Why do they do that? SSN Numbers

Turlock Adult School asks you for your Social Security Number because our grant funding requires that we follow up with students 6 months and 12 months after they leave us. Your SSN is used to determine if you have gotten a new/better job and also to check to see if you've enrolled in a college or trade school. Your name is never used, and your SSN is never shared with anyone outside of the Department of Education. If you prefer not to give us your SSN, we will be emailing/calling you to follow up. Please respond to these emails and calls because this information is very important for us to continue receiving funding and offering courses at little to no cost.

Why do they do that? CASAS Tests

Comprehensive Adult Student Assessment System (CASAS) tests are administered to students in the High School Diploma, High School Equivalency, English as a Second Language, and Adult Basic Education programs. These tests serve two purposes: they allow students to see how much progress they've made over the course of the year, and they also serve as a way for us to evaluate our programs' strengths and weaknesses. We submit our results to CASAS, which provides feedback on things we're doing well, as well as areas where we could improve. We receive funding based on both our compliance and our results. For this reason it's very important that all students take their pre- and post-tests.

Community Education

ONLINE REGISTRATION ONLY: <https://turlock.asapconnected.com>

The core mission of adult education is to provide adults with the basic knowledge and skills they need to participate in civic life and the workforce. Under state law, adult education can also serve various other purposes, including offering enrichment classes. Turlock Adult School is committed to providing enrichment opportunities to adults in Turlock and the surrounding communities, but we are only able to do this if these classes are self-supporting—the California Department of Education does not allow state funds to be spent on providing these classes. The prices below reflect the actual operating costs; Turlock Adult School does not make a profit on Community Education classes.

After many course listings in this section, you will see the minimum number of student enrollments that are required to cover the costs of the class. If this minimum number is not met, the class may have to be cancelled. Because we need time to notify students and issue refunds when classes are cancelled, the decision has to be made a week before the first class date. *Please register as early as you can to prevent possible cancellations.*
