

# Student Drop-Off and Pick-Up at Heritage Elementary

*Please help keep our students safe!*

Children should exit the passenger side of the vehicle only! *Exiting the driver side puts children in danger of on-coming vehicles in the drop-off/pick-up zone.*

The school parking lots are reserved for parents who need to park their vehicle and can escort their children safely across the parking lot and crosswalks to the school building. If you are not exiting the car with your children, you are required to use the circle drive for curb-side drop-off and pick-up.

During the high traffic drop-off/pick-up time, please be considerate of all others waiting behind you by pulling as far forward as possible in the circle drive. This allows as many cars as possible to pull up to a side walk and curb where children can safely exit or enter vehicles.
