

Manchester Local Schools
Classroom Teacher Substitute Information

Manchester Local Schools is looking for good people who want to have a positive impact on young people through taking an active role in the educational process. Due to some changes in ORC we're able to employ substitute teachers who may not have a bachelor's degree. We're looking for people who have life experiences that have provided them with the resources they need to manage a classroom as a substitute teacher. At Manchester we have a great tradition of providing the very best educational environment for our students. We look to build on this by partnering with our community to provide the best possible substitute teachers in our buildings.

Our daily rate for substitute teachers is \$110.00 per day. You can visit the site below for more information on Ohio substitute teaching requirements.
