Why I Love My School

By Vada L.

About my school

My school is Fleetridge or the kindest school in Kansas City according to last year. I am a Fleetridge star and I am in fourth grade. My school was the first school in Kansas City that had air conditioning. My school was built in 1968 which means that it has been standing for 56 years. Our mascot is the star and we have rainbows everywhere in the school.

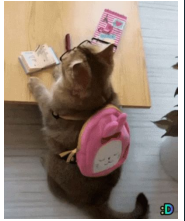

1st and 2nd reasons

Hi I am going to tell you why I love my school. The first reason is that all the teachers are so nice and sweet that I don't want to leave. My second reason is that there are so many things to do like to play at recess outside on the starstation, play foursquare or maybe eventually get to play kickball.

3rd and 4th reasons

My third reason is that there is so many things to learn like math, science, ELA, writing, DRI, and so on. My fourth reason is that all the teachers are very understanding and they don't yell at me for crying unexpectedly because of stuff that I don't want to explain right now.

5th and 6th reasons

My fifth reason is that we get lockers. Some elementary schools don't have lockers at all and so I am very fortunate because we have lockers. My sixth reason is that this school has a lot of after school events and social activities in those events like haunted hallways, movie nights, and skating nights.

7th and 8th reasons

My seventh reason is that I like how big my school is. It is very big that when you come here you just want to have a reason to explore! My eighth reason is that my school is not too big so you don't get lost and you don't panic.

9th reason and a long story.

My ninth reason is that I found my sport here I'm going to tell you the story. It was summer school, I was in PE when Ms. Lily pulled me and said do you want to be on my soccer team I said ok. A year later here we are I'm still on here soccer team which is good but yeah sorry for the story.

10th and 11th reasons

My tenth reason is that you make friends, I have made a lot of life long friends here and I am grateful for that. My eleventh reason is that if your like me then you love tests and I mean LOVE tests so that is what I look forward to them.

Field trips

I love when we go on field trips. I loved the Nelson Art Museum, The Zoo, and I will probably love field trips in the future too. I am very grateful for all of these field trips.

Thank you!

Those are all the reasons I love my school. Thank you for taking the time out of your day to read this!

Just a laugh to brighten your day
and thank you once again!
