It is the policy of the Schuylkill Intermediate Unit 29 to provide an active Safety and Health Program. The objective of the program is to ensure a safe and healthful work environment for all employees, students, visitors and the general public, as well as to protect the buildings, equipment, grounds and other property from loss.

A workplace safety committee, which meets monthly, shall be implemented to help attain these goals. Some of the techniques, or procedures, used by the committee to implement this safety policy shall include, but are not limited to:

1. Hazard detection and safety inspections of the work area on a periodic basis, i.e. via a quarterly or more frequent inspection program.
2. Accident and illness prevention and investigation including review of accident reports with recommended appropriate corrective action, assignment of person responsible and follow-up to confirm recommendation compliance.
3. Promoting safety awareness throughout the campus.
4. Implementing required safety programs as mandated by law.
5. Reviewing appropriate safety procedures and recommending any changes.
6. Organizing and/or providing safety training programs for employees.
7. Substance abuse awareness and prevention.
8. Periodic review of safety committee by-laws, structure and operations.

The safety committee chairperson will give monthly reports at committee meetings and an annual report to the senior management regarding the safety and health program status.

The complete cooperation of all personnel regarding this program is expected.

The committee members will be selected based on their knowledge and willingness to serve. If possible, at least one member will be selected from each group of employees, so that all areas are represented. All employees are to be properly advised of the name of their safety committee representative.

**B. Term**

The term of the committee members will be three years. One-third of the membership will rotate out annually. Terms will begin July 1 and end on June 30. Members may be re-appointed with the approval of the administration. This is to ensure maximum participation and continuity in the Safety and Health Committee and Loss Control/Risk Management program. Some management members are permanent members and are not subject to being rotated out of the committee. In the event that a member cannot fulfill his/her term, a person from the same group or a substitute from another department (as approved or appointed by the administration) will serve until the end of the member's term. Committee members may be replaced for failing to attend regularly scheduled meetings.

**C. Officers**

Officers for the next year shall be elected at the May or June meeting for a one-year term by a majority vote of the committee members present.
