- Create a stimulating learning environment that fosters critical thinking and problem-solving skills.
- Utilize a variety of instructional strategies, including technology, to cater to diverse learners.
- Conduct engaging experiments and demonstrations to enhance student understanding.
- Prepare students for standardized tests and assessments, including the Regents and/AP Physics.
- Collaborate with colleagues to develop innovative teaching approaches.
- Monitor student progress and provide timely feedback and support.
- Maintain accurate records and documentation.
- Participate in professional development activities to stay current with best practices.

Qualifications:

- Bachelor's degree in Chemistry or a related field.
- Valid teaching certification in Chemistry (Grades 7-12).
- Strong knowledge of chemistry concepts and principles.
- Excellent communication and interpersonal skills.
- Ability to create a positive and inclusive classroom environment.
- Experience with laboratory equipment and safety procedures.
- Proficiency in using educational technology tools.
- Passion for teaching and a commitment to student success.

Preferred Qualifications:

- Master's degree in Chemistry or additional science concentrations.
- Experience teaching chemistry at the middle or high school level.
- Successful track record of student achievement.
- Ability to integrate STEM concepts into lessons.

If you are a dedicated and enthusiastic educator who is excited about inspiring the next generation of scientists, we encourage you to apply.
