

PARKLAND ELEMENTARY SCHOOLS

Parents/Guardians of First Grade Students,

Chromebooks will be sent home for our **Flexible Instruction Days** (FID) this school year. A Flexible Instruction day could be used during the winter months during inclement weather. In preparation for these days, First Grade students will be asked to take their Chromebooks and charger home from school prior to the first announced Flexible Instruction Day.

Chromebooks will be expected to return to school each school day. However, please keep the charging cord at home in a safe location so you can charge the Chromebook when it is at home. Please be sure that the Chromebook is fully charged when it is returned on the subsequent school day.

Beginning with the 3rd marking period, First Grade teachers **may** designate certain days that Chromebooks will be sent home. These days will be communicated with you in advance by your student's first grade teacher.

Thank you,

Parkland Elementary Principals
