ADVANCED MANUFACTURING TECHNOLOGY

Are you ready for a career in the advanced manufacturing technology industry?

The McCann Technical School Adult Education Program, in collaboration with the MassHire Berkshire Career Center and the Commonwealth Corporation, is offering a free 200-hour advanced manufacturing technology training program with credentials and career placement assistance. Our CTI program will provide students with industry training and hands-on experience working with today's machines, software, and tools.

Certifications include:

- OSHA 10 General Industry
- Certified Solidworks Associate
- CNC Expert CAM Certification
- MACWIC Level 1 Certification
- CNC Expert CNC Certification
- MACWIC Level 2 Certification

Apply now to chart your path for a career in this exciting, lucrative, high-demand advanced manufacturing field!

Training and program costs are free as this program is grant funded for workforce development by the Commonwealth Corporation. Collaboration with the MassHire Berkshire Career Center is a required part of this program. All of the training, materials, and certifications are free. This class is for serious participants who want a job in the advanced manufacturing field. Attendance, employer engagement, job placement and career readiness work is included.

Program dates: February 3 - May 7, 2025

Classes will be Monday through Thursday: 3-7 pm.

All applicants must meet eligibility requirements and apply through the MassHire Berkshire Career Center. For questions, call (413) 499-2220.
