EXPERIENCE

A WORLD OF INSTRUCTIONAL POSSIBILITIES

Whether you are looking for inspiring videos, interactive activities, or complete, ready-to-use lessons, Discovery Education Experience has everything you and your students need to enhance learning.

Discovery Education's flexible K-12 learning platform and its high-quality content, ready-to-use and customizable digital lessons, collaboration tools, and professional development resources give teachers everything they need to facilitate instruction and create a lasting educational impact while moving seamlessly between classroom, remote, and blended learning environments.

What is Experience?

- Over 190,000 K-12 curated and vetted standards aligned resources
- Core curriculum resources for math, science, social studies, ELA, health, and visual and performing arts
- Multimodal content including videos, images, reading passages, audio files, virtual field trips, and interactives
- Includes English Language Learner and Special Education Supports
- Over 1000 grab-and-go lesson activities

How will Experience support learning for my students?

- Assignable digital resources within Discovery Education or your learning management system
- Content creation tools for educators and students
- Access on any device, at any time, from anywhere
- Share resources via Google Classroom, Microsoft Teams, and a wide range of school Learning Management Systems

What is unique to Discovery Education Experience?

• Instructional Resources

- » [Student Learning Activities](#): Inspire curiosity around topics, places, experiences, career opportunities, and more by assigning these self-contained lesson activities for students.
- » [Instructional Inspiration](#): A collection of grab-and-go lesson activities that combine Discovery Education content and SOS Instructional strategies into a flexible format for modification or turnkey assignment.
- » Experience will also provide access to many other enhancements in the new school year. Including

- | | |
|--|---|
| • English Language Learners (ELL) Channel | • New Augmented & Virtual Reality Content |
| • Phenomenal Science Channel | |
| • Student Learning Strategies (SOS) videos | • Enhanced Digital Interactives |
| • Discover at Home Channel | • And much more! |
