

WWW.DANSVILLECSD.ORG

SUMMER 2019

Dear School Community Members,

In this publication we welcome the start of a new school year while we look back and celebrate student accomplishments from last spring. On so many levels, 2018-19 was one of our most successful years in school history and we plan to continue along this positive trajectory. 2019-20 will bring some changes in central administration. Facilities Director Jeff Hayes will retire this fall after over 30 years of service to Dansville Schools. His replacement is Dansville native, Tom Hurlburt. Tom recently retired from the US Navy and his family has relocated from San Diego. Our School Business Official Roger Parulski, who came out of retirement in 2018, will finish up in December. We'll conduct a thorough recruitment process to replace Roger and his successor will begin in January.

In public education we have no choice but to embrace change, but we also understand the importance of sticking with what works. The 7 Habits are now embedded in our schools and they will continue to serve as a foundation upon which our students and employees learn and grow. We'll expand upon the 7 Habits with meaningful opportunities for students to acquire new individual and social development skills. Through multi-tiered systems of support (MTSS) we will proactively reinforce the benefits of good behavior, independent thinking and teamwork. While we continue to teach accountability through structured student management, we will also expand restorative practices to augment traditional discipline.

Importantly, we won't rest upon our laurels. This fall we will conduct our third comprehensive needs assessment in ten years. Community involvement in the previous assessments helped us to set strategic goals and make much needed improvements. We've come very far and your participation in the needs assessment is essential to our continued progress. Please look for news on the needs assessment this fall.

Dansville Schools are about inclusive education, unwavering support for children and continual improvement. This path places the needs of our students above all else. As Dansville rises, we know that we couldn't achieve so much without the commitment of so many. We remain so very grateful for our faculty, staff, school leaders, students, their families and our supportive community and we look forward to seeing everyone in September!

Yours in Education,

Dr. Paul J. Aloto, Superintendent of Schools

# MUSTANG SPORTS ACCOLADES

## Dansville Mustangs Modified Signing Day 2019!!

Congratulations to the 6th grade Dansville Mustang Modified Football Players. Our school and coaches are excited to have you become part of our program. Our staff is committed to helping you develop your athletic skills as a football player. We would like you to become not only a great football player but a great student, teammate and a strong responsible young adult. At Dansville we live by our three ideals: Attitude-Effort-Integrity.

### Athlete of the Month April

Alex Rodriguez was named Wegman's athlete of the month for April. Alex's picture will

was on display at the Hornell Wegmans during the month of May.

### Mustangs of The Month April

- Tennis - Mason Wolcott
- Golf - Madelyn Vegder
- Baseball - Dylan Race
- Softball - Jenna George
- Girls Track and Field - Jasmine Fox

### Athlete of the Month May

Trevor Shotwell was named Wegman's athlete of the month for May. Alex's picture was on display at the Hornell

Wegmans during the month of June.

### Mustangs of The Month May

- Golf—Tim O'Toole
- Softball—Jill Schramm
- Tennis—Mason Wolcott
- Girls Track & Field—Madison Jacobs
- Boys Track & Field—Zach Foster

## Scholar Athlete Teams for Spring 2018-2019

- Golf
- Tennis
- Girls Outdoor Track

Spring athlete recognition at Board meeting. Great job Maddie Jacobs, Sophia Frisiras & Alex Rodriguez.

Congratulations to Senior Dylan Race on being awarded Section V - Class B2 - Player of the Year in Baseball. Good luck to Dylan .

Congratulations to Madison Jacobs for competing in the NY State Track & Field Meet Friday in Middletown, New York. Maddie was seeded 6th in Division 2 and placed 5th with a throw of 34' 7 1/2".

The Dansville Lady Mustangs dedicated this meet to Lillia Anderson's mom Kerry Ann Wood, who passed away, wearing blue ribbons for ALS Awareness.

Congratulations to Sophia Frisiras, Section V - Class B - 800M Run - Sectional Champion!

### Mini Mustangs Volleyball Camp

The Dansville lady mustang volleyball team had a wonderful mini-volleyball camp for young ladies in grades K-6. The athletes worked hard and completed their mini camp with HUGE SUCCESS! Awesome job to all the young campers and athletes who came out to help share the love of volleyball. EXCELLENT JOB LADY MUSTANGS!

Andrew Vogler will be attending Nazareth College in the fall where he will be playing men's soccer for the Golden Flyers. We want to congratulate Andrew and his family. Pictured with Andrew are his parents Jody and James along with brother Jonathan. With Andrew playing soccer at Nazareth all three of James and Jody Vogler's children will have participated in a sport at the collegiate level.

**The Parent/Athlete Meeting for ALL parents and their children who intend to participate on a modified, JV or varsity sport during the 2019-2020 school year will be held on Tuesday August 13, 2019 at 7pm in the HS gymnasium.**

**Fall sports team meetings will follow. Any parents and students who are not playing a fall sport may leave at that time.**

# Happy Retirement!

We wish our DCS family the best in their retirement endeavors!

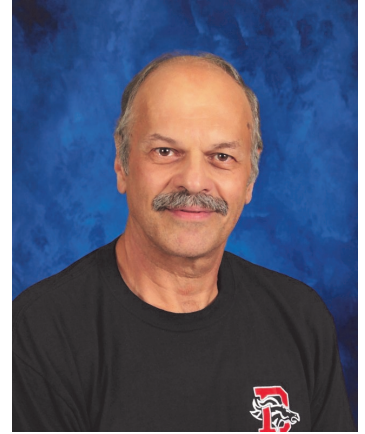

*Lynne Garippa*

*Teacher*

*Tom Young*  
*EBH Cleaner*

## DCS Welcomes Alumni Association Director

The Foundation for Dansville Education named Marcia Hemmer Miller to the position of Alumni Association Director. Marcia said the Association “is where you will be able to keep up to date on the happenings of your Alma Mater. We have a lot of GREAT things happening at DCS and I will keep you up to date!”

## McTeacher's NIGHT

The Dansville Physical Education Dept and the Drum Line teamed up with our local McDonald's for the first ever **McTeacher Night** to assist with expenses for students in need. Discovering a new found respect on how hard fast food employees work, over 350 students and their families, not including regular customers, were fed. With McDonald's donation, along with individual donations and the Dansville Football team, \$1,000.00 was collected.

## Letter from Dan Dixon, Primary School Principal

The Dansville Primary School finished the year in celebratory fashion with pre-kindergarten graduation, kindergarten graduation and our End-of-The-Year Leadership Celebration. Families and friends joined us to help celebrate the hard work that students had put in all year. At the Leadership Celebration, classes and students were recognized for learning and living the “7 Habits” as well as achieving their Wildly Important Goals (WIG) for the year.

I hope all faculty and families use this summer to relax and sharpen the saw. In the fall, we will be introducing students to our newly created Early Math Profile (EMP). The Early Math Profile was developed based on mathematical foundational standards. It assesses the important number concepts, operations, geometry, and measurement and data and gives an individual account of each student’s strengths and needs. The purpose of the Early Math Profile is:

1. To model a framework of early number concepts of what is important for students to learn in mathematics and what is important to assess.
2. To provide a developmental math assessment that can be used to assess number concepts, operations, geometry, measurement and data.
3. To provide a readiness assessment to determine if students are ready to begin grade-level work.
4. To determine each student’s level of understanding on grade-level expectations.
5. To monitor progress throughout the year.
6. To facilitate communication between teachers and parents so parents feel more informed about their child’s strengths and needs in mathematics.

I hope you all have a relaxing and enjoyable summer. I know it will go by extremely fast. Please take advantage of all that the school and community have to offer this summer such as summer recreation, summer reading, summer enrichment, library summer events and our school summer breakfast and lunch programs.

Deputy Holt visited 3PK  
to talk about how he is here to  
help us and read a story.  
Thank you, Deputy Holt!

Don’t forget to check out our Digital Citizenship webpage on the district website,  
offering information for our students and families.

The URL is: <https://sites.google.com/dansvillecsd.org/digital-citizenship>

Or go to [www.dansvillecsd.org](http://www.dansvillecsd.org). Click on “Parents,” then “Digital Citizenship”

## Pre-K Student Reads 1,000 Books!

Two years ago, Natalie started a reading challenge through the Dansville Public Library to read 1,000 books before entering kindergarten. Through dedication and support from her family at home,

she was able to achieve her goal a few months early. Congratulations, Natalie!

## Sergeant Coburn Reads to Pre-K

Mrs. Spoor's Pre-K

welcomed Sergeant Joe Coburn to their classroom yesterday! He talked about his job, Memorial Day, and he read a story. Sergeant Coburn is a DCS Class of 2010 graduate. He currently works as a recruiter for the Army after doing service as an infantryman. He visited many classes during his visit. Thank you for your time and your service, Sergeant Coburn!

## Bike Safety Rodeo

The 3PK classes had their annual Bike Safety Rodeo to wrap up their study of community helpers. The children learned about bike safety, received helmets, rode through the bike course, met some K-9s, and toured the ambulance garage. Special thanks to Officer Burley and the Dansville PD, Jamie Johnson and Cornell Cooperative, Sgt. Draper, Deputy Cutting, Livingston County Sheriff's Department, and our gracious hosts at the Dansville Ambulance Company for a fun day of learning about safety.

## DCS Therapy Dogs Visit Pre-K

Mrs. Barber and friends host special guests, Penny, Sarge and Dr. Alioto. Penny and Sarge are Dr. Alioto's dogs who are in training to be therapy dogs. During their visit Mrs. Barber's class read a mini book aloud to Dr. Alioto and the dogs while the dogs practiced staying in place. After reading to the dogs, Dr. Alioto shared a little information about the dogs with the class. To end their visit everyone had a chance to pet Penny and Sarge. Some friends even got to feed them a snack for doing such a good job. Mrs. Barber's friends can't wait for them to come back and visit again. Look at those SMILES!!!! We LOVED having them come to our classroom!

## PS Author Visit

Author Ammi-Joan Paquette visited the primary school and students had a blast learning about how to write a book and where to find ideas! She talked about turning upsetting moments in life into stories, and how to always ask WHAT IF...? Her three big tips for becoming an author? (1) Imagination! (2) Read A LOT! and (3) Write A LOT! What a wonderful day celebrating literacy and the joy of reading! She even added a special note to our library wall of fame! Woo hoo!

## Planting Day at DPS

The DPS Lighthouse Committee organized another successful and fun Planting Day! From planting bean seeds, to beautifying the entrances with flowers, to chalk drawings, to amazing kindness rocks spread around campus, to lessons about compasses and maps to Google Expeditions and seeing far away plants and insects, to making bird feeders for our court yards...this was truly a school-community driven event. Students, faculty & staff all had a blast working together to help make our school even more beautiful and inviting!

## Plant Studies

2nd graders in Mrs. Doggett's class studied plants and plant parts. During library class they got to go on an augmented reality tour using Google Expeditions and iPads to see plants around the world! The kids had a great time exploring a Venus Fly Trap and a 40 foot cactus!

## Pre-K Visit 8th Grade

Miss Rowe's Pre-K class traveled over to Ms. Allen's room in the high school to learn all about baby chicks! Ms. Allen's students worked hard to prepare for the visit and had wonderful presentations to share with the Pre-K students. Nice job, 8th graders!

## Letter from EBH Principal, Lisa Allen

Dear Parents and Community,

On June 14 - our annual Flag Day/Leadership Day - we spent some time celebrating our students and their accomplishments from this year. I continue to be impressed with what I see and hear from our students. They change and grow so much from when they enter third grade then they leave us at the end of sixth grade.

I'd like to recognize two people who will be retiring. They have been long time employees and we have been fortunate to have them at EBH as they conclude their careers. Mr. Young is our custodian and his constant positivity has been valued. He responds to classroom needs very quickly and with a smile. Mrs. Garippa has been our teaching assistant was important to all of our work with technology and experiences for Makerspace, LEGOs and chrome-books. Both of them will be missed as we move into next year.

Last year was full of exciting events and fun experiences. We continued to have a large number of clubs/activities for our students and we recognized those on June 14. We also had our traditional Cross Country Run, food drives, a Jump A Thon, leadership assemblies, Open House, student led conferences and the list goes on! We also continued our work with the 7 Habits and held our 3rd annual Leadership Day and 4th annual Science Fair that many of you attended. We love that so many people are interested in our school and take time to visit on these occasions.

I am very proud of how much our students and adults at EBH have invested in the 7 Habits and with finding the leaders in each of us. When we began this journey a little over 3 years ago, our Lighthouse Team (adults who facilitated many events and encouraged all of us to join in) had a goal of becoming a Lighthouse School. This means that we would be models for other schools, exhibiting the true meaning of the 7 Habits, giving our students leadership opportunities, establishing goals and monitoring progress, creating an environment that is student friendly and welcoming. We decided that EBH had what it takes to get that status and we have worked hard to get there.

On May 22, a team of outside observers from Franklin Covey came to "audit" our school and determine if we were meeting the criteria of a Lighthouse School. There is an extensive rubric for this and the areas of academics, environment and leadership are closely examined. The information is then sent to the Franklin Covey organization for a decision. We had parents come on that day to share out experiences, student panels, tours of the building, leadership binders on display, a leadership assembly and an entire day of these observers stopping in classrooms seeing what EBH is all about. This was the culmination of years of work and we were really proud of what we could show off. Then we had to wait to hear the "verdict" .....were we there yet??? Waiting is hard!

I am very happy to announce that EBH was given Lighthouse Status! We found out that our school is an exemplar for others and I couldn't be more proud of the students and staff for making this happen. When you look up what it means to be a Lighthouse School, it says that this is like the blackbelt for schools in terms of creating a culture of leadership. It has been fun to see all that has been done and what we are capable of. Being a Lighthouse School is an honor as there are only select schools across the country to earn it.

Congratulations to everyone who is a part of this honor! It took parents being supportive at home, students stepping up to be a voice in our school and faculty and staff being willing to implement practices based on what we learned in our trainings and coaching. Without all of this happening, we would not be a Lighthouse School!

I hope you all have a wonderful summer. I am looking forward to the new school year and greeting our new group of third graders.

## 6th Grade Chorus Performs at SeaBreeze

On Thursday, June 6th, under the direction of Mrs. Reynolds, the 5th and 6th grade chorus, performed at the Sea-Breeze Music Festival in Rochester, NY. The students earned a score of 97 out of 100 and were given a rating of outstanding! Congratulations on all of your hard work!!

## HS Students Share Robotics with EBH Students

Mrs. Lehman's students came over to teach Mrs. Greenway's students about Edison Robots. The kids loved it and learned about robotics.

EBH Band at Dogwood Parade

## Hawley's Hike Update

Mr. Hawley has made steady progress and in June, passed Waynesboro, PA, having traveled more than 1100 miles! At that point, he had made it halfway. Meanwhile, at EBH, our kids have completed their virtual trip and have arrived at Mount Katahdin in Maine! We had 75 individuals who participated, including students and teachers, and we finished with 19 having gone the distance completing each step of our Appalachian Trail. This was a self-motivated task, and we are proud of our kids for persevering.

Thank you once again to our sponsors who provided the funds for prizes and treats. Both of our local grocery stores, Save a Lot and Tops, contributed hiking related treats to keep the kids motivated to continue. We ended with our own version of the Summit Challenge, an ice cream sundae event for all who had completed at least half of the Trail stops. The administrators also pitched in to provide prizes for those who completed the whole Trail. A special thanks go to Roger Parulski who made sure there were keepsake t-shirts for each one who finished. Go, Mr. Hawley! We are rooting for you!

## Letter from High School Principal, Thomas Frazier Summer 2019

Dear Parents and Community,

The end of the school year is always a very busy and rewarding time of year. Students were recognized for their outstanding artwork in early May at our National Art Honor Society Induction, which was followed by our Annual Art Show. Several students were inducted into the National Honor Society in late May and National Junior Honor Society in June. Students were also recognized for their outstanding academic achievement at the Honor's Tea and Senior Awards Night. The 2018-2019 school year culminated with our 130th Commencement Ceremony, which was a very proud moment for all who were in attendance. Congratulations to the Class of 2019 and we wish you the very best in your future!

As many of you know, Mrs. Cheryl Keller retired at the end of the school year. She has been an incredible resource for DHS students and families for 17 years and we are all incredibly grateful for her years of service. Despite saying goodbye to Mrs. Keller as a full-time counselor here at the high school, we are extremely fortunate that she has agreed to stay as a half-time College and Career Readiness Counselor. She will be working on Tuesdays, Wednesday afternoons, and Thursdays throughout the 2019-20 school year. We are very excited to have her serving in this capacity! Mrs. Keller's full-time replacement is Miss Jayden Wolcott who is working with Mrs. Keller this summer to learn as much as she can before the school year begins. The new alphabet breakdown for counselors will be as follows:

- **Mr. Matzek**-students with a last name ending with **A-F**
- **Miss Wolcott**-students with a last name ending with **G-O**
- **Mr. Kastner**-students with a last name ending with **P-Z**

In addition to changes in the counseling office, we have also had some changes in our instrumental music program. Mr. Marc Bridon left at the end of the 2018-19 school year to return to the Buffalo area. Mrs. Pam Mark will be returning as the 9-12 Band Director. We hired Mrs. Holly Carson from the New Lebanon Central School District as our new 7-8 Band Director. Mrs. Carson is originally from Corning and is enthusiastic about getting back to this area and joining our music program.

We also have two familiar faces coming back to Dansville Central School District. We hired Mrs. Noel Folts as a French teacher and Mrs. Renee Bacon as a Family and Consumer Science teacher. Mrs. Folts spent last year at Honeoye-Falls Central School District and is very excited to come back to DHS. Mrs. Bacon has spent the last several years serving in a few different administrative positions and is looking forward to getting back into the classroom.

You may also know that Mr. Tom Hammel left at the end of the 2018-19 school year for a position in Gates-Chili Central School District to be closer to his family. Mr. Hammel's replacement will be Mrs. Danielle Edmunds who lives in Groveland and joins us from Brighton Central School District where she most recently served as an instructional coach for the past three years. She has also served as a middle school English teacher, department leader, and athletic coach during her career. She is very excited to be joining us as our 7-9 Assistant Principal.

Students and families will have an opportunity to meet all of our new staff members at our open house, which will take place on Tuesday, September 3rd from 6:00 pm - 7:30 pm. Like in the past, students will be able to pick up their Chrome-books during open house by visiting their Red day, first period teachers.

On behalf of our teachers and staff at Dansville High School, I would like to thank families for all of your support this year. We are hopeful that all of you will find time to "Sharpen the Saw" and enjoy yourselves with friends and family during the remaining weeks of summer.

Congratulations to the HS Chorus and the Chamber Singers who both won 1st place at the Darien Lake Music Competition.

HS Mixed Choir won with a 98.4 out of 100 and the Chamber Choir won with a 99.2 out of 100.

The Chamber Choir also won grand champion. They had the top score out of bands, choirs and jazz bands.

## DHS Health Fair

DHS students spent a PE class visiting different health providers who were here to discuss the different dimensions of wellness. Students were able to go to each table and learn more about social-emotional wellness, community connections, healthy body image, nutrition, physical fitness, nicotine refusal strategies, mindfulness, and advocacy,

Presenters included: CASA Prevention on what youth can do to bring about a drug-free community; ROcovery Fitness - Physical activity to reduce substance use; Restore - sexual trauma prevention; KMB for answers - eating disorders prevention (healthy body image); LCMHS - suicide prevention, awareness, and advocacy; LCHD - the importance of

nutrition and how to access Foodlink etc; Reality Check - nicotine refusal strategies; youth anti-tobacco campaigns; and yoga - mindful breathing and learning to become centered.

## HOMECOMING 2019

The week of September 30 will be Spirit Week. All homecoming home games will be played on home fields that week. The high school pep rally will be on Friday, October 4, followed by the homecoming parade and the homecoming football game at Ralph Clements Field. The 9-12 grade homecoming dance, sponsored by PTO, will be on Saturday, October 5. The theme of this year's homecoming festivities is "Disney"!

## Certified Babysitters

These fabulous students are now certified babysitters. The training was provided by EPIC and sponsored by PTO with a donation provided by Whitetails Unlimited as well! Way to go!

## HS Welcomes Author

Paul Griffin, author of eight YA books, visited DHS on Thursday, May 16th. Paul led two groups of students through a creative writing activity and met with all 7th and 8th grade students during a formal presentation. His main theme, "Everyone has a story to tell," resonated throughout the three groups of students. He encouraged all of the students to think about their life story, ensuring that it contains noteworthy elements and visual imagery. He tied the importance of one's life story to job applications, scholarships and college admittance.

## High School Students of the Month

The Dansville Central Schools “Rotary Club Student of the Month” has changed a bit from years past. Students are selected based on the Rotary “Four Way Test”:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

By applying the above “Four Way Test” to student nominations, we will be able to acknowledge students who are consistently helping others, volunteering their time, and generally being model students and citizens.

The April, May and June Students of the Month have been named. We are proud to announce the following students as May and June “Rotary Students of the Month”:

### APRIL STUDENTS OF THE MONTH

#### Jacob Failla

**Parents:** Aimee Schwenzer and Anthony Failla

**Activities and Honors:** Activities: Soccer (9th and 10th grade), Basketball (9-12), Baseball (9-12), Yearbook (11-12), Tech Wars (11-12). Honors: Varsity D, Script D, Presidential Award for Excellence and the Sage Award.

**Future Plans:** Attend SUNY Brockport for Physical Education.

#### Hannah Cole

**Parents:** Charles and Laura Cole

**Activities and Honors:** Honor Roll, Honors Academy - Gold Level, National Junior Honor Society, National Honor Society, Nominated for National Academy of Future Physicians and Medical Scientists Award of Excellence (2x), Script D Award with 2 Gold Bars, Clara Barton Award, Lighthouse Club, RIT Bioscience Exploration Summer Program, Health Careers Academy, volunteer at Dansville After School Program, volunteer at Dansville Summer Rec Program, and a volunteer at a nursing home.

**Future Plans:** To attend the Alfred State nursing program to become a Registered Nurse, and eventually further her education to become a nurse practitioner.

### MAY STUDENTS OF THE MONTH

#### Heather Carswell

**Parents:** Edward and Amy Carswell

**Activities and Honors:** National Art Honor Society, Peer Tutoring, ACS Chemistry Award, Script D, Gold Bars.

**Future Plans:** Attend RIT as a psychology major with a goal to work as a criminal profiler.

#### Kirstin George

**Parents:** Karen George and James George

**Activities and Honors:** Class of 2019 Vice President, Script D, Varsity Softball

**Future Plans:** Attend GCC.

# High School Students of the Month (continued)

## JUNE STUDENTS OF THE MONTH

### Trevor Shotwell

**Parents:** Billi Jo and John Shotwell

**Activities and Honors:** Scholastic D, Varsity D, Captain of Football and Baseball teams, and Wegmans Athlete of the Month.

**Future Plans:** Enlist in the Navy and pursue becoming a Navy Seal.

### Josie Swyers

**Parents:** June and Joe Swyers

**Activities:** Volleyball, Golf, Wrestling scorekeeper, Varsity D; National Honors Society, President of FBLA, Executive Editor of Yearbook Club; NYS Junior Dairy Leader and Livingston County Dairy Princess Program.

**Future Plans:** Attend Alfred State to study Agriculture Business.

### Girls On The Run

Thirteen girls from EBH participated in the celebration 5k race at MCC. This was the culmination of an awesome 10 weeks of challenging themselves, learning to work as a team and most importantly developing a strong sense of self confidence. All our girls did great! The runners are: Coralyn Griese, Morgan Ball, Azlyn Berry, Aisha Randall, Patton Peaty, Jaiden Blowers, Ashlyn Schledorn, Ashley Thomas, Cassidy Rider, Samara Wolf, Erin Birmingham, Esther Forrester, Cynthia Forrester. The team was coached by Stacey McDonald, Savannah Tucker, and John Handel.

## Future Authors in the Making

Story and Photos by: Mackensie Brown (grade 11)

Last year's Graphic Communications class designed and wrote books with Mrs. Schwenzer's 4th grade students using a website called Book Creator. This is the first year that the project was tackled, and the outcome was amazing. All the little kids liked working with their big kid, and said they were very helpful writing their books. We hope to do this again next year with Mrs. Schwenzer's class.

The fourth grade students have different hobbies and activities that they enjoy and like writing about. The benefit to this is that they are able to write about what they enjoy. Some kids like to write about sports, animals, mystery, scary books and many other things. Students put their own hard work into every book that they and their big kid had written. Alexis said that she "liked working with Abbie because she helps her with wording her story." The kids said they liked working with their big kids, and were happy they could write about what they wanted. Their big kid helped them by showing them how to use Book Creator and helped with the dialog of their story. The 4th grade teachers and the Graphic Communications class teachers had agreed that this was a fun and interesting thing to do for the 4th graders, and the big kids.

"It is such an amazing opportunity for both groups of kids. The fourth graders get to experience new programs and applications and love working with the high schoolers. The high schoolers get an opportunity to teach programs they have been using to a group of younger students. It presents a great social, academic, and possibly future career experience for both groups of students" says Shelby Young from Mrs. Schwenzer's class. They hoped that this activity would help the big kids open their eyes to different careers, and hoped the younger children would get more creative, and help build relationships. Aimee Schwenzer said, "I hope that both of the groups get to see another avenue to share and be creative. Also, high schoolers get an opportunity to see other career choices that they may not have thought about."

This project has been a success, for all students. The teachers are looking forward to doing the project again next year with their new students! Book creator is an excellent program for all grade levels. We had fun working with the kids, and the kids had fun working with their big kids and working on creating their own book! The students all worked very hard on their books and they all turned out excellent.
