High School Percussionists
Required Equipment:

1. **Concert snare sticks (not a marching stick)** - For advanced rudiments and playing
2. **Drum pad** (for home practice)
3. **Medium Yarn Mallets** - For use on marimba, vibes and suspended cymbal
4. **Medium Rubber Mallets** - For use on xylo, vibes & woodblocks
5. **PVC (Hard Plastic Mallets)** - For use on bells, xylo and cowbells
6. **Brass Mallets** - For bells & brake drums only
7. **General Timpani Mallets**
8. **Mallet/Stick bag or pouch** - For storage and protection of all mallets/sticks

Any combination of the above is fine. “Percussion Packs” sometimes help defray the cost. One example is “The Mike Balter Band Director’s Special Mallet PrePack” which includes BB2 yarn mallets, BB8 medium rubber mallets, BB10 PVC mallets, BB12 brass bell mallets, T3 timpani mallets and MBMP mallet pouch and can be purchased at any local music store. This kit has everything you will need except “concert snare sticks”.

YOU MUST HAVE ALL OF THIS BY THE FIRST DAY OF CLASS.
