

DRAFT Goal Setting

Academic Goal – DRAFT

Goal: We will provide our students and staff with structures and resources to create experiences unique to each individual student. We will ensure that these experiences include an appropriate balance of work and healthy stress that offer students the ability to discover and exceed their greatest potential.

Strategic Objectives: to accomplish our goal in this area we should focus our work on the following strategic objectives:

- Develop curriculum.
- Support the classroom environment.
- Provide teacher and staff training.
- Remain Cost Conscious.

Culture, Climate and Character Goal – DRAFT

- **Goal:** We will create safe, inclusive environments that allow all students to thrive and successfully face evolving challenges.
- **Strategic Objectives:** to accomplish our goal in this area we should focus our work on the following strategic objectives:
 - Foster compassionate people and learning.
 - Promote collaborative learning.
 - Create a community focused mentality.
 - Encourage upstanders vs. bystanders.
 - Ensure an open dialogue that is receptive to varying opinions.

Community Goal – DRAFT

- **Goal:** We will communicate effectively with the external community of stakeholders and remain focused on creating an inclusive school community where every child feels a sense of value and belonging.
- **Strategic Objectives:** to accomplish our goal in this area we should focus our work on the following strategic objectives:
 - Actively seek input.
 - Actively communicate plans, rationale, priorities, results and progress.
 - Forge diverse student body into unified community.
 - Teach students to disagree without fragmenting.

Operations/Fiscal – DRAFT

Goal: We will provide facilities that are adequate in supporting an excellent education for our students and experiences for our community members.

Strategic Objectives: to accomplish our goal in this area we should focus our work on the following strategic objectives:

Provide spaces that reflect the quality of the program.

Stay under the tax cap.

Ensure a high-quality residency verification process.

Focus on excellence while providing flexibility and continuously gathering feedback.
