Dear Mr. Fagg:

On May 28, 2020, we received an email request pursuant to the Freedom of Information Act (FOIA) seeking records from Crystal Lake Elementary District 47 ("District 47"). In your FOIA you requested:

- a copy of information related to student attendance during the current period of remote learning. For this request, please provide a breakdown of attendance rates by school -- by whatever measures your district is tracking engagement -- as well as details of how attendance is being tracked in this period. Please provide information broken down by school in your district from when remote learning began until the most current date available upon production

District 47's attendance procedures were not modified due to the stay-at-home order which was placed upon us on March 20, 2020. District 47 has always assumed a student is present until the legal guardian calls in an absence for the student.

Please find the attached document which provides the breakdown of attendance rates by school from March 20, 2020, until and including the last day of school May 27, 2020. The information provided serves as our fulfillment of the obligation to your request.

If I can be of further assistance, please don't hesitate to contact me.

Sincerely,

Clare F. Bourne
