

Manor New Technology Middle School

Manor New Technology Middle School is a **Science, Technology, Engineering, and Mathematics** (STEM) academy. The curriculum brings together the strength of modern technology and complex problem-solving in an engaging environment.

Through **Project-Based Learning**, scholars utilize real-world scenarios to complete challenging and meaningful coursework. This hands-on learning approach prepares scholars to succeed in high school and beyond.

Programs

New Tech Network, Robotics, AVID

Extracurriculars

In addition to a STEM-focused education, Manor New Technology Middle School offers robust fine arts and athletics programs.

MNTMS is the right fit if...

Your scholar is looking for an inclusive and close-knit community that provides innovative teaching and learning opportunities. Here, your child will have the opportunity to apply their knowledge to the real world. Join us and be a part of something special!
