Attention FOIA Officer:

Typically, we send these FOIAs as one FOIA. We have been requested by several school districts to send a foia for each individual school for better organization. It is the same information we usually ask for but just broken out into a more useable form. We also typically send these in the spring; however, school planning seems to be earlier this year due to lead time in material.

IF You prefer to answer in a single email, please separate each school so it is clear that the school does or does not have any record of planned work.

I thank you in advance for your patience and cooperation in this matter.

Under the Freedom of Information Act I'm requesting information for the new construction, renovation and/or maintenance work planned at **Bernotas Middle School** for the 2022 calendar year which includes the scopes listed below. The information requested can be faxed, emailed, or mailed to the address listed on this request; whichever is more convenient for you.

Educational Excellence for All Students is Our Passion and Commitment.

This FOIA is for private use. If the required 5 day turnaround cannot be met, please contact me with your extension request.
