What is a Family-School Compact

A Family-School Compact is an action plan to enhance schools and promote student success.

The Family-School Compact describes how Midland Academy Charter and families can work together to help children achieve the State's high standards. It outlines how parents, the school staff, and students will share responsibility for improved student academic achievement. Compacts are shared and discussed with parents/guardians and students during your student's grade level meet the [teacher event](#). This is when compacts are shared and teachers discuss the teacher, parent, and student roles as outlined in the compact. Feedback and request for any additional support are welcome at any time. Our compact describes the best ways to build these partnerships. Our school website details all important information, and the most effective means of communication between families and Midland Academy. The Family-School Compact outlines what strategies families can use at home to support their child's learning. These components are linked to our Schoolwide School Improvement Plan.

Jointly Developed

Parents, staff, and students of Midland Academy Charter contributed to the development of this compact. Meetings are held each year to review the compact, and to make necessary changes. The compact ensures that students are provided with the best opportunity for academic achievement by the school and family working together. Parents are welcome to contribute comments at any time, as the compact will be referenced throughout the year.
