

Respecting Our Traditions, Shaping Our Future

Your generosity honors our legacy,
stabilizes our today, and secures our future.

Respecting Over 100 Years of Tradition

Respecting our traditions means continuing the cherished experiences that make Green Vale so special. From older students mentoring younger ones to Blue-Gold School Spirit, these moments shape memories that last a lifetime.

Honoring Today

We respect the present by celebrating the dedication and contributions of our teachers, students, and families, who bring Green Vale to life every day.

Shaping Our Future

To shape our future, we must invest in the people, places, and programs that make Green Vale, Green Vale—our dedicated teachers, engaging programs, cherished traditions, and the joyful moments that define each day. Your support to the Annual Fund ensures we can sustain all that makes our School exceptional today, while also building a strong foundation for the path ahead.

The Annual Fund

The Annual Fund is 100% allocated toward Green Vale's day-to-day financial needs, supplementing tuition/fees and a conservative draw from the endowment. It's no coincidence that the School's greatest asset is also its largest financial priority by far: salaries and benefits for unparalleled teachers.

While tuition helps cover a portion of our operating costs, it doesn't account for everything needed to provide the exceptional education and experience Green Vale is known for. The Annual Fund ensures we can maintain our beautiful 40-acre campus, support enriching programs, and make our exceptional education accessible to the best students.

Tuition + Philanthropy = The Green Vale Difference—an investment in our current excellence and future growth.

Thank you for making your pledge or gift as soon as possible.

The Annual Fund closes June 30.
