## A Message from Mrs. Cook,

### Happy Holidays

Our Hillside family wishes you and your family a Happy Holiday Season! We hope that you find time to relax and enjoy your loved ones during our time off. Happy Holidays!

### Hillside School Climate Survey

The Secondary School Climate Survey will be given to our students in January. This anonymous survey will help us understand our school climate from our students' perspectives. The survey for middle and high school students includes 30 questions and should take about 15 minutes to complete. The survey is anonymous, but parents/guardians are given the option to opt out if desired. School staff use the results to inform our efforts at improving our school climate. If you would like to preview the 30 questions or do not wish for your child to participate in this important activity, please email Mrs. Kubinski, Assistant Principal, by December 22.

## Dates to Remember:

## Home Liaison Hub

At Hillside, we aim to make sure that we focus on the whole aspect of student wellness and success. We do not just focus on the academic performance, but the overall quality of life that they have. Times can be challenging, and we understand that any additional help can make a difference. If there are any needs that your child or family face, please reach out to us for resource information. We have programs which we have available at the school level, as well as referrals for community services. If there are any barriers for success that your child faces, please communicate this with the school so that we can provide assistance when possible and gain a better understanding of situations faced either in the school or home setting.

If your family can use this type of assistance, please contact me, Mrs. Rohal, Home Liaison, at 440-843-3946 or email me at [rohald@parmacityschools.org](mailto:rohald@parmacityschools.org).

**REGARDING ABSENCES:** When your student will be late or absent for the day, even if they were called in sick or excused from the clinic the day before, please remember that it is important to communicate their absence **DAILY** with the school. We care about the whereabouts and wellbeing of our students and it can also help prevent any unnecessary concern and confusion! In-person instruction is vital to the academic success of our students and being present to learn material and concepts help prevent them from falling behind! Extended and excessive absences can lead to overwhelming workloads and additional accommodated instruction necessary to catch up.
