What is the GO Center?

The GO Center is a place within both high schools where students of all grade levels can receive support with post-secondary planning. While our focus has historically been seniors, this year our services have expanded to purposeful workshops with underclassmen to start conversations about post-secondary planning before the student reaches their senior year.

The Go Center is staffed with full-time employees of the Texas Christian University chapter of the College Advising Corps organization. All staff members have already obtained a bachelor's degree. Currently, both GO Centers have a team of 4 advisers including a High School Campus Coordinator.

We work within the counseling department in Crowley ISD.
