*Brian Doelger Tenure
Recommendation*

Motion carried unanimously.

Mr. Mark Kanarvogel remarked that he has had the pleasure of chaperoning a field trip with Mr. Doelger and it was astonishing to watch him interact with the students.

Dr. Hynes read the following statement about Mr. Brian Doelger.

I have worked with Brian Doelger for two years. I have reviewed his permanent records, read multiple evaluations and observed him formally, informally and in multiple capacities. I am recommending Mr. Doelger for tenure in the area of Social Studies Teacher 7-12 to be effective September 1, 2013. During my time working with Brian I noticed his ability to recognize his students' interests and needs. Brian understands that both Jenn and I have extremely high expectations for him and the students' he serves. I have found that Mr. Doelger understands the importance of students needing to be cognitively engaged and most importantly, his rapport with students really stands out more than anything. He encourages students to become active participants in the area of civics and holds them accountable for understanding how local, state and the federal government works. He possesses and demonstrates knowledge about his beloved content area which he is extremely passionate about. He consistently increases his knowledge base in order to remain current. One of our major charges from administration is for Brian to push and prepare our students to take more AP classes. His leadership will be instrumental in the formation of our new Grades 6-12 Humanities House next year. I believe Brian Doelger has the potential to move from a proficient social studies teacher to a highly effective one. It is important that he continues to push himself, never settles for mediocrity, and continues to enable our students to become critical thinkers. In closing, I believe Brian sums it up best when he shared this thoughts with me, "Just in general, I view teaching not as a job or even a profession – I truly believe it is a vocation. I come to school every day looking forward to trying to improve the lives of my students. After leaving, I think of how I could do

a better job tomorrow. I constantly look to improve my methods and take the job extremely serious. I consider it a great honor and privilege for you and the board to employ me." I am extremely confident and proud in making this tenure recommendation for Brian Doelger to the Shelter Island Board of Education.

*Brian Doelger Tenure
Recommendation

Mr. Brian Doelger thanked the Board of Education and Dr. Hynes for giving him the privilege of working with the students of Shelter Island and for granting him tenure. He also thanked various faculty and staff, as well as the parents and students of Shelter Island.
