To: Part-time, Seasonal, as needed Substitutes and Temporary Employees of Willis ISD NOT participating in the Teacher Retirement System

From: Willis ISD School Board and Administration

Re: New Social Security Law

On November 5, 1990 the Congress enacted the Omnibus Budget Reconciliation Act of 1990. OBRA '90 contained a provision that became internal Revenue Code Section 3121 (b) (7) (F). This new provision requires all employees of public employees not in Social Security, and not participating in a retirement plan to participate in Social Security or an alternative retirement plan.

On August 8, 1991, the Willis ISD School Board Adopted a Section 457 Deferred Contribution Plan and approved First Financial Capital Corporation as administrator.

Under this plan, the substitute will contribute 7.5% of his or her annual compensation into a group fixed annuity contract. These before-tax contributions will accumulate as tax deferred savings, and re 100% immediately vested in your individual account and available to you at separation from service after one complete calendar year.

## **WILLIS ISD SUBSTITUTE WORK EXPECTATIONS**

### **ALL SUBSTITUTES**

Although the district reasonably expects substitutes to work at least 2-3 days per week, the district does not guarantee that you will receive that every week. The district's need for substitutes varies from week to week. Some weeks, you may not receive any assignments. Similarly, the district understands that some weeks you may not be able to accept assignments due to illness or other personal reasons. You may be removed from the district's substitute roster for poor performance or misconduct. In addition, you may be removed from the substitute roster if:

- you repeatedly turn down assignments or frequently cancel assigned positions
- you do not accept at least 12 assignments per semester
- you do not return a letter of reasonable assurance in a timely manner

Returning substitutes are required to complete the renewal process by signing LORA for the new school year and attending annual Stop the Bleed training. Additionally, substitutes are required to complete Substitute Essentials training via Eduhero and email completion certificate to the district substitute coordinator.

Substitutes who wish to remove themselves from the sub pool, thus separating from the district, must communicate their intent to the district substitute coordinator. Following separation from the district, substitute badge must be promptly turned in to the administration office.

## **Notice to Employees Who Are Retired in the Teacher Retirement System (TRS) of Texas After January 1, 2011**

When you choose to return to work as an employee in the Willis Independent School District, it may affect the status of your annuity with TRS. Willis ISD provides this information for guidance only and any questions should be directed to TRS.

### **Definition of Substitute**

TRS states that a substitute is a person who serves on a temporary basis *in the place of a current employee* and that the substitute's pay does not exceed the rate of pay for substitute work established by the employer. If a TRS retiree is serving in the place of a current employee, the retiree may serve as a substitute for an extended period. There is no limit on the number of days a TRS retiree can serve in that position as a substitute, although disability retirees continue to be limited to 90 days of substitute service without loss of benefits.

### **Definition of Vacancy**

If a retiree is serving in a vacant position (no other person currently holds the position), the retiree is not a "substitute" for TRS return-to-work purposes. Vacancy positions can also include tutoring, testing or extra help. **If the position is vacant, different considerations apply. If a retiree is asked to serve in a vacant position, the retiree cannot be reported to TRS as a substitute. The retiree must be reported either as a one-half time employee or as a full-time employee.**

If a retiree has worked previously in the same school year in a substitute position, the work must be limited to one-half time to avoid loss of any annuity. To be reported as one-half time, the combination of the number of days of substitute service and the number of days of work on a one-half time basis (or VACANCY), in the same calendar month cannot exceed the number of days available that month for work on a one-half time basis. **Work for any part of a day as a substitute or on a half-time basis will count as a full day.**

### **Combined One-Half Time Employment and Substitute Service**

The combination of the number of days of substitute service and days of work on a one-half time basis in the same calendar month cannot exceed the number of days available that month for work on a one-half time basis. **Work for any part of a day as a substitute or on a half-time basis will count as a full day.**

### **One-Half Time Employment Only**

Working one-half time means that the employee does not work more than one-half the time required for the full-time job for that particular month. Any additional duties worked by one-half time employees would be combined with actual time worked and would exceed one-half time. An example would be a 50% employee who also works on tutorials or other extra duties. ***The two combined must not exceed one-half time to avoid loss of any annuity.*** **Work for any part of a day as a substitute or on a half-time basis will count as a full day.**

Because the number of working days in each month is not always the same, the amount of time available to work may vary from month to month. Please check the payroll schedule for the number of working days in each month.

### **Members Should Contact TRS Directly**

Although TRS-covered employers are required to withhold TRS member contributions from compensation paid to TRS-eligible employees and submit the deposits and related reports to TRS, TRS reporting entities are *not* the agents of TRS.

Members should contact TRS toll-free at 1-800-223-8778. Counselors trained to respond to member questions will answer the members' questions or will forward the calls to a specialist for assistance. Calls from the reporting entities are answered by TRS staff trained to respond to questions from such entities regarding employment eligible for membership, reports, and other issues related to the contributions required from the employer. These different perspectives can result in confusion to the member when responses that are tailored to the needs of the reporting entity are shared with an individual member. It is important that TRS receives questions directly from a member to ensure the proper answer is given in each specific case.

**Effective September 1, 2016**, the definition of substitute is changing for employment after retirement purposes in order to *expand* your opportunities to substitute. During the April 2016 TRS Board Meeting, the TRS Board of Trustees adopted a change to TRS Administrative Rule 31.1(b) relating to Definitions.

The current rule allows a retiree to substitute without limit in a position held by a *current* employee – provided the retiree is *only* working as a substitute. The change in the rule will allow retirees to also serve as a substitute in a *vacant position* or *vacant positions*, but for no more than 20 days in each vacant position.

***Note: If you combine substitute work and any other type of work – you are limited to working no more than one-half the work days in that calendar month.***

But there are other requirements that you should know before deciding if you can substitute in a vacant position. This change will not be effective until September 1, 2016. The changes in the definition of a substitute for retirees:

- *allow* a retiree to serve as a substitute not only in the place of a current employee or a position held by more than one current employee but also in a vacant position for no more than 20 days;
- *allow* a retiree to serve in more than one vacant position during a school year for up to 20 days in each position;
- *prohibit* a retiree from serving in a position that was vacated by that retiree, i.e., the retiree cannot substitute in the position the retiree vacated at retirement;
- *do not change* the requirement that all retirees must observe a one full, calendar month break in all service with a TRS-covered employer after retirement;
- *do not change* the effect of revoking retirement by working as a substitute during the required one full, calendar month break in service (whether in the place of a current employee or if the position is vacant);
- *do not change* the requirement that a retiree who retired after January 1, 2011 must have a 12 full, consecutive calendar month break in service from all TRS-covered employers before working full-time (retirees may work as substitutes or as much as one-half time without having a 12 month break in service); and
- *do not change* the effect of interrupting the 12 month break in service by working as a substitute, whether the position is held by a current employee or is vacant, and requiring the retiree to begin a new 12 full, consecutive calendar month break in service before full-time employment.

## **DISTRICT HEALTH / SAFETY POLICY**

### **FOR YOUR PROTECTION – HEALTH – AND HAPPINESS**

IT IS THE POLICY OF WISD TO EXTEND EVERY REASONABLE PRECAUTION FOR THE HEALTH AND SAFETY OF EACH OF OUR SUBSTITUTES.

TO ACCOMPLISH THIS:

WHILE ON THE JOB, EXECUTE EVERY TASK IN A SAFE MANNER. IF FOR ANY REASON YOU ARE UNABLE TO PERFORM YOUR TASK SAFELY, BEFORE PROCEEDING **NOTIFY YOUR SUPERVISOR.**

### **WORKERS' COMPENSATION**

(Our Workers' Comp. Carrier is TASB Risk Management Fund)

**Reporting Accidents:** Substitutes must report all accidents to their Supervisor **immediately**. Failure to report an accident could result in TASB's rejection of the claim.

**Medical Treatment For Work Related Injuries:** After reporting the accident to their supervisor, if a substitute requires medical treatment for a work related injury, they may see the doctor of their choice. When making the appointment advise the doctor that it is a work related injury and **do not use** your Personal Health Insurance Plan.

**Lost Time due to Work Related Injuries:** When a physician takes a substitute off work, the substitute must provide written notification to the Human Resources Department from the physician regarding their work status.

**Returning to Substituting after Recovering from a Work Related Injury:** The substitute must provide the district with a doctor's release before being allowed to return to substituting.

**Workers' Compensation Claim Investigations:** If the above procedures are not followed, and/or the doctor does not substantiate the conditions hindering the substitute from performing their duties, it could result in an investigation and rejection of the claim by TASB Risk Management Fund.

## PROFESSIONAL ATTITUDE

The Substitute has a professional obligation even though he/she is not a regular teacher. Extreme caution should be used in expressing personal reactions and derogatory opinions about activities in the classrooms of various schools. If there is a problem, practice, or a policy of the school with which you disagree or a suggestion you wish to make, the principal of the school is the person to whom comments should be directed. The principal is the person to take proper actions to solve problems or explain fully all the details of whatever is questioned. **An individual child's educational progress is the confidential information of the staff of the school, just as is in medical case with a doctor. It is not to be discussed outside the school.**

## PROFESSIONAL ETHICS

The Substitute has a professional obligation even though he/she is not a regular teacher. Keeping this in mind the following should be observed:

1. The substitute teacher should use extra caution in expressing personal opinions and reactions about any subject.
2. Under no circumstances should a substitute teacher criticize a regular classroom teacher, an administrator, or a student in the presence of other teachers or students.
3. A substitute teacher should observe the same rule of confidentiality that professional school district personnel must observe. **DO NOT DISCUSS A STUDENT'S CONDUCT, GRADES, OR ABILITIES WITH ANYONE OUTSIDE THE SCHOOL DISTRICT OR WITH UNAUTHORIZED PERSONNEL IN THE SCHOOL DISTRICT.**
4. The substitute teachers must avoid comparing the children in one neighborhood with those in another neighborhood.
5. **The substitute teacher should dress appropriately for the assignment. Students do notice what any teacher or authority figure wears to school. How you dress does affect the level of respect which students will give the "teacher".**

## SUBSTITUTE GUIDELINES

ALWAYS clock in, sign in and make contact with campus sub coordinator.

1. The substitute teacher is expected to be on duty the entire day and to perform the duties, both curricular and extracurricular, of the regular classroom teacher who they are replacing for that day. The Substitute Aide is expected to be on duty for the entire day, also. This individual is expected to perform a variety of duties, as assigned by the appropriate authority figure(s). These assignments may vary from classroom to classroom and campus to campus. **STUDENTS MUST NEVER BE LEFT UNSUPERVISED.** The substitute teacher or aide must not leave the building during the day without permission from the principal.
2. The substitute teacher should endeavor to preserve the regular routine of the class and to perform all the duties assigned the regular classroom teacher. He/she should follow the plans left by the regular teacher, unless otherwise instructed by the principal. The substitute teacher and/or aide should not feel that he/she is merely “babysitting” or holding things together when the regular classroom teacher is not present. He/she is temporarily responsible for the safety and education of each child in the classroom.
3. The substitute teacher and substitute aide should not receive money from children unless instructed to do so. If money is collected, he/she should deposit it with the appropriate main office personnel at the first available opportunity. **DO NOT LEAVE MONEY UNATTENDED IN THE CLASSROOM!** Substitute teachers or aides should not lend students money for any purpose. If a substitute teacher or aide has occasion to take up an item of value from any student, he/she is responsible for the article until it is returned to the student or turned in to the appropriate main office personnel. These items should also be labeled clearly with the student’s name.
4. The substitute teacher should prepare and leave a short summary of the day’s activities for the regular classroom teacher.
5. Under no circumstances should a substitute teacher or aide take a book to read or a craft to work on while on duty. Students need the full attention of the “teacher”.
6. The substitute teacher or aide is expected to follow provided parking guidelines per the campus.
7. Proper daily attendance **MUST** be taken according to the individual school district policy, online via TEAMS. A separate list of student absences should be left for the regular classroom teacher.
8. The substitute teacher or aide should call for immediate assistance in case of any medical emergency. NOTE: Prescribed and non-prescribed medication must be administered by the school nurse or authorized school personnel **ONLY**. **TEACHERS OR SUBSTITUTE TEACHERS ARE NOT AUTHORIZED TO GIVE ANY MEDICATION TO STUDENTS!**
9. **ALWAYS FOLLOW THE LESSON PLAN LEFT BY THE TEACHER.**
10. **Sensitive topics such as sex shall NEVER be discussed with the students: Direct them to ask questions to their parents, school nurse, school counselor or church minister.**

- 11.** Willis ISD Photo ID Badges must be worn at all times while on campus. If you lose your badge contact the HR department for a replacement. There is a four-dollar replacement fee.
- 12.** An employee of the district, including substitutes, must notify the Human Resources department within three calendar days of any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of any felony and any of the other offenses listed below:
- Crimes involving school property or funds
  - Crimes involving attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit that would entitle any person to hold or obtain a position as an educator.
  - Crimes that occur wholly or in part on school property or at a school-sponsored activity.
  - Crimes involving moral turpitude
    - ❖ Dishonesty
    - ❖ Fraud
    - ❖ Deceit
    - ❖ Theft
    - ❖ Misrepresentation
    - ❖ Deliberate violence
    - ❖ Base, vile or depraved acts that are intended to arouse or gratify the sexual desire of the actor
    - ❖ Crimes involving any felony possession or conspiracy to possess, or any misdemeanor or felony transfer, sale, distribution, or conspiracy to transfer, sell or distribute any controlled substance
    - ❖ Felonies involving driving while intoxicated (DWI) or driving under the influence (DUI) of drugs or alcohol.
    - ❖ Acts constituting abuse or neglect under the Texas Family Code

## **CLASSROOM MANAGEMENT /DISCIPLINE**

1. The substitute teacher or aide must **NEVER** administer corporal punishment to any student. You must never put your hands on any student.
2. The substitute teacher and/or aide are expected to maintain a level of discipline in the classroom which is conducive to good learning.
3. Confrontations: When a student or group of students misbehaves, you should remember that your objective is to calm the students and get them back on task. Verbally respond to the student's argument with a statement beginning with the phrase "I understand, however..." This phrase defuses almost every agreement a student will try with you. The most important non-verbal messages you can convey is "I am calm, confident, and in control."
4. Set the limits: Practice this sequence when you must deal with a disruptive student who is testing your ability to control the classroom:
  - Stand and look at the disruptor; hold their gaze.
  - Move within about three feet from the student, face him or her and quietly call the student by name.
  - Maintain unwavering eye contact. Wait.
  - Take relaxing breaths and keep your body relaxed.
  - Keep a calm facial expression (no emotion).
  - Call student by name quietly again, wait.
  - Lean toward the student and give verbal direction, do not tell the disruptor what to stop doing, but tell him or her what to do. Stay there until the student follows the directions.
  - Thank the student when he or she complies, thank the other students for waiting and return to teaching
  - If disruptive behavior continues, contact the office or the assistant principal for help.
5. Firm, fair treatment of all pupils, combined with explicit explanation and direction will preclude many disciplinary problems.
6. Posted in all elementary classrooms are the classroom rules to be followed by all students. The substitute teacher should reinforce the classroom discipline established by the regular classroom teacher.
7. THE KEY TO ASSERTIVE DISCIPLINE IS CATCHING STUDENTS BEING GOOD AND LETTING THEM KNOW THAT YOU LIKE IT.

### **WHAT DOES A WELL-MANAGED CLASSROOM LOOK LIKE?**

A well-managed classroom should:

1. involve high levels of student engagement in instructional activities
2. let students know what is expected
3. be generally successful
4. have relatively little wasted time, confusion, or disruption
5. reflect a climate that is work-oriented, but relaxed and pleasant

An effective classroom teacher:

1. plans classroom procedures and rules carefully and in detail
2. systemically teaches students procedures and expected behavior
3. monitors all students' work and behavior closely
4. deals with inappropriate behavior quickly and consistently
5. organizes instruction to maximize student task engagement and success
6. communicates directions and expectations clearly

## FOR SUCCESSFUL CLASSROOM MANAGEMENT

1. Students should never arrive in the room ahead of you. You should be there to greet them when they arrive. Be punctual in every capacity (arriving to and from lunch and conference periods, checking attendance, etc.) Receive and dismiss students in an orderly fashion.
2. Start the day out quickly, firmly and concisely. Be pleasant. Appear confident. Let the students know “anything doesn’t go”. The Substitute’s first words and actions usually go a long way to set the day’s discipline. You must command respect with your actions.
3. Get the students busy at the beginning of the day. **KEEP THEM BUSY!!!**
4. Problems might be eliminated if questions are phrased so only one student will answer or so children will raise their hands. For example:
  - a. “Raise your hand if you can tell me.....?”
  - b. “Raise your hand if you know .....?”
5. Students are likely to say: “This is not the way our teacher does it.” Tell them at the beginning, “Don’t worry if I don’t do things exactly the way your teacher does. There is usually more than one good way, and a change can be fun for you,” However, children often feel more secure when they follow an established routine, so try to hold to the time schedule and other “anchor” routines.
6. Compliment things in the room (if applicable) and inquire about the things around the room, especially if they look like student projects.
7. Put conversations and discussions on the students’ level, but do not talk “down” to them.
8. Don’t answer personal questions. Keep students on task.
9. With any group, an effective teacher will be pleasant and show enthusiasm.
10. Know the students’ names. Pick out the “disruptive child” and have them help you –even the smallest task can put them on your side.
11. Remain calm and relaxed. Don’t “lose your cool.”
12. An important tip for working with students is never get into an argument – you will lose. When dealing with disruption, realize that the only person you can actually control in a classroom is yourself.
13. Solve problems “on the spot”, but don’t degrade any student in front of the others. Deal with the individual student, not the group, when corrections are necessary. Be sure to have all the facts. Listen to both sides of the story. Focus attention on the problem. Give the student the benefit of the doubt. **BE FIRM, BUT KIND!!!**
14. Never humiliate or embarrass a child in front of peers. The student should be removed from the group until the substitute has the opportunity to speak with the student. Reprimands should be private whenever possible.

15. Maintain established routines as much as possible. Do not rearrange classrooms.
16. BE POSITIVE!!! Try and see that every student has some success or praise each day. Just a pleasant word or an appreciative smile works wonders.
17. Cell phones should be switched off during assignments.
18. Protect and safeguard all equipment, school property or personal items. Do not allow students to use or have access to items not specified in the lesson plans.
19. Stand at the door during every class change, observing both the hallway and the classroom.
20. Check the room when first entering, after every class change, and before leaving. The room should be left neat, clean, and orderly.
21. Practice good energy conservation. Turn out lights and turn off all electrical equipment before leaving the room at any time.
22. The teachers grade book, lesson plan book, seating charts, textbook records, and attendance roll sheets are all very valuable documents. Know where they are at all times and protect them.
23. Use discretion and caution in issuing restroom passes and hall passes or passes to the office.
24. Report any unusual happenings to the principal or front office immediately.
25. Recess periods require alert supervision. They are not social periods. Move among the children in your charge. You can not supervise from one spot.
26. No food or drinks shall be allowed in the classroom.

## What is Section 504?

- Section 504 of the 1973 Rehabilitation Act was the first national civil rights legislation that provided equal access for students with disabilities
- This legislation guarantees anti-discrimination protection for persons identified as having a disability.
- The entire purpose of Section 504 is that it prohibits discrimination on the basis of disability in programs or activities that receive Federal financial assistance from the US Department of Education.
- Eligibility for Section 504 includes any person who has a physical or mental impairment which substantially limits one or more major life activities.

## What is my responsibility?

- Educators and substitutes are required by Federal law to follow a student's Section 504 Plan.
- **We must provide all listed accommodations.**
- The classroom teacher should provide substitute teachers with a list of students on a Section 504 Plan and those students' accommodations.
- Substitute teachers will document offered accommodations and whether the student used them or not.

## Questions?

- First, please read all information provided to you by the classroom teacher.
- If you still have questions, try reaching out to a neighboring teacher.
- If you aren't able to find one or have further questions, please contact the Section 504 Building Coordinator, Campus Assistant Principal, or Campus Principal.

**Thank you! We appreciate you!**

## THE STRATEGIC SIX

### **“I CAN” Statements**

- Content objectives condensed to essential learning written in student-friendly language.
- Specific to the daily lesson and measured at the end of the lesson.

### **The Learning Space**

- Teaching and monitoring in close proximity to a student, a small group of students, or the entire classroom of students.
- The teacher is “where the learning is taking place” or “in the middle of the action”.  
The learning space allows for more frequent eye contact, smiles, encouragement, and teacher-student interaction

### **Engagement through Meaningful Conversations**

- Student-to student probing and questioning appropriate to the discipline; evidence of appropriate knowledge to develop ideas.
- The teacher stops talking and students start talking.  
Discussion of an idea: Argumentation of an idea

### **Affirmations and Reinforcements**

- Simple, direct, genuine, and varied praise that connects success to effort and specifies the particulars of the accomplishment.
- The teacher acknowledging and reinforcing student effort and accomplishment of skills.

### **Reflections through Focused Writing**

- The process of putting thoughts into a written form helps students make connections, reflect on their learning, and commit new learning to memory.
- A variety of writing products which can be used to informally evaluate student success.

### **Responsive Interventions**

- Checking for understanding and giving descriptive feedback throughout the lesson.
- Responding to students with re-teaching and enrichment.

## **Dress Code Standards for Professional; Paraprofessional Employees and Substitutes**

### **General Considerations**

As an employee of Willis ISD, you represent our district to all our students, parents, community members, other visitors, and your co-workers. As an organization, we seek to communicate an image of public education professionalism to all we come in contact with every day. Therefore, your appearance and demeanor should reflect this objective at all times. Because we recognize the standards that govern acceptable professional education attire have changed over the past several years, we have created this dress code policy to assist you in your selection of appropriate apparel for your position and daily responsibilities. It is recognized that certain positions within the district require a more professional manner of dress, while other positions may be permitted to wear more relaxed attire. Auxiliary employees should follow dress and grooming guidelines set forth in the auxiliary employee handbook.

### **Basic Guidelines**

All employees are expected to dress according to the Dress Code Policy during the normal workday, special events, and staff development.

Principals have the authority to direct dress code on campus workdays and under other extenuating circumstances.

Clothes should be proper fitting and in good condition. Clothes should be clean and neat. Clothing that reveals too much cleavage, back, chest, stomach or undergarments are not appropriate. Offensive tattoos should be covered.

Designated Fridays can be declared school spirit days. For these days only, jeans, *campus-approved* school spirit or related shirts *including t-shirts*, and tennis shoes may be worn.

Regulations regarding footwear may be waived depending on medical conditions if supported by a physician's recommendation.

School nurses may wear scrubs and tennis shoes.

All employees must visibly wear ID badges at all times.

Your cooperation with these policies will provide all of us an opportunity to work in a comfortable, professional environment. No dress code can cover all contingencies so employees must exert a certain amount of judgment in their choice of clothing to wear to work. If you experience uncertainty about acceptable attire for work, please ask your campus principal or immediate supervisor.

"Bullying":

Means a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that satisfies the applicability requirements below and that:

Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;

Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;

Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or

Infringes on the rights of the victim at school; and

"Harassment" means threatening to cause harm or bodily injury to another student, engaging in sexually intimidating conduct, causing physical damage to the property of another student, subjecting another student to physical confinement or restraint, or maliciously taking any action that substantially harms another student's physical or emotional health or safety.

Campus administrators are the **only** point of contact between parents of students allegedly engaging in this conduct and alleged recipient. Substitutes should inform the administrators immediately if concerned about a behavior.

**Substitutes should refrain from using the terms associated with the prohibited conduct (bullying, harassment, victim, etc.) when discussing student-on-student conduct, as the administrators investigating the allegations are the only persons qualified to classify conduct as prohibited bullying/harassment.**
