Fiduciary Net Position

Detailed information about General Employees Plan's fiduciary's net position is available in a separately issued PERA financial report. That report may be obtained on the Internet at www.mnpera.org.

Detailed information about TRA's fiduciary net position is available in a separately issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org; by writing to TRA at 60 Empire Drive #400, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-2409 or 1-800-657-3669.

#### NOTE 8 DEFINED CONTRIBUTION PLAN

The District provides eligible employees future retirement benefits through the District's 403(b) plan (the Plan). Employees of the District are eligible to participate in the Plan commencing on the date of their employment. Eligible employees may elect to have a percentage of their pay contributed to the Plan. Some employees are eligible to receive a District match of employee contributions up to the qualifying amounts set forth in their respective collective bargaining agreements. Contributions are invested in tax-deferred annuities selected and owned by Plan participants. The amount of pension expense recognized by the employer in the reporting period ended June 30, 2024 was \$988,844.

#### NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN

#### A. Plan Description

The District operates a single-employer retiree benefit plan (the Plan) that provides health insurance, dental insurance, and postretirement life insurance to eligible employees and their spouses through the District's insurance and self-insured dental plans. There are 814 active participants and 73 retired participants. Benefit and eligibility provisions are established through negotiations between the District and various unions representing District employees and are renegotiated each two-year bargaining period.

#### B. Funding Policy and Contributions

The District has assets designated for OPEB. These assets are in a qualified irrevocable trust which is included as a fiduciary fund in these financial statements. The District's investment policy is to follow state statutes as listed in Note 2. The District is assumed to make no future contributions to the trust. Benefit payments equal to the annual direct subsidy plus implicit subsidy are assumed to be made from the trust.

Contribution requirements are also negotiated between the District and union representatives. The District contributes up to 100% of the cost of current year premiums for eligible retired plan members and their spouses. The District also contributes an implicit rate subsidy for retired plan members. This is due to the actual cost for retirees being higher than the average per-person premium for the entire group. For fiscal year 2024, total contributions to the plan were \$551,222.

#### C. Investment Policy

The Trust does not have a formal investment policy. The entire portfolio of investments of the Trust is invested in mutual funds.

For the year ended June 30, 2024, the annual money-weighted rate of return on investments, net of investment expense, was 8.05%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### D. Net OPEB Liability of the District

The components of the net OPEB liability (asset) of the District at June 30, 2024 were as follows:

Total OPEB Liability	\$ 17,849,455
Plan Fiduciary Net Position	11,024,952
District's Net OPEB Liability	\$ 6,824,503
Plan Fiduciary Net Position as a Percentage	 
of the Total OPEB Liability	61.77%

#### NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

#### E. Actuarial Methods and Assumptions

Van Iwaarden Associates has conducted the actuarial valuation of the District's postretirement benefit plans. The most recent report, dated June 30, 2024, documents the Plan's fiscal year 2024 net OPEB liability based on GASB Statement No. 75.

The long-term expected rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits, to the extent that (1) the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and (2) OPEB plan assets are expected to be invested using a strategy to achieve that return, and a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale), to the extent that the conditions above are not met.

The District's net OPEB liability was measured as of June 30, 2024, and the total OPEB liability was determined by an actuarial valuation as of June 30, 2022. Liabilities in this report were calculated as of the valuation date and rolled forward to the measurement date using standard actuarial roll-forward techniques.

The total OPEB liability was determined by an actuarial valuation as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry age normal

year's gain or loss is straight-line
amortized over 5 years.
Effects of Assumption Changes and
Experience Gains and Losses: Each
change is straight-line amortized
over a period equal to the average of
the expected remaining service lives

of all members that are provided with OPEB through the plan.

Investment Gains and Losses: Each

Inflation2.50%Salary Increases3.00%Investment Rate of Return5.50%20-Year Municipal Bond Yield3.97%

Health Care Trend Rates 6.80% grading to 3.90% in 2076

#### NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

#### E. Actuarial Methods and Assumptions (Continued)

Mortality rates for teacher were based on the RP-2014 mortality tables with projected mortality improvements based on scale MP-2015, and other adjustments. Mortality rates for non-teachers were based on the Pub-2010 General mortality tables with projected mortality improvements based on scale MP-2021, and other adjustments.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2021 to June 30, 2022.

Health care cost trend rates used 6.80% for fiscal year 2023, gradually decreasing over several decades to an ultimate rate of 3.90% in fiscal year 2076 and later years.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage (or target allocation, if available) and by adding expected inflation (2.50%).

Best estimates of geometric real and nominal rates of return for each major asset class included in the OPEB plan's asset allocation as of the measurement date are summarized in the following table:

	Target		Long-Term
	Allocation at	Long-Term	Expected
	Measurement	Expected Rate	Nominal Rate of
Asset Class	Date	of Return	Return
Domestic Equity	20.00%	4.91%	7.41 %
International Equity	10.00%	5.32%	7.82
Fixed Income	70.00%	2.30%	4.80
Real Estate and Alternatives	0.00%	3.79%	6.29
Cash and Equivalents	0.00%	0.77%	3.27
Total			5.93
Reduced for Assumed Investment Expense	(0.38)		
Net Assumed Investment Return (Weighted Avg Rounded to 1/4%)			5.50

The discount rate used to measure the total OPEB liability was 4.47%. The projection of cash flows and OPEB trust assets used to determine the discount rate were based on recent employer contribution history and their stated funding policy. The OPEB trust's long-term assumed investment return was used to discount projected benefit payments for as long as projected trust assets are available to fund OPEB payments. Once projected trust assets are exhausted, the municipal bond index rate of 3.97% was applied to the remaining expected benefit payments.

#### NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

#### E. Actuarial Methods and Assumptions (Continued)

The expected employer asset return is based on the long-term expected return on short-term/cash-equivalent assets using a capital market assumption model.

Since the most recent GASB 75 valuation, the following changes have been made:

• The discount rate was changed from 4.40% to 4.47%.

#### F. Changes in the Net OPEB Liability

	Increase (Decrease)

	of \$	324,840 464,702	Outflows of Resources \$ 248,339 324,840 464,702

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Future
Year Ending June 30,	Recognition
2025	\$ (276,211)
2026	(47,194)
2027	(501,965)
2028	(510,832)
2029	(458,872)
Thereafter	(412,007)
Total	\$ (2,207,081)

#### NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

F. Changes in the Net OPEB Liability (Continued)

#### **Trust Funds**

The condensed financial statements of the District's trust funds are as follows:

	OPEB Benefit Trust			
ASSETS Cash and Investments	\$	11,024,810		
Other Assets Total Assets		142 11,024,952		
NET POSITION  Held in Trust for Payment of OPEB Benefits	\$	11,024,952		
ADDITIONS  Employer Contributions  Earnings on Investments  Total Additions	\$	551,222 888,078 1,439,300		
DEDUCTIONS  Retirement Benefits  Administrative Costs  Total Deductions		1,472,466 3,067 1,475,533		
Change in Net Position		(36,233)		
Net Position - Beginning of Year Net Position - End of Year	\$	11,061,185 11,024,952		

#### NOTE 10 SELF-INSURED DENTAL PLAN

The District has elected to self-insure its employee dental insurance program. The District has entered into an agreement with an insurance company to provide claims processing and other administrative duties. The District has not elected to purchase stop-loss insurance. However, the claims processor has indicated that the District will not be held liable for amounts in excess of 125% of the total projected claims as calculated by the claims processor, or \$127,553. The District established an internal service fund to account for contributions from other funds, including employee withholding, for dental insurance and to establish a reserve for catastrophic losses. Contributions during the year were based on a maximum claims estimate. Stop-loss coverage is in effect for individual claims exceeding \$200,000. This amount has not been exceeded in the past three years.

The amounts charged to expenses include administrative fees, claims paid, and accruals for claims incurred but not paid at year-end. The District recorded expenses of \$737,772 for the year ended June 30, 2024.

#### NOTE 10 SELF-INSURED DENTAL PLAN (CONTINUED)

The liability for unpaid claims included in the Internal Service Fund as claims payable for 2024 were:

	2024		2023
Beginning of Fiscal Year Liability - July 1	\$ 272,682	\$	270,732
Incurred Claims Claims Payments	685,118 (760,364)	_	736,053 (734,103)
End of Fiscal Year Liability - June 30	\$ 197,436	_\$	272,682

#### NOTE 11 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters and workers compensation. The District has joined together with other School Districts in southcentral Minnesota in the Southcentral Service Cooperative Gross Self-Insured Health Insurance Plan, a public entity risk pool currently operating as common risk management and insurance program for member districts. The District pays an annual premium to this plan for its health and insurance coverage. These premiums are used to purchase reinsurance through commercial companies. The administrators of the plan believe assessment to participating districts for future losses sustained is extremely remote. The District self-insures for dental insurance offered to its employees. The District purchases commercial insurance coverage for all other risks of loss.

There has been no significant reduction in insurance coverage from the previous year in any of the District's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

#### NOTE 12 COMMITMENTS AND CONTINGENCIES

#### **Federal and State Receivables**

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial. The financial assistance received is subject to audits by the grantor agency.

#### **Construction Projects**

The District had remaining commitments on construction projects of \$32,096,630 at June 30, 2024.

#### NOTE 13 INTERFUND TRANSACTIONS

The District transferred \$228,361 from the OPEB Debt Service Fund to the Debt Service Fund during the fiscal year ending on June 30, 2024. The transfer was made to close out the OPEB Debt Service Fund permanently as depicted in the table below:

	 ransters In	Ira	ansfers Out

The District implemented GASB Statement No. 74 in fiscal year 2017 and the above table will be expanded to 10 years of information as the information becomes available.

#### Notes to Schedule:

#### 2024

Benefit Changes: None

Changes of Assumptions during fiscal year 2024:

- The discount rate was changed from 4.40% to 4.47%
- The index rate for 20-year, tax-exempt municipal bonds (Fidelity 20-Year Municipal GO AA Index) used in discount rate determination was changed from 3.86% to 3.97%.

#### 2023

Benefit Changes: None

Changes of Assumptions during fiscal year 2023:

- The discount rate was changed from 3.83% to 4.40%
- The long-term expected rate of return on OPEB plan investments was changed from 4.25% to 5.50% based on updated capital market assumptions.
- The healthcare trend rates were reset to reflect updated cost increase expectations.
- Medical per capita claims costs were updated to reflect recent experience.
- Mortality rates were updated from the rates used in the 7/1/2020 PERA General Employees Retirement Plan to the rates used in the 7/1/2022 valuations.
- The inflation assumption was changed from 2.25% to 2.50%.

### MANKATO PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 77 SCHEDULE OF CHANGES IN EMPLOYER'S NET OPEB LIABILITY AND RELATED RATIOS (CONTINUED)

#### Notes to Schedule (Continued):

2022

Benefit Changes: None

Changes of Assumptions during fiscal year 2022:

- The discount rate was changed from 2.61% to 3.83%
- The index rate for 20-year, tax-exempt municipal bonds (Fidelity 20-Year Municipal GO AA Index) used in discount rate determination was changed from 1.92% to 3.69%.

<u>2021</u>

Benefit Changes: None

Changes of Assumptions during fiscal year 2021:

- The discount rate was changed from 3.07% to 2.61%.
- The Index rate for 20-year, tax-exempt municipal bonds (Fidelity 20-Year Municipal GO AA Index) used in discount rate determination changed from 2.45% to 1.92%.
- The long-term expected rate of return on OPEB plan investments was changed from 5.25% to 4.25% based on updated capital market assumptions.
- The healthcare trend rates were reset to reflect updated cost increase expectations.
- Medical per capita claims were updated to reflect recent experience, including an adjustment to reflect age/gender-based risk scores published by the Society of Actuaries.
- Withdrawal, retirement, mortality, disability, and salary increase rates were updated from the rates used in the 7/1/2018 PERA General Employees Plan and 7/1/2018 Teachers Retirement Association valuations to the rates used in the 7/1/2020 valuations.
- The percent of future non-Medicare eligible retiree electing each medical plan changed to reflect recent plan experience.
- The inflation assumption was changed from 2.50% to 2.25%.
- The payroll growth assumption was changes from 3.50% to 3.00% based on the 7/1/2020 Teachers Retirement Association valuation.

2020

Benefit Changes: None

Changes of Assumptions during fiscal year 2020:

- The discount rate was changed from 3.65% to 3.07%.
- The Index rate for 20-year, tax-exempt municipal bonds (Fidelity 20-Year Municipal GO AA Index) used in discount rate determination changed from 3.13% to 2.45%
- The healthcare trend rates were updated to exclude the Affordable Care Act's Excise Tax on High-cost health insurance plan due to its repeal.

### MANKATO PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 77 SCHEDULE OF CHANGES IN EMPLOYER'S NET OPEB LIABILITY AND RELATED RATIOS (CONTINUED)

#### Notes to Schedule (Continued):

#### 2019

Benefit Changes: None

Changes of Assumptions during Fiscal Year 2019:

- The discount rate was changed from 4.14% to 3.64% based on updated expectations of long-term returns on trust assets and 20-year municipal bond rates.
- Healthcare trend rates were reset to reflect updated cost increase expectations, including an adjustment to reflect the impact of the Affordable Care Act's Excise Tax on high-cost health insurance plans.
- Medical per capita claims costs were updated to reflect recent experience.
- Mortality and salary increase rates were updated from the rates used in the 7/1/2016 PERA General Employees Retirement Plan and 7/1/2016 Teachers Retirement Association valuations to the rates used in the 7/1/2018 valuations.
- The percent of future retirees eligible for a medical direct subsidy assumed to elect medical coverage at retirement changed from 90% to 80% to reflect recent plan experience.

#### Discount Rate:

- The percent of future retirees not eligible for a medical direct subsidy assumed to elect medical coverage at retirement changed from 15% to 10% to reflect recent plan experience.
- The percent of future retirees eligible to continue life insurance assumed to elect coverage at retirement changed from 40% to 50% to reflect recent plan experience.
- The inflation assumption was changed from 2.75% to 2.50% based on an updated historical analysis of inflation rates and forward-looking market expectations.
- June 30, 2023 4.40%
- June 30, 2022 3.83%
- June 30, 2021 2.61%
- June 30, 2020 3,07%
- June 30, 2019 3.64%
- June 30, 2018 4.14%

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the years ended June 30:

General Employee Retirement Plan

#### **2023**

Changes in Actuarial Assumptions

• The investment return and single discount rates were changed from 6.5% to 7.00%, for financial reporting purposes.

#### Changes in Plan Provisions

- An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023.
- The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
- The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
- A one-time, non-compounding benefit increase of 2.5% minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

#### 2022

Changes in Actuarial Assumptions

The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

#### 2021

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.50% to 6.50%, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

#### 2020

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

#### 2020 (Continued)

- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years two through five and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

#### Changes in Plan Provisions

 Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

#### <u>2019</u>

Changes in Actuarial Assumptions

• The mortality projection scale was changed from MP-2017 to MP-2018.

#### Changes in Plan Provisions

• The employer supplemental contribution was changed prospectively, decreased from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

#### 2018

Changes in Actuarial Assumption

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed postretirement benefit increase was changed from 1.0% per year through 2044 and 2.50% per year thereafter to 1.25% per year.

#### Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Postretirement benefit increases were changed from 1.00% per year with a provision to increase to 2.50% upon attainment of 90.00% funding ratio to 50.00% of the Social Security Cost of Living Adjustment, not less than 1.00% and not more than 1.50% beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

#### **2017**

Changes in Actuarial Assumption

- The Combined Service Annuity (CSA) loads were changed from 0.8% for active members and 60% for vested and nonvested deferred members. The revised CSA loads are now 0.0% for active member liability, 15.0% for vested deferred member liability and 3.0% for nonvested deferred member liability.
- The assumed postretirement benefit increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5 % per year thereafter.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

#### 2017 (Continued)

Changes in Plan Provisions

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

#### <u>2016</u>

Changes in Actuarial Assumptions

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2035 and 2.50% per year thereafter to 1.00% per year for all future years.
- The assumed investment return was changed from 7.90% to 7.50%. The single discount rate was changed from 7.90% to 7.50%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

#### 2015

Changes in Actuarial Assumptions

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2035 and 2.50% per year thereafter to 1.00% per year for all years.
- The assumed investment return was changed from 7.90% to 7.50%. The single discount rate changed from 7.90% to 7.50%.
- Other assumptions were changed pursuant to the experience study June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

#### Changes in Plan Provisions

There have been no changes since the prior valuation.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

The following changes were reflected in the valuation performed on behalf of the Teachers Retirement Association for the years ended June 30:

#### **2023**

Changes in Actuarial Assumptions

There were no changes in actuarial assumptions for financial reporting purposes.

#### <u>2022</u>

Changes in Actuarial Assumptions

There were no changes in actuarial assumptions for financial reporting purposes.

#### 2021

Changes in Actuarial Assumptions

• The investment return and single discount rates were changed from 7.50% to 7.00%, for financial reporting purposes.

#### 2019

Changes in Actuarial Assumptions

• There have been no changes since the prior valuation.

Changes in Plan Provisions

There have been no changes since the prior valuation.

#### **2018**

Changes in Actuarial Assumptions

- The investment return assumption was changed from 8.5% to 7.5%.
- The price inflation assumption was lowered from 3.0% to 2.5%.
- The payroll growth assumption was lowered from 3.5% to 3.0%.
- The wage inflation assumption (above price inflation) was reduced from 0.75% to 0.35% for the next 10 years, and 0.75% thereafter.
- The total salary increase assumption was adjusted by the wage inflation change.
- The amortization date for the funding of the Unfunded Actuarial Accrual Liability (UAAL) was reset to June 30, 2048 (30 years).
- The mechanism in the law that provided the TRA Board with some authority is set contribution rates was eliminated.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

#### 2018 (Continued)

Changes in Plan Provisions

- The COLA was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% in January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits).
   Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019.
  Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018.
  Interest due on payments and purchases from members, employers is reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next 5 years, (7.92% in 2019, 8.13% in 2020, 8.34% in 2021, 8.55% in 2022, and 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

#### 2017

Changes in Actuarial Assumptions

- The cost-of-living adjustment (COLA) was assumed to increase from 2.0% annually to 2.5% annually on July 1, 2045.
- Adjustments were made to the combined service annuity loads. The active load was reduced from 1.4% to 0.0%, the vested inactive load increased from 4.0% to 7.0% and the nonvested inactive load increased from 4.0% to 9.0%.
- The investment return assumption was changed from 8.0% to 7.5%.
- The COLA was not assumed to increase to 2.5% but remain at 2.0% for all future years.
- The price inflation assumption was lowered from 2.75% to 2.5%.
- The payroll growth assumption was lowered from 3.5% to 3.0%.
- The general wage growth assumption was lowered from 3.5% to 2.85% for ten years followed by 3.25% thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.
- Changes in Plan Provisions.
- There have been no changes since the prior valuation.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

#### 2016

Changes in Actuarial Assumptions

- The cost-of-living adjustment was not assumed to increase (it remained at 2.0% for all future years).
- The price inflation assumption was lowered from 3.0% to 2.75%.
- The general wage growth and payroll growth assumptions were lowered from 3.75% to 3.5%.
- Minor changes at some durations for the merit scale of the salary increase assumption.
- The pre-retirement mortality assumption was changed to the RP-2014 white collar employee table, male rates set back six years, and female rates set back five years. Generational projection uses the MP-2015 scale.
- The postretirement mortality assumption was changed to the RP-2014 while collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale.
- The post-disability mortality assumption was changed to the RP-2014 disabled retiree mortality table, without adjustments.
- Separate retirement assumptions for members hired before or after July 1, 1989 were created to better reflect each group's behavior in light of different requirements for retirement eligibility.
- Assumed termination rates were changed to be based solely on years of service in order to better fit the observed experience.
- A minor adjustment and simplification of the assumption regarding the election of optional forms of payment at retirement were made.

#### Changes in Plan Provisions

There have been no changes since the prior valuation.

#### 2015

Changes in Actuarial Assumptions

- The cost-of-living adjustment was assumed to increase from 2.0% annually to 2.5% annually on July 1, 2037.
- The investment return assumption was changed from 8.25% to 8.0%.

#### Changes in Plan Provisions

The Duluth Teachers Retirement Fund Association was merged into TRA on June 30, 2015.
 This also resulted in a state-provided contribution stream of \$14.377 million until the System becomes fully funded.

### CHANGES IN SIGNIFICANT PENSION PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

#### 2014

Changes in Actuarial Assumptions

• The cost-of-living adjustment was assumed to increase from 2.0% annually to 2.5% annually once the legally specified criteria was met. This was estimated to occur July 1, 2031.

#### Changes in Plan Provisions

• The increase in the postretirement benefit adjustment (COLA) will be made once the System is 90% funded (on a market value basis) in two consecutive years, rather than just one year.

2017	22,806,352		53,784		-	22,860,136	11,672,271	51.1%	
2018	26,925,325		53,784		-	26,979,109	14,268,687	52.9%	
2019	27,730,616		53,784		-	27,784,400	13,937,264	50.2%	
2020	28,089,665		60,577		-	28,150,242	14,941,813	53.1%	
2021	28,954,969		53,784		-	29,008,753	15,219,538	52.5%	
2022	29,280,032		53,784		-	29,333,816	14,348,027	48.9%	
2023	30,820,348		44,346		-	30,864,694	16,389,952	53.1%	
2024	36,775,793		53,476			36,829,269	18,698,423	50.8%	

Note 1: A portion of the total spread levy is paid through various property tax credits which are paid through state aids and have been included in collections.

Note 2: Delinquent taxes receivable are written off after seven years. The amount of collections has been adjusted to reflect the write off of delinquent taxes receivable.

Note 3: Only a portion of the taxes levied for the most recent fiscal year is collected by June 30.

- (1) Based on State Food and Nutrition Department guidelines, attendance is deemed to be 94% of enrollment.
- (2) Due to COVID-19 Pandemic, School Lunch Program Data is through March 13th, 2020, at which time ISD77 went fully virtual learning and meal service operations transitioned to the Summer Food Service Program.

### MANKATO PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 77 STUDENT ENROLLMENT LAST TEN FISCAL YEARS (UNAUDITED)

	Year Ended June 30.	Pre-Kindergarten and Handicapped Kindergarten	Kindergarten	Elementarv	Secondary	Total	Total Pupil Units
-							
	2015	216	574	3,746	3,323	7,859	8,523
	2016	230	582	3,924	3,405	8,141	8,822
	2017	247	556	4,095	3,585	8,483	9,200
	2018	260	559	4,138	3,614	8,571	9,294
	2019	275	557	4,142	3,682	8,656	9,393
	2020	277	549	4,135	3,848	8,809	9,579
	2021	224	510	3,880	3,891	8,505	9,284
	2022	222	517	3,706	3,918	8,363	9,147
	2023	237	476	3,583	3,869	8,165	8,938
	2024	134	535	3,563	3,763	7,995	8,748

Note 1: Student enrollment numbers are estimated for the most recent fiscal year.

Note 2: Beginning in fiscal 2004, ADM is limited to 1.0 ADM per student.

Note 3: ADM is weighted as follows in computing pupil units:

	Pre-Kindergarten	Handicapped Kindergarten	Kindergarten	Elementary 1-3	Elementary 4-6	Secondary
Fiscal 2011 through 2014 Fiscal 2015	1.250	1.000	0.612	1.115	1.060	1.300
through 2024	1.000	1.000	1.00	1.00	1.00	1.20
