7<sup>th</sup> Grade Elective Interest Sheet 2025-2026 School Year

Student First Name: \_\_\_\_\_ Student Last Name: \_\_\_\_\_

Grade: \_\_\_\_\_ Kyrene Student ID #: \_\_\_\_\_

Homeroom teacher: \_\_\_\_\_

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Parent/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

The elective interest sheet must be completed prior to entering information online. The online interest form will be completed at school in January. After the online interest form is complete, your teacher will collect the paper copy of the elective interest sheet.

Depending on if a student is enrolled in the Teaming or Traditional model, each seventh-grade student will be scheduled in four core courses (Language Arts, Mathematics, Science, and Social Studies) for Traditional, or an integrated Humanities block (Language Arts and Social Studies), Mathematics, and Science for the Teaming Model. Preliminary placement guidance for core courses is attached. Students who are new to the Kyrene School District are given placement tests upon registration or placed based upon prior school records.

Students also have two elective class periods. Students may have 2 one year-long elective classes, 1 one year-long and 2 semester-long elective classes, or 4 semester-long elective classes.

This paper version of the form along with course descriptions will support families in expressing their elective interests. The form will be kept on file by the middle schools.

Priority is given for placement in year-long elective offerings. Rankings of semester-long elective options is an indication of a student's interests. Every effort will be made to honor the interests, however due to class size and teacher availability there can be no guarantee that every course will be offered or that the student will be placed in their classes of interest.

**Primary Course Interest Options**

**Complete ONLY ONE box depending upon the length of your primary courses of interest.**

**ELECTIVE COURSE DESCRIPTIONS – YEAR-LONG COURSES**

<p><b>AVID ELECTIVE</b>  AVID (Advancement Via Individual Determination) Elective is a year-long course for 7<sup>th</sup> and 8<sup>th</sup> grade. Students in 7<sup>th</sup> and 8<sup>th</sup> grade must apply, interview, and sign a one-year AVID agreement. The focus of the course is on writing, inquiry, collaboration, organization and reading to support academic growth. Students receive training in effective study skills, such as note taking, organizational skills, and goal-setting strategies. Tutorials, small group student work, are held twice per week that are led by college students, other adults, peer tutors and/or cross-age tutors. Students also experience different field trips, guest speakers and research to increase their knowledge of college and career options. The concepts, strategies, and skills build in a sequenced curriculum so that students benefit from taking the AVID Elective across all three grade levels.  Prerequisites: none</p>	<p><b>BAND</b>  Band is designed for students interested in learning the fundamentals of music and to play a band instrument: flute, oboe, clarinet, saxophone, trumpet, trombone, baritone, tuba, and percussion. This course addresses basic instrumental skills, reading music, and elements of music in an ensemble setting. Students are required to practice regularly and participate in concerts through the school year. No prior knowledge or experience is required. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.  Prerequisites: none</p>
<p><b>BAND INTERMEDIATE</b>  Students expand basic skills and techniques in playing a band instrument: flute, oboe, clarinet, saxophone, trumpet, trombone, baritone, tuba, and percussion. Instruction is directed toward playing challenging music from a variety of styles and genres. Students are required to practice regularly and participate in concerts through the school year. The course is open to 7<sup>th</sup> and 8<sup>th</sup> graders with at least one year of playing experience. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.  Prerequisites: Band or teacher recommendation</p>	<p><b>BAND ADVANCED</b>  Students expand basic skills and techniques on band instruments. Instruction is directed toward playing music that is more difficult from a variety of styles and genres. Students may be grouped by instrumentation including brass/woodwinds, percussion/woodwinds, brass only, or percussion only. Students are required to practice regularly and participate in concerts through the school year. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.  Prerequisites: Band or teacher recommendation</p>
<p><b>CHORUS</b>  Chorus is an entry-level course for students interested in learning how to sing. Basic fundamentals of music including sight-reading and vocabulary are introduced. Students sing music written in two parts and will learn elements of music theory and solfege. Students will focus on the technical aspects of singing in a choir and explore a variety of genres and cultures. Students are required to perform in concerts throughout the year.  Prerequisites: none</p>	<p><b>CHORUS ADVANCED</b>  Advanced chorus is a singing ensemble designed for experienced music students. Students will demonstrate proficiency in vocal technique, note reading skills, and matching pitch. Students will continue to develop vocal technique and musicianship, while performing various choral works of a more advanced level. Students are required to participate in concerts each quarter as well as other performance opportunities that arise throughout the year.  Prerequisites: Chorus or teacher recommendation</p>
<p><b>ORCHESTRA ADVANCED</b>  Students expand basic skills and techniques on string instruments. Instruction is directed toward playing music that is more difficult from a variety of styles and genres. Students are required to participate in concerts through the school year. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.  Prerequisites: Orchestra or teacher recommendation</p>	<p><b>ORCHESTRA</b>  Orchestra provides students with an opportunity to learn to play the violin, viola, cello or bass. This class teaches basic string instrument skills, reading music, and elements of music. Students are required to participate in concerts through the school year. No prior knowledge or experience is required. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.  Prerequisites: none</p>
<p><b>PEER TUTORING</b>  In Peer Tutoring, peer tutors are working one-on-one with special education students on academic activities in classrooms. They also assist special education students during exploratory, group speech lessons, adaptive physical education classes, cooking activities, art activities, library, free choice time, lunch, outings, etc. Peer tutors receive ongoing training on how best to work with students in the classroom and throughout the year they complete a variety of disability awareness assignments.  Prerequisites: Application</p>	<p><b>SPANISH 1A</b>  Spanish 1A is a yearlong course that focuses on the foundations of the Spanish language. Students develop interpersonal, presentational and interpretive skills at a Novice Mid proficiency level including vocabulary, grammar, language, sentence patterns, verb conjugation, and conversational dialogues. This class promotes the use of language in meaningful contexts. This is a rigorous academic class and requires regular homework. This course is the first course in the Spanish 1 sequence.  Prerequisites: none</p>
<p><b>YEARBOOK</b>  The Yearbook elective is a course designed to develop basic principles of yearbook production. In this course, students will develop skills in one or more of the following areas: page design, graphics, writing, editing, photography, publishing techniques, marketing, advertising, and distribution; all while producing a creative, innovative yearbook which records school memories and events. Participants gain useful, real-world skills in time management, marketing, teamwork, and design principles. Actual work results in the current production of the school's yearbook.  Prerequisites: None</p>	

**ELECTIVE COURSE DESCRIPTIONS – SEMESTER-LONG COURSES**

<p><b>ART</b> In Art, students explore various art forms from many cultures and periods. The focus is on art making with art history and analysis integrated into each unit. Students gain foundational knowledge of art vocabulary, techniques, history and art criticism. Students use a variety of media and create a variety of art forms including drawing, painting, and sculpture. Prerequisites: none</p>	<p><b>ART II</b> Students will build from the foundational knowledge taught in Art I to deepen and broaden art vocabulary, techniques, history, and criticism. The focus is on art making with a stronger emphasis on having purpose and meaning in the creative process. New mediums such as printmaking, fibers, and mixed media may be introduced in addition to drawing, painting, and ceramics. Prerequisites: Art I or teacher recommendation</p>
<p><b>AUDIO ENGINEERING</b> Students will compose audio pieces using production software such as Audacity, Soundation, Cakewalk, or other tools. Ultimately, students will develop a deeper understanding of composition through project-based learning. Prerequisites: none</p>	<p><b>COMPUTER SCIENCE 1</b> This introductory course provides students with a foundation in computer science concepts that include coding, app development, game design, robotics, computer processing and networking. Throughout the course, students will strengthen essential 21<sup>st</sup> century skills to communicate, collaborate, think critically, problem solve, create and innovate. Ultimately, the goal of the course is to empower all students to use computer science to solve real-world problems and shift their mindset from technology consumers to technology creators. Prerequisites: none</p>
<p><b>COMPUTER SCIENCE 2</b> This course builds upon the knowledge and concepts introduced in Computer Science 1. The course will include coding, web page design &amp; development, app development, game design, robotics, computer processing and networking. Throughout the course, students will strengthen essential 21<sup>st</sup> century skills to communicate, collaborate, think critically, problem solve, create and innovate. The goal of the course is to empower all students to use computer science to solve real-world problems and shift their mindset from technology consumers to technology creators. Prerequisite: Computer Science 1 or equivalent</p>	<p><b>CULINARY ARTS</b> In Culinary Arts, students gain knowledge and apply principles of nutrition in relationship to wellness, food choices, food preparation, food storage, meal planning, and meal management. As an integral part of the course, students will participate in food laboratory where they will learn how to prepare various cooking techniques essential to prepare various dishes. Prerequisites: none</p>
<p><b>MUSIC EXPLORATION</b> Music Exploration is a non-performance music class. Students will study world music, Western music and composers, and basic instrumentation (i.e. keyboards, percussion, and/or handbells). Students will have hands on experience with instruments, read music notation, and perform in class as an ensemble and individual. Prerequisites: none</p>	<p><b>MULTIMEDIA DIGITAL ARTS</b> In Multimedia/Digital Arts, students explore and learn about production techniques that support the creation of graphic arts, web design, digital photography, animation, audio recording/mixing, and videography. A wide range of the latest hardware and software are utilized, including the Adobe Creative Cloud collection. Students collaborate in a project-based environment to develop understanding of the media used and creative techniques for future applications. Prerequisites: none</p>
<p><b>PHOTOGRAPHY</b> In Photography, students will be introduced to photography as an art medium in this class. The focus will be on the technical use of cameras and printing as well as the history of photography and how it has been used as an art medium. After mastering the technical skills, students will learn compositional and lighting techniques to apply in their own artwork. Most equipment will be provided. Prerequisites: none</p>	<p><b>PHYSICAL EDUCATION</b> Physical Education is an introduction to physical fitness, physical skill development, and wellness concepts with an emphasis on preparation for a lifetime of physical activity. Students are required to dress out and a locker with a lock will be issued. Information on PE uniforms is available at the beginning of the year through the physical education teachers and school office. Prerequisites: none <b><i>PE can be taken yearlong by selecting PE as two semester courses.</i></b></p>
<p><b>PHYSICAL EDUCATION ADVANCED</b> A more in-depth look at physical fitness, physical skill development and wellness concepts geared towards students that have prior working knowledge and experience with these concepts. This course is geared toward experienced athletes so competitive true game play with limited modifications will be emphasized. Students are required to dress out and a locker with a lock is provided. Information on P.E. uniforms is available at the beginning of the year through the physical education teachers and school office. Prerequisites: PE or teacher recommendation <b><i>PE can be taken yearlong by selecting PE as two semester courses.</i></b></p>	<p><b>STEM</b> The STEM course inspires student interest and passion for Science, Technology, Engineering, and Mathematics (STEM) career paths. Students foster creativity, engage in critical thinking, and collaborate in a project-based environment. Students utilize the engineering design process to identify the effectiveness, efficiency, and durability of designs under different conditions through hands-on and technology-rich activities. Prerequisites: none</p>
<p><b>TEXTILE ARTS</b> In Textile Arts, activities include hand sewing techniques, machine use and care, fabric selection and create various useful projects like garments, bags, and accessories. Students will practice workplace skills such as time management, perseverance, and problem-solving. Students may take this course once each year. Advanced students will design special pieces of clothing using the sewing machine and work on personal choice projects with instructor approval. Prerequisites: none</p>	<p><b>THEATRE</b> In Theatre, students experience the beginning foundations of acting technique including exercises and improvisations exploring awareness, relaxation, observation, pantomime, voice, and theatrical vocabulary. A focus on becoming comfortable on stage, character work, and collaboration is emphasized. Students are involved in performances as an application of learning. Students also learn audience etiquette and constructive criticism. Prerequisites: none</p>
<p><b>THEATRE II</b> In Theatre II, students will use their prior knowledge to master more advanced theatre skills including acting, technical design, and directing. Students will explore theater history. A focus on leadership, collaboration, and innovative problem solving is emphasized. Students are involved in performances of scripted and original works as an application of learning. Prerequisites: Theatre or equivalent</p>
