STUDENT ASSIGNMENT POLICY

CRITERIA FOR STUDENT ASSIGNMENT TO CLASSES AND PROGRAMS

The principal (or principal's designee) will assign students to classes and programs in a manner that will:

1. Take each student's developmental needs into account.
2. Facilitate the Implementation of our School Improvement Plan.
3. Prepare all students to meet the District's college and career readiness criteria.
4. Support the goal of not exceeding the state class size cap except under the following circumstances:
   - Temporary exceptions in order to provide an appropriate assignment to a student newly enrolled in the school.
   - Permanent exceptions made after meeting with all the teachers for the appropriate student level and topics to discuss student needs and possible solutions and after determining that no reasonable alternative will meet the student's needs.

HOMEROOM ASSIGNMENTS

The principal (or principal's designee) will assign students to homeroom or advisory periods, with efforts being made to address unusual physical needs, interpersonal difficulties, or noticeable disproportions by race or gender.

POLICY EVALUATION

We will evaluate the effectiveness of this policy through our School Improvement Planning Process.
