

**Aprende Middle School**

**6<sup>th</sup> Grade Elective Interest Sheet 2025-2026 School Year**

Student First Name: \_\_\_\_\_ Student Last Name: \_\_\_\_\_

Grade: \_\_\_\_\_ Kyrene Student ID #: \_\_\_\_\_

Elementary School: \_\_\_\_\_ 5th Grade teacher: \_\_\_\_\_

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Parent/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

The elective interest sheet must be completed prior to entering information online. The online interest form will be completed at school in January. After the online interest form is complete, your teacher will collect the paper copy of the elective interest sheet.

Depending on if a student is enrolled in the Teaming or Traditional model, each sixth-grade student will be scheduled in four core courses (Language Arts, Mathematics, Science, and Social Studies) for Traditional, or an integrated Humanities block (Language Arts and Social Studies), Mathematics, and Science for the Teaming Model. Preliminary placement guidance for core courses is attached. Students who are new to the Kyrene School District are given placement tests upon registration or placed based upon prior school records.

Students also have two elective class periods. Students may have 2 one year-long elective classes, 1 one year-long and 2 semester-long elective classes, or 4 semester-long elective classes.

This paper version of the form along with course descriptions will support families in expressing their elective interests. The form will be kept on file by the middle schools.

Priority is given for placement in year-long elective offerings. Rankings of semester-long elective options is an indication of a student's interests. Every effort will be made to honor the interests, however due to class size and teacher availability there can be no guarantee that every course will be offered or that the student will be placed in their classes of interest.

**Primary Course Interest Options**

**Complete ONLY ONE box depending upon the length of your primary courses of interest.**

<b>2 year-long courses</b> Year-long course _____ Year-long course _____ _____	<b>OR</b>	<b>1 year-long and 2 semester-long courses</b> Year-long course _____ Semester-long course _____ Semester-long course _____ _____	<b>OR</b>	<b>4 semester-long courses</b> Semester-long course _____ Semester-long course _____ Semester-long course _____ Semester-long course _____

For Band and Orchestra  
Instrument: \_\_\_\_\_ Years: \_\_\_\_\_

**ELECTIVE COURSE DESCRIPTIONS – YEAR-LONG COURSES****BAND**

Band is designed for students interested in learning the fundamentals of music and to play a band instrument: flute, oboe, clarinet, saxophone, trumpet, trombone, baritone, tuba, and percussion. This course addresses basic instrumental skills, reading music, and elements of music in an ensemble setting. Students are required to practice regularly and participate in concerts through the school year. No prior knowledge or experience is required. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.

Prerequisites: none

**CHORUS**

Chorus is an entry-level course for students interested in learning how to sing. Basic fundamentals of music including sight-reading and vocabulary are introduced. Students sing music written in two parts and will learn elements of music theory and solfege. Students will focus on the technical aspects of singing in a choir and explore a variety of genres and cultures. Students are required to perform in concerts throughout the year.

Prerequisites: none

**ORCHESTRA**

Orchestra provides students with an opportunity to learn to play the violin, viola, cello or bass. This class teaches basic string instrument skills, reading music, and elements of music. Students are required to participate in concerts through the school year. No prior knowledge or experience is required. Students will need to rent or purchase an instrument from an outside vendor, with some exceptions.

Prerequisites: none

**PEER TUTORING**

In Peer Tutoring, peer tutors are working one-on-one with special education students on academic activities in classrooms. They also assist special education students during exploratory, group speech lessons, adaptive physical education classes, cooking activities, art activities, library, free choice time, lunch, outings, etc. Peer tutors receive ongoing training on how best to work with students in the classroom and throughout the year they complete a variety of disability awareness assignments.

Prerequisites: Application

**YEARBOOK**

The Yearbook elective is a course designed to develop basic principles of yearbook production. In this course, students will develop skills in one or more of the following areas: page design, graphics, writing, editing, photography, publishing techniques, marketing, advertising, and distribution; all while producing a creative, innovative yearbook which records school memories and events. Participants gain useful, real-world skills in time management, marketing, teamwork, and design principles. Actual work results in the current production of the school's yearbook.

Prerequisites: None

**ELECTIVE COURSE DESCRIPTIONS – SEMESTER-LONG COURSES****ART**

In Art, students explore various art forms from many cultures and periods. The focus is on art making with art history and analysis integrated into each unit. Students gain foundational knowledge of art vocabulary, techniques, history and art criticism. Students use a variety of media and create a variety of art forms including drawing, painting, and sculpture.

Prerequisites: none

**AVID ELECTIVE 6**

AVID Elective 6 is a semester elective course designed to prepare self-determined students for the middle school transition in addition to college and career. AVID incorporates school-wide instructional strategies focused on writing, inquiry, collaboration, organization and reading to support academic growth of all students. The 6<sup>th</sup> grade AVID Elective course builds students' study skills, such as note-taking, organizational skills, and goal-setting strategies and also targets building self-confidence and self-efficacy skills. Students focus on public speaking and presentation skills and engage in teambuilding activities. Students also experience different field trips, guest speakers and research to increase their knowledge of college and career options.

Prerequisites: none

**COMPUTER SCIENCE 1**

This introductory course provides students with a foundation in computer science concepts that include coding, app development, game design, robotics, computer processing and networking. Throughout the course, students will strengthen essential 21<sup>st</sup> century skills to communicate, collaborate, think critically, problem solve, create and innovate. Ultimately, the goal of the course is to empower all students to use computer science to solve real-world problems and shift their mindset from technology consumers to technology creators.

Prerequisites: none

**CULINARY ARTS**

In Culinary Arts, students gain knowledge and apply principles of nutrition in relationship to wellness, food choices, food preparation, food storage, meal planning, and meal management. As an integral part of the course, students will participate in food laboratory where they will learn how to prepare various cooking techniques essential to prepare various dishes.

Prerequisites: none

**MULTIMEDIA DIGITAL ARTS**

In Multimedia/Digital Arts, students explore and learn about production techniques that support the creation of graphic arts, web design, digital photography, animation, audio recording/mixing, and videography. A wide range of the latest hardware and software are utilized, including the Adobe Creative Cloud collection. Students collaborate in a project-based environment to develop understanding of the media used and creative techniques for future applications.

Prerequisites: none

**MUSIC EXPLORATION**

Music Exploration is a non-performance music class. Students will study world music, Western music and composers, and basic instrumentation (i.e. keyboards, percussion, and/or handbells). Students will have hands on experience with instruments, read music notation, and perform in class as an ensemble and individual.

Prerequisites: none

**ELECTIVE COURSE DESCRIPTIONS – SEMESTER-LONG COURSES (CONTINUED)****PHYSICAL EDUCATION**

Physical Education is an introduction to physical fitness, physical skill development, and wellness concepts with an emphasis on preparation for a lifetime of physical activity. Students are required to dress out and a locker with a lock will be issued. Information on PE uniforms is available at the beginning of the year through the physical education teachers and school office.

Prerequisites: none

***PE can be taken yearlong by selecting PE as two semester courses.***

**SPANISH EXPLORATION**

Spanish Exploration is a course that introduces students to the Spanish language and culture. Students start developing interpersonal listening and speaking skills at the Novice Low proficiency level by exploring the benefits of learning a second language and exploring topics such as greetings, family, friends, school and celebrations. In addition, students explore the culture of Spanish speaking countries.

Prerequisites: none

**STEM**

The STEM course inspires student interest and passion for Science, Technology, Engineering, and Mathematics (STEM) career paths. Students foster creativity, engage in critical thinking, and collaborate in a project-based environment. Students utilize the engineering design process to identify the effectiveness, efficiency, and durability of designs under different conditions through hands-on and technology-rich activities.

Prerequisites: none

**TEXTILE ARTS**

In Textile Arts, activities include hand sewing techniques, machine use and care, fabric selection and create various useful projects like garments, bags, and accessories. Students will practice workplace skills such as time management, perseverance, and problem-solving. Students may take this course once each year. Advanced students will design special pieces of clothing using the sewing machine and work on personal choice projects with instructor approval.

Prerequisites: none

**THEATRE**

In Theatre, students experience the beginning foundations of acting technique including exercises and improvisations exploring awareness, relaxation, observation, pantomime, voice, and theatrical vocabulary. A focus on becoming comfortable on stage, character work, and collaboration is emphasized. Students are involved in performances as an application of learning. Students also learn audience etiquette and constructive criticism.

Prerequisites: none
