

ESL+ ALTERNATIVE PLAN

At Montverde Academy our aim is to help each student achieve their goals for graduation and beyond. Our ESL Program was designed to help the unique needs of English language learners to become successful learners at the next level.

Sometimes students can't take our ESL courses, which presents challenges for them. We've created ESL+, an alternative plan to help English language learners who can't take ESL classes achieve and succeed!

How does my child qualify for ESL+?

- Student must take the English proficiency exam (SLATE)
- Student must test into the ESL program
- Student must be unable to participate in the ESL program
