

Home School Students

Any home school student whose primary residence (as defined in 16 N.C.A.C. 6E .0207) is in the school system is eligible to participate in high school interscholastic athletics if the student complies with the requirements of this subsection and meets all applicable eligibility standards of law and the State Board of Education as well as any applicable locally established requirements for interscholastic athletics participation.

The student must notify the principal of the high school in writing of the student's intent to try out for an athletic team at least 10 days prior to the first practice date of each sport season in which the student wishes to participate. Failure to comply with this requirement renders the student ineligible for that sport season.

Prior to the first practice date, the student must present a home school card from the Division of Non-Public Education for the current years as well as a transcript that indicates the student is at grade level, an attendance record, and an immunization record demonstrating that the student has received all immunizations that are required for public school attendance at the student's grade and/or age level. The student must also present proof of catastrophic accident insurance coverage unless the student is covered under the board's catastrophic athletic accident insurance policy.
