

#### **Pupil Premium Strategy Statement**

We are all created unique and special.

He made us all perfect having our own uniqueness.

1 Peter 4:10-11 "God has given each of you a gift from his great variety of spiritual gifts. Use them well to serve one another."

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils for 2023-2024

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School overview

## Statement of intent

**Pupil premium strategy statement -** The Pupil Premium Grant is allocated to schools by the government to provide funding for the following policies:

- Raising the attainment of disadvantaged pupils of all abilities to reach their potential;
- Supporting children and young people with parents in the regular armed forces.

Whilst allocated on a per pupil basis, the grant may be spent for the educational benefit of all pupils registered at our school. We recognise that not all children attracting Pupil Premium will need support or are disadvantaged and that not all pupils who are 'disadvantaged' or need support are eligible for pupil premium. The attainment of all pupils, including Pupil Premium children, is measured through half termly pupil progress meetings where there is a focus on individual children to ensure that they are all meeting their targets. Those who are not will receive targeted support. Pupil Premium Funding and the impact of this is a regular item on the agenda at Local Governing Body Meetings.

## **Our School Priorities are:**

Priority 1: Leadership – creating a supportive environment for learning

**Priority 2: Curriculum** 

Priority 3: Mental Health and Well-being – creating a supportive environment for learning

Priority 4: Community and Parental Engagement – creating a supportive environment for learning

To support the continued recovery of any missed learning during Covid, we have allocated funding through the PP grant to support programmes and interventions. Programmes and Intervention sessions will be led by Eton Porny C of E school staff which supports the EEF statement that '**Tuition delivered by qualified teachers is likely to have the highest impact**.'

## Challenges

Challenge number	Detail of challenge
1	Language, communication skills and vocabulary
2	High aspiration, emotional resilience, greater confidence and independence
3	Emotional, social and behavioural difficulties
4	Punctuality and attendance (linked to SEND, medical and unauthorised family holidays)

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

5	Access to extra-curricular activities (e.g educational experiences such as trips and participation in physical activities and a range of enrichment activities)
6	Mental health and well-being of children and families
7	Encouraging sustained engagement of parents to assist and support their children's learning within a calm family environment
8	Sustaining the breadth of provision with trained, skilled staff within the budget
9	Accelerating achievement and progress within the core subjects and phonics with a particular focus on writing and mathematics

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
High aspiration and rates of achievement across EYFS, Key Stage One and Lower Key Stage Two for all children eligible for PP, with particular emphasis on the expected prior attainment group with the aspiration of a higher proportion achieving greater depth by the end of Year 4.	All disadvantaged pupils, regardless of prior attainment, achieve well and make at least as much progress as their similar peers.
Improved parental engagement will support better working partnerships with parents for better academic success and higher aspirations for our pupils.	Parents actively engaged in their children's learning, promoting and encouraging high aspirations shown through parental surveys, engagement in Express Events and topic evenings.
Attendance and punctuality to remain high.	Attendance levels in line or above national
	figures for PP Children.
	Persistent absence to decrease so that PP pupils
	are in line with or better than school and national
	attendance figures.
For disadvantaged pupils' social, emotional and	Pupils have a 'growth mind-set' greater
mental health needs to be met	resilience, independence and confidence to
	engage with learning opportunities that are both
	challenging and engaging regardless of prior
	attainment.
	ELSA pre and post questionnaire show
	improvement in targeted attitudes and
	behaviour.
	Boxall Profile to be completed for all PP children
	to monitor progress.
	Jigsaw REST assessment completed at the beginning and end of the year to show that the PSHE curriculum is effectively meeting pupils' social, emotional and mental health needs.

	Pupils' emotional literacy is developed resulting in greater personal resilience. Pupil voice
Specifically focus on and deliberately target the development, use and broadening of tier 2 vocabularies in particular across all subject area.	Close the vocabulary gap between those who are disadvantaged and those who are not, supporting every individual child to succeed. Pupils make rapid progress by the end of the year so that all children eligible for PP make good progress from starting points, meeting or close to meeting age-related expectations and/or above. This is shown through assessments, lesson observations, book scrutiny and engagement in lessons. Focus on language and vocabulary in Reception so that all children including PP, SEN and EAL are explicitly exposed to vocabulary through Neli whole class intervention.
Provide cultural capital experiences, raising aspirations and new interests.	All disadvantaged pupils are highly engaged in the school experience. They are eager to try new experiences and discover new interests and skills.

## Activity in this academic year

This details how we intend to spend our pupil premium **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

Speech and language therapy sessions	Accelerated progress for children who have been identified as having a specific need.	1,2,3,9
	In addition we have employed The Owl Therapy Centre to work with identified pupils for speech and language.	
	This will better enable us to provide targeted speech and language support for any pupils particularly within the EYFS (Oral Language Interventions EEF).	
NELI Programme	As part of an initiative funded by the Department for Education in response to Covid-19, our school is involved with the Nuffield Early Language Intervention (NELI). The programme is designed for reception pupils and involves providing targeted small group and one-to-one support for children who require additional support with their language and early literacy skills. NELI is a programme for children in Reception (4-5 years) which research has concluded improves children's language and early literacy skills. The programme involves a member of our school staff delivering three small group sessions and two individual sessions each week to a targeted group of around 3-6 pupils for 20 weeks. NELI aims to develop children's vocabulary, listening and narrative skills and in the last 10 weeks also involves activities to develop phonological awareness and early letter- sound knowledge as foundations for learning to read. NELI was developed by Dr Silke Fricke (University of Sheffield), Dr Claudine Bowyer-Crane (NIESR) and Professors Maggie Snowling and Charles Hulme (University of Oxford). They adapted approaches frequently used by speech and language therapists and have developed NELI as a resource for schools to use with pupils in Reception class with weak oral language skills. Our trained staff member will be able to deliver NELI year after year using the same Language Screen account and NELI resources (Nuffield Early Language Intervention) This year we are also investing in whole class Neli intervention so as to promote language and vocabulary to all our Reception class.	1,2,3,8,9
School-led Tutoring	The school-led tutoring grant is to support disadvantaged pupils in catch-up learning. We are providing tuition to pupils eligible for pupil premium but also included in this is pupils with other types of disadvantage or additional needs. This includes children who have a social worker, previously looked-after	2,9

	children, young carers and other vulnerable pupils. However, if we feel that a pupil who does not fall into these categories would benefit from catch-up tutoring, the funding will also be used to support this too <u>(One to One Tuition)</u> .

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

# Budgeted cost: £ 9,400 approx

Activity	Evidence that supports this approach	Challenge number(s) addressed
ELSA 1:1 and small group sessions	Social and emotional support for pupils with emotional needs to enable them to learn and manage their feelings and access class learning. Improve self-esteem, social skills and behaviour of identified pupils leading to increased confidence and attainment in the classroom (EEF Social and Emotional Learning)	2,3,6,8
Time to Talk 1:1and small social group sessions; Drawing & Talking	Provide children with the space and time to talk, including developing their social and emotional skills <u>(Time to Talk Intervention)</u> .	1,2,3,6
Enrichment activities (including school clubs and outside provider clubs)	PP children to have one 'outside agency' club paid for and one in house club free per year. When a child enjoys a club, trip or activity, this can be a hook for them wanting to come to school. It gives pupils the experiences on which they can draw upon and increases their cultural capital. This can help to diminish the difference between disadvantaged and non- disadvantaged pupils. Pupils able to participate fully in school clubs, trips. PP pupils paid for residential PGL visit. Learning is supported by clubs and trips that are carefully planned to enhance the school's curriculum. Pupils enjoy the experience of being at school, talents, skills and efforts in non-academic subjects are celebrated and support the development of self-confidence.	5
