I would like to apply for midterm graduation in order to:

- Other reasons (Specify _____)

Please consider the following before making your decision:

- Once you have completed graduation requirements, you are no longer a student at the above school and may not re-enroll. You are free to enroll in college, work full time, join the military, etc.
- If you take a college course after HS midterm graduation and prior to enrolling in a four-year college in the fall, you may be considered a “transfer student” and must wait to enroll in the four-year college as a junior. Check with the college of your choice prior to talking any college course after graduating.
