Re: Resolution Regarding Estimated Amounts Necessary to be Levied for the Year 2024

EXECUTIVE SUMMARY

Each year, the school district publishes and schedules public hearing on the estimated tax levy. The estimated levy represents an increase of 3.4% for the operating funds, while also capturing additional resources from new property growth, which will provide the financial resources necessary to support the school district's educational programs for approximately 5,200 students. The Cook County Clerk will apply calculations required by the Property Tax Extension Limitation Law (PTELL) prior to determining the amount of funds permissible to be collected through the tax extension.

BACKGROUND

Each year the Business Services department prepares an estimated tax levy, to be presented and discussed with the Finance Committee and the Board of Education. The estimated levy identifies the amount of money requested to be raised by taxation for the year 2024. This is the first action in the process to secure the District's property tax revenue.

To provide additional insight into the tax levy process, the following timeline has been constructed:

Table 1
Property Tax Timeline

Estimated Date	Activity
November 11, 2024	Board of Education Finance Committee Reviews Estimated Tax Levy
November 11, 2024	Board of Education Reviews Estimated Tax Levy; Approves Resolution to Publish Estimated Levy
December 9, 2024	Public Hearing on Estimated Levy; Board of Education Certifies Tax Levy*
January 31, 2025	Cook County Treasurer Mails 1st Installment Bills to Taxpayers (55% of TY2023 Assessment); District Begins to Receive Tax Receipts for TY2024**
June 15, 2025	Cook County Clerk Finalizes Tax Rate and Levy Amounts
July 1, 2025	Cook County Treasurer Mails 2nd Installment Bills to Taxpayers (Remainder for TY2024 Assessment); District Continues Receiving Tax Receipts for TY2025**

* School districts are required to file a tax levy with the County Clerk annually; on or before the last Tuesday in December.

** Property tax revenue is received across two fiscal years.

Calculation of the Estimated Tax Levy for 2024

For the 2024-25 fiscal year, local property taxes represent 86.2% of direct revenue receipts. In certifying the tax levy, the Board of Education is formalizing its request for property tax revenue for the 2024 tax year, which is paid by taxpayers through two (2) installments during the 2025 calendar year.

To develop a levy, the school district begins by reviewing last year's property tax extension (finalized by the Cook County Clerk in October 2024) and determines if tax amounts levied in the prior year should be decreased, left at the same level, or increased. Historically, our school district has increased the tax levy by:

- The maximum amount allowable under the Property Tax Extension Limitation Law (PTELL), which is the lesser of 5%, or the applicable percentage increase in the Consumer Price Index (35 ILCS 200).
- A calculated factor that represents new property growth added to the tax base since the last extension was finalized. It is important to note that:
 - Increased revenue as a result of new property provides the financial resources necessary to provide educational services to the increased student population.
 - The ability to increase the District's tax extension as a result of the new property only exists in the year in which the new property is added to the tax base. If the levy does not reflect a calculation to capture the potential new property in a given year, the negative financial impact compounds each year.

Taking these two factors into consideration, the following data was utilized to develop the estimated tax levy for 2024:

- Equalized Assessed Value (EAV) for Tax Year 2023
 - \$7,467,917,006
 - Calculated by the Cook County Clerk; included in the District's Agency Tax Rate Report published in October 2024¹
- Percent change in the Consumer Price Index for All Urban Consumers (CPI-U) Not Seasonally Adjusted between December 2021 and December 2022 (12-month comparison period).
 - 3.4%
 - 3.4% was calculated by the US Department of Labor's Bureau of Labor Statistics; Published by the Bureau on January 11, 2024².
 - PTELL limits this amount to 5%.
- Estimated New Property Growth Since the 2023 Tax Extension was Finalized
 - 1.6%

- Calculated by the District based on trend-line analysis, known development activities, expiring tax incentives (e.g. 6(b), TIF), and triennial reassessment activities.
- New property recognized during the 2023 tax year was \$57.4M.
- Excluding the 2023 tax year and the 2021 tax year (when “The Glen” TIF ended), the school district averages \$54M. Due to the volatility of the EAV of new property from one year to the next, utilizing a percent of the school district’s EAV provides greater security to ensure that we capture all new growth.

A detailed review of historical tax extensions and the 2024 levy, which incorporates the three previously stated factors has been attached to this memo. **Please note that while the estimated levy presents a 5.0% increase, exclusive of the amounts required for previously approved debt service payments, the actual amount to be raised by taxation will be limited by the maximum amount permissible under PTELL. The Cook County Clerk will reduce this amount in accordance with PTELL.**

Publication of the Estimated Levy and Public Hearing

In accordance with Truth in Taxation law (35 ILCS 200/18-56), a taxing body with estimated tax levies that are more than 105% of the preceding year’s extension, is required to publish the estimated amounts, and hold a public hearing. Even in times when the district’s tax levy does not exceed 105%, it has been our practice to publish the levy and hold a public hearing to provide an opportunity for our community to express their thoughts regarding the proposal.

RECOMMENDATION

It is recommended that the Board of Education approve the “Resolution Regarding Estimated Amounts Necessary to be Levied for the Year 2024”. Further, it is recommended that the Board direct the administration to publish the estimated levy amounts and to schedule a public hearing on the estimated tax levy as part of the regular board meeting scheduled for December 9, 2024.

Resolution Regarding Estimated Amounts Necessary To Be Levied For The Year 2024

WHEREAS, the Truth in Taxation Act (35 ILCS 200/18-55) requires that all taxing districts in the State of Illinois determine the estimated amount of money, exclusive of levies for debt service estimated to be necessary to be raised by taxation for the year 2024 not less than twenty (20) days prior to the official adoption of the aggregate tax levy of the district; and

WHEREAS, if the estimated aggregate amount necessary to be levied, exclusive of bond and interest costs, does exceeds 105% of the aggregate amount of property taxes extended or estimated to be extended, including any amount abated by the taxing district prior to such extension, upon the levy of the preceding year, public notice shall be given and a public hearing shall be held on the district's intent to adopt a tax levy in an amount which is more than 105% of such extension or estimated extension for the preceding year; and

WHEREAS, while the estimated aggregate amount necessary to be levied for the year 2024 does not exceed 105%.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Education, Glenbrook High School District 225, County of Cook, State of Illinois, as follows:
