API PROFILE UPDATE

- With the TEDS 2025.2.0 publication, data element **AdditionalDaysProgramTeacher** (E1673) was removed from the Staff entity and added to the StaffSectionAssociation.
- Previously, AdditionalDaysProgramTeacher was one of the four data elements included in the **API Profiles** – ‘Staff Entity Allow Write Access’ & ‘Staff Entity Restrict Write Access’.
- With the change to TEDS, **only three data elements** are now included in these API Profiles:
 - CreditableYearOfService (E1721)
 - PKTeacherRequirement (E1581)
 - TeacherIncentiveAllotmentDesignation (E1722)

- **November 4, 2024:** Updated the following to include a CSV version:
 - PDM1-111-002 Staff Roster
 - PDM1-111-004 Non-Classroom Responsibility Data
 - PDM1-121-009 Special Education Students

- **Coming Soon:** These reports will be updated to include a CSV version:
 - PDM1-110-007 Payroll Information by Special Populations Program Intent Codes (PIC 21 thru 43)
 - PDM1-120-018 Student Foundation High School Program Graduate Roster
 - PDM1-120-019 Campus ID of Residence Roster
 - PDM1-121-002 Special Education Students by Disability

TEA will continue to add the CSV version to additional reports in future releases.

- **PEIMS Closed Campuses**

- When a campus was active in the prior school year but closed for the current school year, these campuses will not promote to the PEIMS subcategory Education Organization > Campus. That is by design. The student's PriorYearLeaver data will promote as it should.

- **LEA reference versus School reference**

- If the reference is for an **LEA**, the reference must be the **6-digit County District Number (CDN)**.
- If the reference is for a School (campus), the reference must be the **9-digit Campus ID**.

TEXAS EDUCATION DATA STANDARDS

STUDENT ECONOMIC STATUS DETERMINATION

STUDENT ECONOMIC STATUS DETERMINATION

- TEA granted an extension to determine the economic status of each student for the 2024-2025 year **ONLY**.
- There was a change in the Medicaid participant lists because continuous coverage was allowed to expire.
- Local Education Agencies (LEA) need to use a local form, NSLP application, or the form posted on the TEA [State Compensatory Education](#) webpage to help families determine their status.
- [The TAA - Income Eligibility Verification Form Extension](#) was published on October 17, 2024, extended the deadline to January 16, 2025 (PEIMS Fall Resubmission due date).

STUDENT ECONOMIC STATUS DETERMINATION

- Examples of how the additional flexibility looks:
 - LEA efforts could involve calling families and verifying their information over the phone, documenting that conversation, and then having the family complete the form after the snapshot date.

Or

- Economic status can be obtained using a local income survey after October 25, 2024, but the family should specifically use their income as of that date.
- Students must have been enrolled and determined to be eligible on or before October 25, 2024.

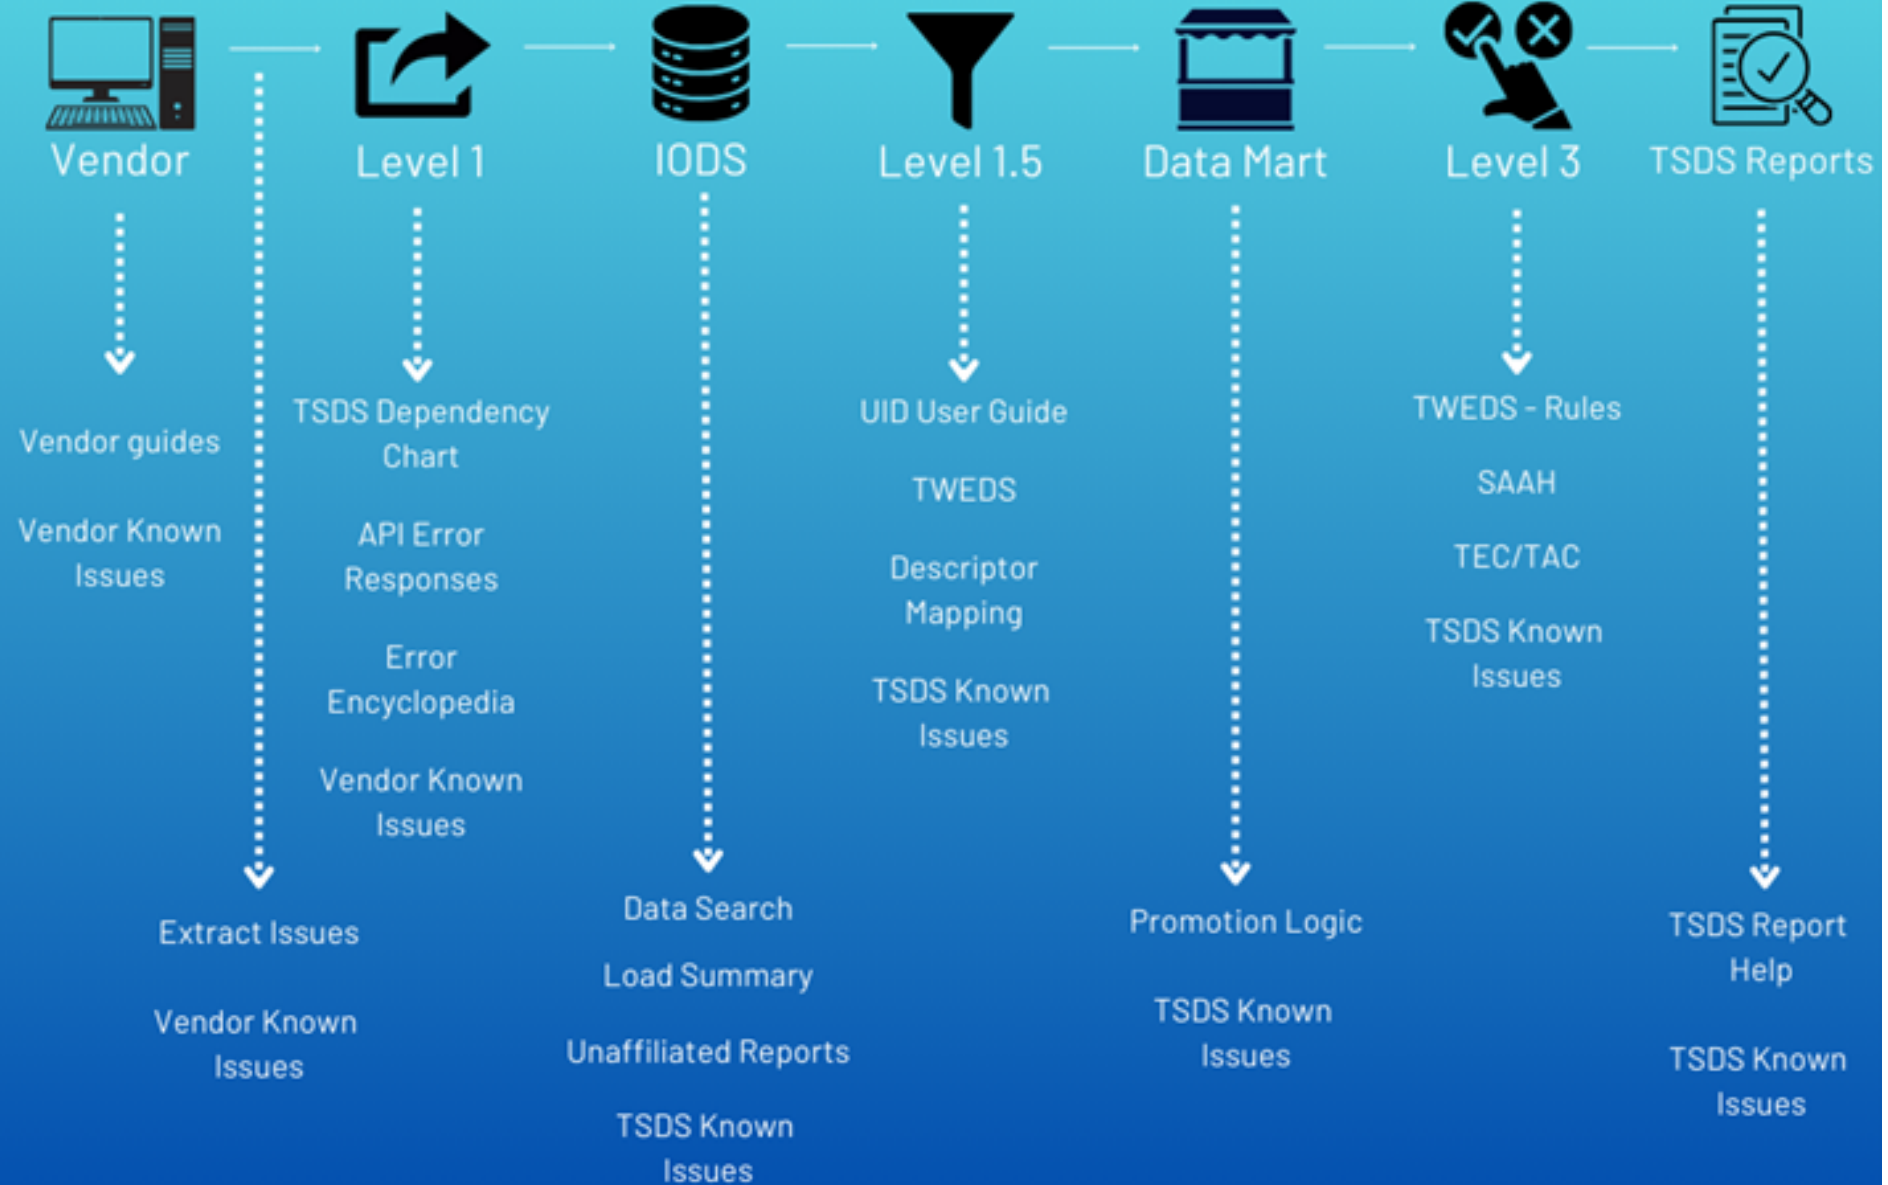

STUDENT ECONOMIC STATUS DETERMINATION TAA

- **If the local education agencies (LEAs) have until January 16, 2025, to obtain income eligibility verification forms and update their students' Economically Disadvantaged indicators, how should the LEA determine eligibility on or before October 25, 2024?**
 - The LEA could request that pay information be provided before or as of October 25, 2024, through the notification to parents when requesting income survey information.

- **Should the LEA backdate any form received between October 25, 2024, and January 16, 2025, to October 25, 2024, so that the student is included in the PEIMS Fall Submission?**
 - The LEA does NOT need to back-date the form to October 25, 2024. A date until January 16, 2025, is allowable. The effective date of the income verification would be as of October 25, 2024 or sooner.

- **What date does the LEA enter in the Student Information System (SIS) if the LEA receives the income documentation after the PEIMS Fall Snapshot Date?**
 - The LEA should communicate to families to use October 25, 2024, as the effective date when completing their income eligibility even after the PEIMS Fall Snapshot date. The student was eligible as of October 25, 2024, even though the documentation was received after that date.
