ROCKFORD AREA SCHOOLS DEBT SERVICE FUND

General Description

The Debt Service Fund is used to record revenues and expenditures for a school district's outstanding bonded indebtedness, whether for building construction or operating capital, and whether for initial or refunding bonds. When a bond issue is sold, the school board must levy a direct general tax upon the property of the district for the payment of principal and interest on such bonds as due. The amount levied is 105% of the principal and interest due on such bonds, which allows for delinquencies. When an amount is accumulated in the Restricted Debt Service Fund due to interest earnings, lower than anticipated tax delinquency, or excess building funds, the accumulations must be used to reduce debt levies.
