

SEAFORD SCHOOL DISTRICT DRIVER EDUCATION COURSE

Spring 2025 SEMESTER

Students who successfully complete this course will receive the MV-285 **“STUDENT CERTIFICATE OF COMPLETION”** issued by the Department of Motor Vehicles. Some practical advantages are First, in most cases, it will make students eligible for a rate reduction in their automobile insurance. We recommend that you check with your family’s insurance agent prior to registration to determine how this might affect you, since policies vary from company to company. Second, it will allow them to receive their Senior License at age 17 rather than at 18. The current law states that an individual who possesses a Junior License may drive only with a parent or guardian until he/she receives a Senior License.

The course consists of 24 hours of classroom instruction and 24 hours of in- car instruction. Students will complete no fewer than 6 hours of actual behind-the-wheel driving experience and 18 hours of observation in a teacher-supervised vehicle. **New York State Driver & Traffic Safety Education (NYS DTSE) mandates that students MUST complete 16 driving and 16 lecture sessions in order to receive the Course Completion Form (MV285)** Each student will register for one section of driver's education, which will include 1.5 hours of classroom instruction and 1.5 hours of laboratory in-car instruction. All instruction will take place at Seaford High School.

The cost of instruction is \$625.00 per student. This covers both classroom and in car instructions. Applications will be accepted from individuals who will have a learner’s permit and will be at least 16 years of age before the first day of class. The application deadline is **Friday January 8, 2025.**

Students will be accepted and placed in a lecture and in-car instructions based on a first-come, first-served basis. Since space is limited, we suggest that you apply early to get your choice of class time and driving time.

Mandatory.
