

What is the Head Start to Success Program?

Kickoff Event

At this event, students and parents are presented with detailed program information and are able to ask any questions they may have. In addition, our partners in education and sponsors have the floor to present valuable information to our scholars on how they support the program.

Apprenticeship Opportunities

This program has evolved to adapt to the world in which our scholars live in and will be headed into a 21st century workforce. Our goal at ESC Region 19 is that scholars who complete our Head Start to Success Program are well informed on how to succeed in college, and also have the opportunity to embark into an apprenticeship to gain experience in the field they will be pursuing their studies on to make them more marketable and give them a competitive edge.

Award Ceremony

To honor our scholars' hard work, every year we celebrate them with an award ceremony to which scholars and their parents get to attend. At this award ceremony, students receive a participation certificate and stoles. Partners and sponsors are invited and encouraged to attend this rewarding event.
