

SV Band Commissioning Project

The Seneca Valley Band Program, in cooperation with the Seneca Valley Band Foundation, seeks to further instrumental music education through commissioning original band works by notable composers which are premiered by various SV Bands encompassing grades 4-12.

Why commission new music?

- The value of students working directly with a living composer is incalculable and hard to overstate.
 - The process of seeing a work come together from initial inception to world premiere is rewarding for students, conductors, and parents alike.
 - Many composers are surprisingly willing and available to write for student ensembles.
 - Commission fees and other costs can often be made much more affordable depending on the composer's experience level/professional affiliation.
-

We need your support!

Funds for the SV Band Commissioning Project will be housed within the SV Band Foundation.

The Band Foundation is classified as a tax-exempt 501.c3 (Contributions to a 501.c3 are tax deductible)
