- Fill in your zip code and search criteria

Oxford Liberty Network = Local Access (NY, NJ, CT)

Please make sure you check this network carefully before selecting the Metro plan.

Pharmacy Network

The Metro Plan utilizes the Standard Select with Walgreens Pharmacy Network, which comprises 50,000 retail pharmacies nationwide, including major chains, mass merchants and supermarkets.

- Members will have access to Duane Reade, Walgreens and Walmart.
- Prescriptions cannot be filled at CVS or some non-chain pharmacies.

To search for a network pharmacy, go to myuhc.com, select Find a Pharmacy and enter their search criteria (e.g., pharmacy name or ZIP code). HIGH PLAN ONLY

What is the Non-Stop Health Program?

Nonstop Health is a type of healthcare program that allows nonprofits to fund a portion of their employees' healthcare premiums and out-of-pocket expenses (e.g. deductibles, copays, and coinsurance) while also saving on premium expenses annually. The Nonstop Health program combines an ACA-compliant health plan with a section 105 medical expense reimbursement plan (MERP) – and provides you, the member, with a Visa card to help pay for in-network, carrier- approved medical expenses, up to the allowed amount of:

Oxford Liberty: \$7,000 for employee plans and \$14,000 for employee + dependent plans.

As you'll see in this guide, the Nonstop Health program is relatively easy to use so long as you follow these three "golden rules:"

- Stay in-network for all services and prescriptions
- Use your Nonstop Visa card to help pay for in-network, carrier-approved expenses, up to the allowed amount for your plan
- Give us a call if you have any questions or run into any issues

With Nonstop Health, you will use **TWO** cards every time you see a provider or fill a prescription:

An identification card from Oxford

- Includes information relevant to the member's health insurance coverage
- Present this card during every doctor visit and prescription purchase, to let Oxford know about the charge and ensure they properly credit it toward your in-network deductible/out-of-pocket maximum.

Nonstop Visa card

Use it to pay for in-network, Oxford-approved medical services and prescriptions, up to the allowed amount for your plan. You cannot use the Nonstop Visa card to purchase over-the-counter drugs.

How do I use Nonstop Health at my provider or pharmacy?

First:

Always use in-network* providers and make sure any services or prescriptions you receive are covered by your health insurance plan.

*(*Covered* means that the expenses for that service or prescription are applied toward your in-network deductible and/or out-of-pocket maximum. Not sure if something is covered? Check with your health insurance carrier.)*

Next:

When you visit a provider or pharmacy, present your **HEALTH INSURANCE ID CARD** before paying for any services or prescriptions, to make sure the provider/pharmacy processes any payments through your medical carrier.

And finally:

When asked for payment at the pharmacy or when you receive a bill from your provider, simply pay for those costs using your **NONSTOP VISA CARD**. No need to pay for anything out of your own pocket (up to the allowed amount for your plan), as long as the doctor/pharmacy is in-network* and your service or prescription is covered by your health insurance plan!

Please Note:

- The Nonstop Visa card is coded for medical services and prescriptions, but it cannot tell the difference between a covered or non-covered service OR an in-network or out-of-network provider. Just because your Visa card works at a provider or other merchant, that doesn't automatically mean the item or service you are paying for qualifies for Nonstop Health! Your carrier can tell you if a service/prescription is covered or a provider is in-network.
- Nonstop Health is only designed for medical services and prescriptions. You cannot use it for dental or vision payments.
- You are responsible for any out-of-network or unapproved charges on the Nonstop Visa card.

What is/isn't covered under Nonstop Health

The Nonstop Health program only works with in-network providers/facilities and covered services and prescriptions.

COVERED EXPENSES

Nonstop Health may be used to pay for all services and prescriptions that are covered under your medical plan. In essence, this means that if your health insurance has agreed to pay for a medical service or prescription as part of your medical coverage, then you may use your Nonstop Visa card to pay for it. If Oxford does **not** cover a service or prescription, you are responsible for 100% of those costs. If you're not sure if a service or prescription is covered, check your Summary of Benefits and Coverage (SBC) or contact Oxford before receiving care.

NON-COVERED EXPENSES

Because medical plans cover services and prescriptions differently, there's not an exhaustive list of where you can/can't use your Nonstop Visa card. **Below are a few examples of services/providers/facilities that are never covered by Nonstop Health.** This is only a sample; if you're not sure if something is covered, check with Oxford!

- Amazon.com or any FSA/HSA stores
- Weight loss programs
- FullScripts
- FreeSpira
- Massage Envy
- Carex
- Smile Direct Club
- PeopleCare
- Warby Parker
- Hero Health

As a general rule, the Nonstop Visa card may NOT be used for:

- Over-the-counter medication, vitamins or supplements
- Dental services, unless covered under your medical plan
- Vision services, unless covered under your medical plan
- Services and medications not approved by your health insurance carrier
- Alternative care not approved by your health insurance carrier
- Mental health services not approved by your health insurance carrier

Frequently Asked Questions

Q. Can I add the Nonstop Visa card to a digital wallet?

A. Yes. The Nonstop Visa card works with digital wallets such as Apple Pay, Google Pay, and Samsung Pay.

Q. What should I do if I receive a reimbursement check from my insurance carrier or my provider?

A. If you receive a reimbursement check from your carrier or a provider, please know that money needs to be re-deposited back into your employer's account with Nonstop. We request that you endorse the check and mail it to Nonstop at 1800 Sutter St. Suite 730, Concord, CA 94520

Q. Will I receive a new Visa card when my new plan year begins?

A. No. You will keep using the same Nonstop Visa card you have. When your new plan year begins, the card will be loaded with the new plan year's funds. That's why you cannot use the card to pay for previous year's expenses. Once your new plan year starts, if you still have outstanding bills from the prior plan year, submit claims for those. Do not use your card to pay them.

Q. What happens to the unused funds on my card?

A. Any unused funds at end of the plan year go back into your employer's Nonstop account, and your card resets with new plan year's funds on the first day of your new plan year.

Q. If the card works that means the expense is approved, right?

A. No. The Nonstop Visa card is coded for medical services and prescriptions, but like other cards of this type it cannot tell the difference between a covered or non-covered service or an in-network versus out-of-network provider. Even if it works at a provider/merchant, that doesn't automatically mean the item or service qualifies for Nonstop Health! Not sure? Ask your health insurance carrier.

Q. What happens if I use my card for something that doesn't qualify for the Nonstop program?

A. If you use the card for a non-qualifying medical expense, we will require you to pay that money back to your employer's account with Nonstop. Non-repayment may result in your Visa card being suspended.

Q. Are there any copays not covered by Nonstop?

A. Yes. There is a \$400 Nonstop Health copay for all Emergency Room visits (which is waived if admitted) that is NOT covered under the Nonstop Health program. It will be your responsibility to pay out of pocket.

Employee Assistance Program (EAP)

As an employee of Magen David Yeshivah, you have access to an EAP program with Mutual of Omaha.

Plan Features

- Counseling Options - 3 sessions per year (per issue) - virtual or in-person
- Family Clinical Services
- Family Legal Services
- Family Financial Services
- Work/Life Services - child/elder care resources and referrals
- and much more...

Flexible Spending Accounts (Ameriflex)

Magen David Yeshivah offers two flexible spending accounts, a Health Care Account and a Dependent Care Account, which are administered by Ameriflex. These plans allow you to use pretax earnings to pay for eligible expenses. Since FSA contributions are deducted from your pre-tax pay, your taxable income is reduced. Ameriflex will provide a debit card to participants in the health, dependent care and commuter FSAs. You can use the card to pay for eligible expenses, or you can submit manual claims.

Health Care Flex Spending Accounts (FSA)

Allows you to use pre-tax income to pay for certain eligible medical, dental, and vision expenses that are partially reimbursed or not reimbursed through your health insurance plans.

The maximum amount you can have deducted from your pay for this plan in 2025 is **\$3,300**.

Eligibility

Employees who are regularly scheduled to work at least 20 hours per week are eligible to enroll the first of the month following or coinciding with your date of hire. FSAs are regulated by the IRS. As a participant in the health FSA, you can roll over up to **\$660** of your unused health FSA funds to the next plan year. However, unused health FSA funds above \$660 will be forfeited in accordance with the usual "use it or lose it" rule for FSAs.

Dependent Care Flex Spending Account (DCA)

Allows you to use pre-tax income to pay for eligible dependent care (care for a child under the age of 13 or a dependent adult) expenses that are work-related, meaning care that is necessary to allow you to work.

The maximum amount you can have deducted from your pay for this plan is **\$5,000** per year.

What Is Covered

You can use the funds in your Dependent Care FSA to pay for:

- Day care
- Before-school or after-school care
- In-home babysitting—that enables you to be gainfully employed—by someone who is not your dependent (for tax purposes)
- Care for a dependent adult/elder, enabling you to be gainfully employed

Commuter Reimbursement Account (CRA)

With the use of your Ameriflex Convenience card, you may elect to have up to the maximum IRS dollar limit deducted on a pre-tax basis from your gross salary to pay for:

- Public transportation (including New York City buses and subways, Metro North, Long Island Railroad, Amtrak, etc.) and/or
- Qualified parking (parking at or near your work location, or at a location from which you will commute) and/or

Because deductions from your pay for commuter benefits are pre-tax, your taxable income is reduced. You can deduct up to the monthly maximum IRS limit as follows:

2025 Mass Transit Limit \$325

2025 Parking Limit \$325

***Manual claims are no longer accepted for commuter claims**

Voluntary Life Insurance

The group Term Life and Accidental Death and Dismemberment (AD&D) insurance available through Magen David is a way to purchase the extra protection that you and your family may need. Life and AD&D insurance offers financial protection by providing you coverage in case of an untimely death or an accident that destroys your income-earning ability. Life benefits are disbursed to your beneficiaries in a lump sum in the event of your death. You can purchase life insurance for you, your spouse, and children.

Life insurance can be purchased for yourself in **\$10,000** increments. This insurance is guaranteed issue coverage for you up to **\$150,000** and for your spouse/children up to **\$30,000** if you elect coverage within the first 30 days that you are hired.

****If you previously did not elect this coverage and would like to do so now, you will need to submit evidence of insurability (EOI.) Premiums will be deducted from your paycheck until we receive an approval decision from the carrier.**

Paid Family Medical Leave

Full-time employees who have worked for MDY for at least 26 consecutive weeks and part-time employees who have worked at least 175 days are entitled to paid family leave ("PFL"). 12	67%	\$1,177.31

Employees are eligible for PFL for the following reasons:

- To care for a family member with a serious medical condition
- To bond with a child (including births, adoptions, and placements)

- When a family member is called into active military service.

A qualifying family member includes: Spouse, Domestic Partner, Child, Parent, Grandparent, Grandchild and Sibling.

Workers Compensation
