ARTICLE XII - GRIEVANCE

It is in the interest of the general public, and in the interest of the school children that both employer and employees serve, that grievances be reconciled and disposed of as expeditiously as is possible.

The parties agree that grievances, which arise out of the interpretation of this Agreement, shall be resolved in accordance with the grievance procedure described in Article XI.

1. Grievance Procedure

The parties to this Agreement agree that an orderly and expeditious resolution of grievances arising out of the interpretation of this Agreement is necessary. A claim by a professional teaching employee that there has been misinterpretation of any provision of this Agreement may be processed as a grievance as hereinafter provided.

Step I

In the event that a professional teaching employee believes there is a basis for a grievance, he shall first discuss the alleged grievance with the building administrator either personally or accompanied by his representative within ten (10) school days after its occurrence. At such time the employee shall submit to the building administrator written documentation on forms available in the office of each building officially designated as the teaching station or home office of said employee indicating the section of the contract being grieved. The building administrator shall indicate his disposition of the grievance in writing within ten (10) school days after the first discussion. If the employee is not satisfied with the disposition of the grievance by the building administrator and a grievance still exists, he shall within ten (10) school days of the receipt of the building administrator's disposition, invoke Step II of the grievance procedure.

Step II

In the event that the employee and the building administrator fail to resolve the grievance, the grievance shall be submitted to the Director of Vocational Education as outlined in Step II. Within ten (10) school days of the receipt of the grievance, the Director of Vocational Education shall meet with the grievant and/or his representative in an effort to resolve the grievance. The Director of Vocational Education shall indicate his disposition of the grievance in writing within ten (10) school days of such meeting and will furnish two (2) copies thereof to the grievant.

If the grievant is not satisfied with the disposition of the grievance, and a grievance still exists, the employee shall within ten (10) school days of the receipt of the Director of Vocational Education's disposition, invoke Step III of the grievance procedure.

Step III

If the grievant is not satisfied with the disposition of the grievance, or if no disposition has been made, the grievance shall be transmitted to the Executive Director and/or his designee. Within ten (10) school days, the Executive Director and/or his designee shall meet with the grievant and/or his representative on the grievance and shall indicate his disposition of the grievance in writing within ten (10) school days of such meeting, and shall furnish two (2) copies thereof to the grievant. If the grievant is not satisfied with the disposition of the

grievance, and a grievance still exists, the employee shall within ten (10) school days of the receipt of the Executive Director's disposition invoke Step IV of the grievance procedure.

Step IV

If the grievant is not satisfied with the disposition of the grievance by the Executive Director or his designee, or if no disposition has been made within ten (10) school days of such meeting, the grievance shall be transmitted to the Board by filing a written copy thereof with the secretary or other designee of the Board. The Board, or a committee appointed by the Board, no later than its next regular meeting may hold a hearing on the grievance, review such grievance in executive session, or give such other consideration as it shall deem appropriate. Disposition of the grievance in writing by the Board shall be made no later than ten (10) school days thereafter. Two (2) copies of such disposition shall be furnished to the grievant. If the employee is not satisfied with the disposition of the grievance by the Board, and a grievance still exists, the Association may within ten (10) school days of the receipt of the Board's disposition invoke Step V of the grievance procedure.

Step V

If the Association is not satisfied with the disposition of the grievance by the Board, or if no disposition has been made within the period above provided, the Association may, within fifteen (15) school days, notify the Board of the Association's intention to submit the grievance to arbitration. The notice shall be accompanied by a list of three (3) arbitrators.

The Board shall, within seven (7) school days of receipt of the list, notify the Association of acceptance of one of the proposed arbitrators, or submit to the Association a list of three (3) proposed arbitrators.

The Association shall, within seven (7) school days of receipt of the list, notify the Board of acceptance of one of the proposed arbitrators or file a request with the Board of Mediation of the Commonwealth of Pennsylvania for arbitration according to Act 195, Article IX, Section 903.

The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties. In the event of a grievance is filed after May 15th of any year and strict adherence to the time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible.

Expiration of Time Limit

Wherever the procedure herein provides a time limit for the disposition of a grievance, the grievant or Association, depending on the step in the process, shall have the same amount of time following the disposition, or if no disposition is made, the expiration of such time limit, to initiate the next step in the grievance procedure. If either party fails to initiate the next step within the specified time, the grievance shall be considered resolved.
